Inheritance taxes help lower levy

The Richardson County Commissioners, meeting in regular session Tuesday, Sept. 25, adopted a resolution to set the county tax levy for the 2012 tax year at .389684.

Included in the resolution was the following: “If it were not for the use of inheritance tax dollars, the county rate would be increased to .413194 in order to maintain the current level of services that are both mandated under state law and that our county taxpayers deserve and expect.”

Action on the levy was preceded by a public hearing at which no one spoke.

Attending the session were Commissioner Chairman Dave Sickel and Vice Chairman Bill Ely. Jim Davidson was unable to attend.

During the meeting, a letter was drafted and signed by board members and sent to Congressman Jeff Fortenberry regarding the extension of the wind energy production tax credit. A letter was also submitted to the Nebraska State Auditor responding to the findings of the fiscal year end, June 30, 2012, draft audit report as prepared by the Nebraska State Auditor.

In other developments, the Commissioners:

—Met with EMA Director Jim Gerweck, who reported that the documents for the grant funding through the Emergency Management Program Grant, EMPG, had not yet been received from the State of Nebraska Emergency Management Agency. Gerweck reviewed with the board a report and listing of the items that are ongoing within the Richardson County EMA. The EMA Director requested an executive session, which was postponed until this week when Commissioner Davidson would be in attendance.

—Were presented an update from Sandy Morrissey of Region V on Region V Systems activity with the Youth Prevention Coalition, which receives Federal Block Grant funding.

—Met with Highway Supt. Scott Huppert. The board moved to approve the annual report to be submitted to the Nebraska Board of Classifications and Standards.

—Voted to enter into agreement with Great Plains Communications for the use of county road right-of-way in Franklin, Humboldt and Speiser Townships, and approved the August 2012 Richardson County Transit report as submitted by SENCA.

FC Sacred Heart recycling effort

FC Sacred Heart School is collecting and recycling undamaged empty inkjet and laser printer cartridges and personal electronics, including cell phones, MP3 players, GPS devices and digital cameras.

Collection boxes have been set up in the school hallways or items may be sent to school with a student.

The school welcomes the public to help with its recycling program. Area residents are encouraged to send their items to school by Oct. 24 and then continue helping to recycle year-round. The idea is to turn “trash” into “cash” and make every day Earth Day.

After some 89 years, switchboard goes silent

By Scott Schock

Mitch Glaeser, owner of the Grand Weaver Hotel, was looking for a rather lengthy guarantee but just couldn't arrange one. The number he had in mind was 89 years.

That's how long the hotel's switchboard, located at the first floor front desk, had been in service. And it still worked, as guests called the desk with requests for information or service or to place an outgoing call. Imagine the number of calls that had gone through that switchboard in almost nine decades.

But the first floor lobby area is in its final stages in the remodeling and refurbishing process. The new, attractive and expanded front desk has been moved to the southeast lobby area. The switchboard

that had served for so long had to go.

Southeast Nebraska Communications was not confident that the old system could be moved and still work. So a new system had to be installed. It came with a warranty, but not one that was a year short of 90. “We called the manufacturer of the new phone system and asked if we could get an 89-year guarantee,” Glaeser said. “We are still waiting for a call back.”

Glaeser said the “retired” switchboard will be displayed on the first floor for guests to see.

Not all has changed, though. Of the rooms and suites in the hotel include the original phones from 1923. They are a very real part of the hotel, it's history and ambiance. They work like a charm.

First National Bank & Trust President Merle Veigel, right, presents a \$5,000 check to FC Chamber of Commerce Executive Director Eric Barr for the purchase of an ornamental light post to be located at the intersection of 17th and Stone Streets. Donations are being sought for the light posts, as well as for benches to be installed downtown for the streetscape revitalization.

The intersection of 17th and Stone will be completely closed to traffic beginning today due to work on the Main Street reconstruction project. The intersection should be reopened by the end of the week. The First Phase of the project is expected to be completed by the end of October. Officials are encouraging people to continue shopping downtown, as businesses remain open during the construction. Parking is available in the lot behind Brown's Shoe Fit and the west end of the SE Nebraska Communications parking lot at 18th and Chase Streets. The First United Methodist Church at 17th and Harlan Streets is also allowing people to park in its lot on a short-term basis.

Four members of the “moocher” class gathered in Lincoln last weekend in what has become an annual invasion at the home of Butch and Dobey Haws. We ate their food, drank their coffee, watched their TV, and slept in our designated bedrooms. On Saturday morning, we climbed into their car and were chauffeured to downtown Lincoln with tickets to the Nebraska-Wisconsin game tucked in our back pockets. Of course Mr. and Mrs. Haws arranged for those tickets, too, although they were reimbursed. But the foursome can never repay them for their hospitality.

Ron Stone, who lives in the Kansas City area, Bob Mullins of Omaha, John Weaver of Santa Barbara, and yours truly have been invited to the Haws Hacienda every year for the past several years. The idea is to hold a sort of mini-reunion in association with Husker football. With the exception of Butch, who’s way, way older, we’re all members of the Falls City High School Class of 1966. This year we departed a bit from the normal schedule in that Dobey suggested we meet Friday night in Syracuse to watch our alma mater take on the Rockets in football. All but Ron, the most ardent high school football fan in the bunch, were in the stands as the Tigers manhandled Syracuse. Ron had work responsibilities that prevented his attendance Friday night. But that’s all he missed.

Butch and Dobey’s Saturday morning routine is to arrive at Misty’s (downtown) early enough that a couple of tables can be put together for friends who stop by. Many are season ticket holders who rarely, if ever, miss a game. Some are from Falls City, others from Lincoln and other parts of the state. Occasionally, fans that now live out-of-state drop in. It’s great fun, although for those who are hearing challenged (like me), as Misty’s begins to fill and the sound level rises, the “huh’s” and “pardon me’s” escalate. John, Bob, Ron and I, being guys who are constantly on the go, take a walk around campus after lunch. Last year, we ran into (not literally) a Man Named Suh. No such luck this time, but we did get a close-up look at the new East Stadium expansion project that towers above the North, South and West Stadium sections. I’m thinking about leasing one of the skyboxes that will be included in the expansion. Provided I win the Lottery or find oil in my backyard. After our walk (I noticed we seemed to walk slower this year), we returned to Misty’s to watch other games and speculate upon what we about to witness in person. At about 5:15, we headed for the stadium and were among the early arrivals.

We speculated that the Huskers just might wear their traditional uniforms for warm-up, then switch to the alternative all red and black for the game. That wasn’t really feasible, of course. Guess I’m a traditionalist, but I much prefer our regular look. And the names on the alternatives are hard to see, especially for 64-year-old eyes. But the players like them and we presumed the squadron of recruiting targets who attended did, too. Speaking of recruits, if last weekend and Saturday night’s game didn’t impress them, nothing will. The weather was spectacular and the game was dramatic. Last year, we attended the Ohio State game and it kind of off-and-on drizzled. This year, it was clear, calm and warm enough to be in shirtsleeves. After stumbling around for 2+ quarters, NU finally got it’s act together and dominated in the second half. The result was reminiscent of that Buckeye game in 2011, when we witnessed the biggest comeback in Husker history.

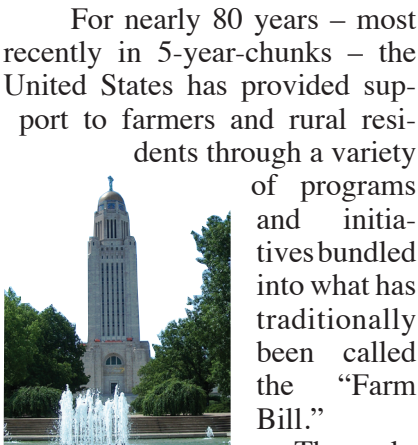

Dobey recorded the game, so when we returned to their house we watched part of it (concentrating on the second half when NU rallied). The hour was late – way past our normal hours of consciousness – and two of our group nodded off. Just too much excitement, I guess. All tucked out! I suspect all of us took naps at some point Sunday afternoon.

On a totally different subject: I received an unsigned Sez I last week in opposition to the CGB project. The writer, a Richardson County resident, pointed to a CGB-generated “article” we recently published. Actually, that was not an article. It was a paid ad. If the writer wants the Sez I published, he or she will have to sign it. We simply cannot run an unsigned letter. The letter could also be published as an ad. The Journal is not attempting to manipulate coverage one way or the other.

Nebraska congressmen caught in Farm Bill limbo

Capitol View
By J.L. Schmidt
Statehouse Correspondent
Nebraska Press Association

For nearly 80 years – most recently in 5-year-chunks – the United States has provided support to farmers and rural residents through a variety of programs and initiatives bundled into what has traditionally been called the “Farm Bill.” The package, which sets national policy in agriculture, nutrition, conservation and forestry, was last passed in 2008 and was to have been passed by the Congress, which just left Washington for its “Presidential Break.”

Several agricultural groups have voiced their displeasure with Congress for its inability to overcome partisan deadlock and pass the bill, which cleared the House Agriculture Committee on a 35-11 vote in July. House Speaker John Boehner, R-OH, confirms that the bill will not be dealt with until after the election. Farm groups and some members of Congress say the measure is too important to leave to a lame duck Congress. John Crabtree of the Center for Rural Affairs says expiration of the Farm Bill on September 30 won’t be the end of the world, but it will make it much more difficult to restart many of the programs that are crucial to rural areas. Among those is the Rural Micro Entrepreneur Assistance Program, which provides loans, and technical assistance for rural small business development.

Experts say most of the farm and nutrition programs (including food stamps) covered by the bill won’t be affected until January 1, 2013. Others are concerned that this particular version of the Farm Bill (The Agriculture Reform, Food and Jobs Act of 2012 [S. 3240]) represents the most significant reforms in agricultural policy in decades. The bill ends direct payments, streamlines and consolidates programs and reduces the budget deficit by \$23 billion.

The Economic Research Service of the U.S. Department of Agriculture said the agriculture sector has experienced unprecedented strength and growth with

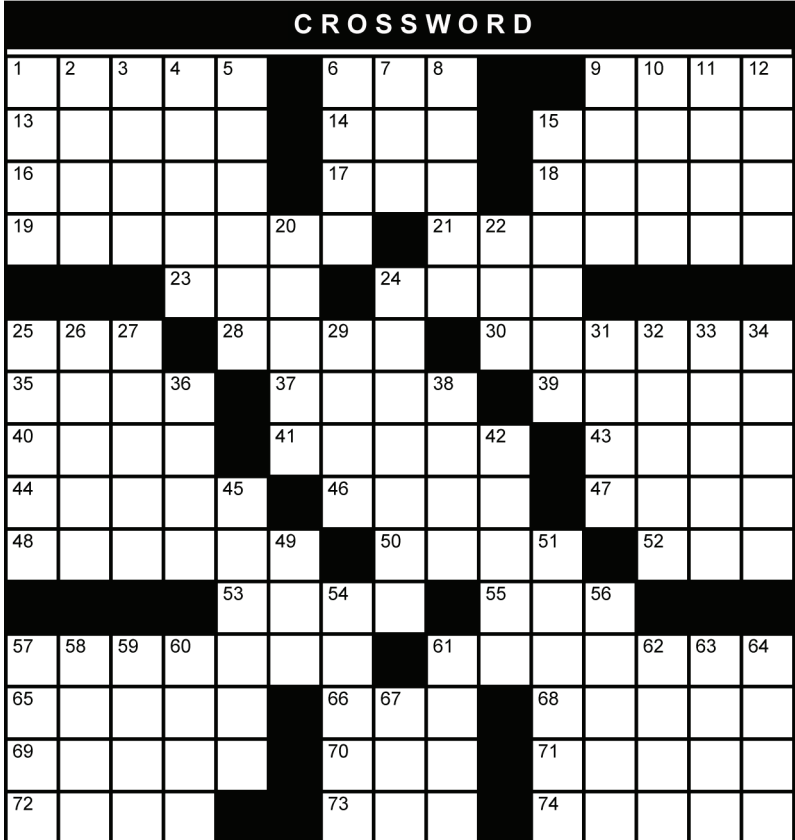

a record net farm income in 2011 and 2012 exceeding \$90 billion each year. In addition, USDA says that in three decades the five years of highest earnings for farmers have occurred since 2004. Two of Nebraska’s three Congressional Districts represent the majority of the state’s farmers. Even though both representatives are Republicans, they are being painted almost as polar opposites on the issue. First District Rep. Jeff Fortenberry of Lincoln is among a handful of Republicans who have signed a “discharge petition” to push for action, sooner than later. Rep. Adrian Smith of Ger-

ing, who represents Nebraska’s sprawling Third District, said he is frustrated and disappointed with the lack of agreement on the measure but feels major reforms need to be ironed out and can be without a major lapse in policy. Most of the programs authorized by the Farm Bill have been funded through next March by a House-passed Continuing Resolution that includes crop insurance and commodity programs, which are tabbed to cover the 2012 harvest. Smith and Fortenberry agree on one thing. In the midst of a heated national election, politics has hijacked the Farm Bill.

The Fort Report

The future of the Farm Bill

By Congressman Jeff Fortenberry

This summer I sat down with a farmer on the front porch of his farmhouse in the heart of Nebraska’s cattle country. This farmer has seen it all. We talked about the current drought and those of the past, cattle prices, input costs, biofuels, and all the complex things that make up modern agriculture. Overlooking cornfields and blue sky, our discussion was far removed from the halls of Congress, but we in Nebraska understand the importance of agriculture – one of our economy’s few bright spots - to our nation’s well-being.

Last week, Congress left Washington without reauthorizing a new “Farm Bill,” the overarching policy that directs the administration of our nation’s farm, conservation, and nutrition programs. Enacted in 2008, the current Farm Bill expires this Sunday (farm legislation typically spans over a five-year period).

The U.S. Senate passed its version of new farm policy back in June. The House Agriculture Committee, on which I serve, advanced its own Farm Bill proposal in July. Though the bill wasn’t perfect, I supported it as an opportunity to chart a new way forward for America's farmers and ranchers while still respecting the federal government's severe budgetary

constraints. I was hopeful our proposal would receive a vote before the entire House of Representatives so we could move forward in sending a five-year Farm Bill to the President. Unfortunately, a House vote did not take place and Congress left town with the current Farm Bill set to expire.

Many Nebraskans are now asking about the consequences of this inaction and what it means for farmers and rural communities. You may have heard that if we do not enact new farm policy by the end of this year, the United States will revert back to “Permanent Law,” which is the 1938 and 1949 statutes—clearly written for another era. The most immediate impacts would be on dairy and certain conservation management programs, which are based on the calendar year. Commodity programs are covered under the expiring Farm Bill until the next harvest. The next winter wheat crop will be the first affected. Current Conservation Reserve Program (CRP) contracts will not be affected, nor will crop insurance

coverage for farmers.

Although the current uncertainty about the bill is not preferable for planning purposes, Congress has a few more months to pass a new Farm Bill. Clearly, it is better to act on a five-year bill. Congress may also choose to extend the current Farm Bill, but then the reforms and budget savings achieved in the new proposal will be lost.

Agriculture is critical to America's economic security, energy security, and national security. Farm policy goes beyond farms, farmers, and rural America – it benefits all of America. We have the lowest food prices in the world, we export and provide food to others, we create clean energy from homegrown sources, and we encourage environmentally responsible management practices that protect and conserve natural resources. A reasonable long-term Farm Bill plays an important role in these efforts, helping farmers manage risks, plan for productive harvests, and uphold the strong outcomes and traditions of the American agriculture community.

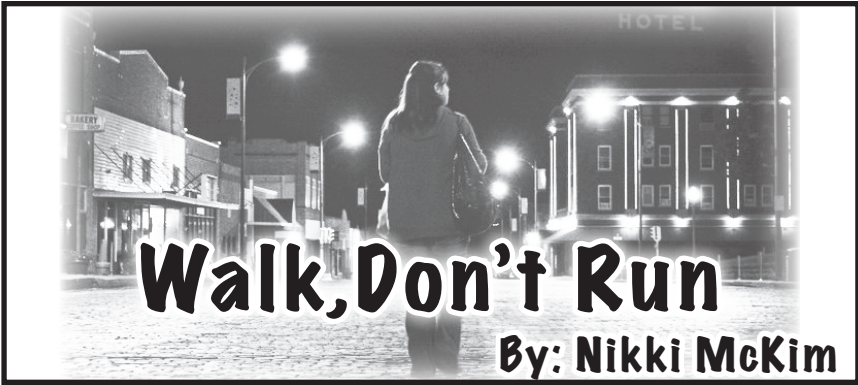

NDEQ awards to Nemaha NRD

Nebraska Dept. of Environmental Quality Director Mike Linder announced the awarding of \$1,692,426 in grants for waste reduction and recycling projects.

Among the awards were two to Nemaha Natural Resource and Development, which serves Richardson, Nemaha, Pawnee, Johnson, Jefferson, Otoe and Saline counties.

The Nemaha NRD will receive \$35,568 to host nine household hazardous waste collection events and \$26,900 to purchase a brush chipper for use with invasive woody vegetation.

The grants are available through the Waste Reduction and Recycling Incentive Grant Fund. This fund is generated by a fee on solid waste disposed of in landfills, an annual retail business sales fee and a fee assessed on the sale of new tires for motor vehicles. Tire fee grants totaling \$1.86 million for projects related to tire recycling were announced in May.

When I asked for ideas for my column, this was the most requested topic I heard. What really happened to Brian last year? The stories people tell us make us sound a little crazy and very adventurous. Some examples are, Brian dove head first into shallow water and rocks, Brian and I were swimming during hurricane Irene, and the weirdest, Brian fell off of a boat into the Potomac River. Talking about it is hard for Brian, but he insisted that maybe if we share what really happened, maybe everyone will stop asking him how and why he dove into shallow water and rocks during a hurricane.

Brian and I were invited to join some of our closest friends on a trip to D.C. and Delaware last September. We were beyond thrilled that we could go celebrate our anniversary in such an amazing place. We left on a Friday morning and spent the day exploring Washington D.C. and Maryland. Saturday morning we drove to Rehoboth Beach, Delaware about 3.5 hours from Washington D.C. We spent the day walking the boardwalk, shopping and watching the Husker game.

We woke up around 10 a.m. ready to do some swimming and relaxing on the beach. It was Sunday, September 11th and also our 7th wedding anniversary. We rented our chairs and umbrella and planned to relax. Well, we were excited to body board so Brian and I hit the water. Body boarding, by the way, was so much fun, or it was for about five minutes. We were standing in waste deep water and riding the waves onto the shore. I started for the beach to sit down because I was out of breath. That’s when I turned to look at Brian. He was facing me and a wave hit him knocking under. I really didn’t think anything of it. I had been knocked down twice and while it was scary, I was fine. I watched and noticed he didn’t pop right back up like he had been. Then I saw him bob up face down. I thought for a moment he was just messing with me. I started out toward him and realized this was no joke. Swimming out to him is blank for me. I remember flipping him over and seeing his face covered in blood, and he was choking on it. I couldn’t touch where he was because the undertow had taken him out where it was deeper. I don’t know how I got him in without drowning us both. I remember screaming. We were not alone. We had people all around us. Nobody came to help. I screamed at our friends Barry and Whitney, who were napping. Finally Barry heard me and came running out. He helped me get Brian the rest of the way in. I got to about waste deep and couldn’t pull him anymore. He told me he couldn’t feel anything and he was paralyzed. The strength of the wave had slammed him face first into the sand. Barry pulled him to shore and finally the lifeguards came running. Someone finally called 911. I didn’t hear a thing going on around me. When the ambulance showed up, they loaded Brian on a backboard with a neck brace and on to a John Deere Gator that drove us up to the waiting ambulance. We then experienced the longest drive of our lives. We drove to Lewes, Delaware, which ended up being about twenty minutes from the beach.

We reached Bebe Medical Center, both covered in sand. They took him right in to a room, while I filled out the necessary paperwork trying to explain what exactly had happened the best I could. I asked Brian if I should call anyone and he gave me a firm no. “Why scare anyone until we know what is happening?” He didn’t want his parents or brother and sister as scared as I was but, I myself needed help. I sent an SOS to my sister, brother-in-law and mom. I needed some reassurance and prayers. I guess you are never to old to need your mom to tell you everything will be ok.

We were not there long when Barry and Whitney showed up. They had gathered our stuff and had taken it to our hotel room. In all honesty the rest is a blur of Whitney calling Brian’s mom because I couldn’t bring myself to do it, five hours of tests, tears and some laughs thanks to our friends. Hours later Brian finally moved his toes. We could all breathe. His spinal cord was bruised. The strength in which he had hit the sand had jarred his Spinal Cord very hard and it was swollen. His cheek/eye socket was broken, and his nose was broken in two places. Brian’s body kept going into shock making his blood pressure and pulse drop but with some fluid and laying him flat he would come back to normal.

I stepped outside to have a breakdown and passed a girl about my age in a wheelchair waiting on the curb. She asked if I was with that guy who got hurt at Rehoboth Beach. I said yes. She asked how he was, I told her. She then told me she had gone into the water after our ordeal and broke her legs.

The hospital staff told us there were 108 water rescues and 2 deaths the day before. Maybe the beach should have been closed. Maybe we should have been told to enter at our own risk. Or maybe we should have had some common sense. I don’t know. I left to change, shower and grab some stuff for Brian. The hospital was insistent that I didn’t stay with him because it was against the rules. But after Brian pleaded that it was our anniversary, they allowed me to stay with him. Barry and Whitney brought us sandwiches and Rolos for our anniversary dinner.

The next morning, Brian was in a lot of pain and swollen, but we got the ok to leave the hospital and head back to Maryland. We were scheduled to fly out that night, but the Doctors said maybe waiting another day or two would be best. We spent the next few days in our friends parents home. We finally made it home Wednesday morning. Brian was unable to work, use his arms or walk more than a few steps for weeks. We had barely sat down when Doug and Betty Merz came by and had made us dinner and offered to take Alex when things were too hard for me to handle. Brian’s sister had an amazing plan to have volunteers cook meals for us. It was a Godsend! I could worry about taking care of Brian, Alex, work and our three dogs instead of cooking and shopping for food. We had so many people do such amazing and selfless things for us. Our friends and family had gone all out. Ben Hullman, Brian Daake and the Falls City Elks Lodge had an amazing benefit for Brian to help cover his medical bills.

We are so in debt to the Falls City community for the outpouring of support we have had. Today, Brian is about 90% back to normal. He has moments where something goes numb or he is in pain, but he is alive and walking so he never complains. He has to watch what he does, no bumper cars, no rough housing, or football but he is so appreciative of all he has, I don’t think he cares. Now, a year later we are still overwhelmed with well wishes and support. I am sure there will never be a day that I quit thanking you all. We are so blessed and we think about that everyday. So again from the bottom of my heart, THANK YOU! Now you know, we are not as adventurous as everyone had thought. We just happened to live and learn the fact that things happen in a split second. That one wave happened to be larger than any other had been, Brian was just in the wrong place at the wrong time. We live bigger, laugh harder and love like there is no tomorrow. We learned a valuable lesson. We walk now, we don’t run through life.

Thank yous were read from Jamie Hersh, Emery Hersh, Isaac Bittner and Jacob Thiltges. These youths had received a medal at the 4-H Junior Fair that the club had sponsored. Thanks yous from Phyllis Williamson and the family of Mary Ernest also were read.

The Flower Show in Humboldt which several members had attended and helped with in May was discussed, as well as the club outing to the Lied Center and Lewis & Clark Museum in Nebraska City. Several readings were given by Gertie Runyan and Mrs. Bierman.

Refreshments were served and each member received a packet of hot cocoa mix. The next meeting will be Oct. 24 with Linda Duerfeldt.

Women's Circle
On Tuesday, Sept. 25, at 1:30 p.m. eight members of Stella Community Church Women's Circle met, answering roll call with a contribution of paper products for use in the church. President Carolyn Bredemeier opened the meeting with devotions and prayer, then accompanied on the piano as the group sang the hymn, "Help Somebody Today." Reports were given.

It was decided to continue the Fair Fund drive and also to have a clothing drive until the end of October for SENCA. The Circle cookbook project was deemed a success, but as not all expenses are in, there was not a final report. Annual reports of the dinner committee and the Missionary chairman were given. Also presented were the president's recounting of last year's activities and the treasurer's summation of receipts and expenses.

After the business meeting Mary Glathar and Donna Monnette served refreshments.

HISTORICAL SOCIETY

The Board of Directors of the Richardson County Historical Society met Sept. 22 with 16 members present. President Aaron Wing opened the business meeting at 9 a.m. and welcomed the new board members, Matt Beer, Steve Holland, Max Roland and Jo Ann Auxier. Secretary Gary Nelson read the minutes of the previous meeting, which were approved as read. Treasurer Jo Ann Auxier presented the treasurer's report, which was accepted and placed on file.

The first item of old business was a discussion of the installation of a security camera system in the museum. JoAnn Koso moved that John Ray Security Services provide a cost estimate for the hardware and installation of a security camera system. Gary Nelson seconded the motion. The motion carried. Richard Meinzer suggested that a committee be formed to monitor any camera system that might be installed.

Also under old business, Aux-

ier was asked to invite Barry Haire of The Donning Company to the October board meeting to discuss the writing and publishing of a Richardson County history.

Under new business, Koso moved that the Society pay up to \$100 to share in the cost of a privacy fence between museum property and an adjoining property to replace a wall that is in disrepair. Nelson seconded the motion. The motioned carried.

Ann Meinzer passed around a list of work assignments for the Waffle Man fundraiser on the 23rd. Nelson and Auxier reported on the progress of the Eagle Scout project to repair and renovate the Iron Monument. Nelson moved that Auxier find someone to do necessary repair and painting of the museum. Meinzer seconded the motion. The motion carried.

The next meeting will be 9 a.m. Saturday, Oct. 27 at the museum.

FALLS CITY LIFE CHAIN
Sunday, October 7, 2012
2:30-3:30 PM
2:15 PM, Meet at First United Methodist Church
1701 Harlan Street
Join tens of thousands of Christians and their clergy, to line sidewalks in cities and towns across Nebraska, all holding signs that state:
Abortion kills children
or
Adoption: The loving choice
This event will provide a visual statement of solidarity by the Christian community that the church Christ founded is opposed to the killing of unborn children. People need to know that we support the sanctity of human life. Miles and miles of sidewalks covered by Christian soldiers will send a powerful message. Yet human life outside of eternal life is pointless, so a third sign giving witnesses to the source of our love and concern will state:
JESUS FORGIVES AND HEALS.

Celebrate Halloween at Indian Cave

Celebrate Halloween throughout October at Indian Cave State Park with Haunted Hollow activities

Hayrack rides, which have been very popular for a number of years, are scheduled for Oct. 13, 19-20 and 26-27. Tickets are \$7 for ages 13 and up and \$5 for ages 4-12. Tickets are available by calling 402-883-2575.

The spooky half-hour rides begin at 7 p.m., then leave every 15 minutes, with the final ride starting at 9:30 p.m.

Other Haunted Hollow activities include a campground-decorating contest, pumpkin-rolling contest, Halloween crafts, living history demonstrations, scavenger hunt and horseback rides.

Working on signal

Lincoln — NET Radio is searching for a new frequency for its translator in southeast Nebraska now that a new station has gone on the air at 91.7 FM. This new station is a full-power station and is canceling out NET Radio’s low-power station that provides service to the Auburn, Brownville and Falls City region.

“We are scrambling to find a new frequency,” said NET Radio Network Manager Nancy Finken, who explained that NET just got word of this new station a couple of weeks ago. “This is a priority for us and we apologize for any disruption in service,” she added.

Parents meeting

The Falls City High School Concert and Show Choir parents will meet Monday, Oct. 8, at 5:30 p.m. in the school’s chorus room.

‘Early’ Vets Day golf

The 2nd annual ‘Early’ Veterans Day golf tournament is scheduled for Sunday, Oct. 14, at the Falls City Golf Club.

Three-person scramble teams will tee off in a 9 a.m. shotgun start. The tourney is a 9-hole event.

Entry is \$45 per player and covers green fees (\$25), a minimal donation (\$15) and raffle entry (\$5). Multiple hole prizes, including long drive, closest to the pin, a hole-in-one and more, will be awarded.

Contact the Falls City Country Club, 402-245-3624, or send an email to teek4@neb.rr.com to register your team or individual players.

Tourney organizer Terry Flynn explained that this is a benefit tournament for A Veteran’s Voice Foundation and the Wounded Warrior Project, both of which are non-profit organizations dedicated to assisting veterans in their transitions back into society after their military service has ended. “Without the support of events like this, they could not provide the needed assistance so many of our American veterans require,” Flynn said.

“We don’t pay cash back — that will go to the two organizations named,” said Flynn. “But we have many excellent prizes, as well as a number of items that will be available for auction and your bids and donations.”

He said the goal is to double last year’s donations of \$2,000.

“Please take time and come out to participate. If you can’t play, please consider buying a raffle ticket (or 10!) or donating to our cause,” Flynn said.

500 Years of Change!

Whew!

I just finished a homework paper. It had to be about an explorer. I chose **Christopher Columbus** because I think he was really brave to sail across the ocean in such a small ship to explore the world. For years people have discussed – and argued over – the importance of Christopher Columbus' landing in the Americas. Some people feel that his discoveries were the beginning of a wonderful New World. Others argue that the lands he found had many groups of people - each with its own way of life - and that Columbus' coming to these lands was destructive. However, no one argues the fact that Columbus' voyages to the Americas beginning in 1492 set in motion a period of change that continues today – over 500 years later!

East to West - West to East

I love the beautiful colors, smells and tastes of all of the fruits and vegetables from the Americas and around the world!

After Christopher Columbus made several trips between Europe and the Americas, changes began to take place in the lives of people in the eastern and western parts of the world. The voyages' introduction of people, maps and writings helped to exchange new ideas and knowledge across the world.

Which parts of people's lives were affected by the exchanges or changes listed below? Match them:

1. food and animals
2. farming sugarcane, roping cattle
3. Native American words + Spanish words
4. missionaries, prayers, spiritual treasures
5. disease, medicines

A. health
B. religion
C. language
D. work
E. diet

Beans have been exchanged all over the world!

People fall for us!

Sailing Across the World

1. "Sail" the ship (#1) to Europe. Then, "sail" the ship (#2) back to the Americas (it's O.K. to cross ship paths).

2.

CLED FREELANCE

We determine our action and share it so others can hold us accountable.
Is it our new diet? Will we quit buying on credit? We'll start working out.
We should determine to praise God; God is worthy of our praise.

Begin this Sunday in church.

I will praise you.

St. Thomas continues celebration

St. Thomas Episcopal Church of Falls City continues to celebrate its 145th year since its founding as a parish in 1867. The latest event was the 145th Anniversary Banquet held in the Parish Hall Saturday, Sept. 22.

In addition to members of the parish, guests from other local churches and from Episcopal churches in Nebraska City and Omaha were present. Clergy from area Presbyterian, Lutheran and Roman Catholic churches were

also present.

After a delicious meal, prepared by members of the congregation, the history of the church was read, as well as greetings from former rectors. Life-long members of St. Thomas, including Jack Cooper, Pam Smith and Cathy Davis, were recognized.

In attendance were The Rt. Rev. J. Scott Barker, bishop of the Episcopal Diocese of Nebraska, and the Canon to the Ordinary of the diocese, The Rev. Canon Judi Yeates. This was Bishop Barker's first visit to St. Thomas since being consecrated as bishop last year, and he spent considerable time on Saturday evening and Sunday morning visiting with members of parish, both corporately and individually.

On Sunday, Bishop Barker presided at the Service of Holy Eucharist. During the service, four adults and two children were received and welcomed into membership of the parish.

St. Thomas is enjoying overall vitality and a slow growth in numbers and the congregation credits the grace and work of God for any success they have, and are, experiencing as a parish. Members of the parish have both worked hard and had fun in continuing the 145-year tradition of being a presence and witness for God in this community and area, and, by the power of the Holy Spirit, look forward to serving God and community for 150 years and beyond!

Kelly Schawang, daughter of Jim and Denise Schawang of Falls City, was one of 60 participants in the Nebraska State Fair 4-H Shopping In Style Fashion Show at Grand Island. Kelly received a Red ribbon.

To borrow one from the great Yogi Berra, it was “Déjà vu all over again” for the Falls City Sacred Heart football season Friday night, as the Class D2 top-ranked Irish put on a clinic in their 76-6 homecoming drubbing of Meridian.

Berra, for those living under a rock and unfamiliar, was a Hall of Fame New York Yankee catcher who uttered that famous phrase when he witnessed Mickey Mantle and Roger Maris repeatedly hit back-to-back home runs in the Yankees’ seasons in the early 1960s.

The Irish jumped all over Meridian and before the visitors could blink the score was 33-0 at the end of the first quarter. Following a three-and-out on Meridian’s first possession of the game, Irish head coach Doug Goltz dialed up a little trickery when he had junior Chaz Dunn field the punt, act like he was going to return it and then Dunn threw a lateral pass back across the field to senior Clay Finck who returned it 59 yards for the opening touchdown.

Sacred Heart would go on to score on seven first-half possessions (would’ve been eight, but a 60-yard TD run by Sawyer Kean was negated by a holding penalty), while also tacking on two points from a safety when Sean Strasheim and Logan Scheitel sacked Meridian’s quarterback in the end zone with 1:53 to go in the half. All told, the first half saw the Irish defense hold Meridian to five three-and-outs, while also recording two take-aways and a turnover on downs.

“Meridian is a young team, so we over-matched them physically,” Coach Goltz said. “We gave up very few yards or first downs.”

The Irish held Meridian to 110 yards of offense, but as Goltz noted, almost half of those yards came late in the fourth

FC Sacred Heart sophomore Sawyer Kean breaks free on a 60-yard touchdown run late in the first half of the Irish’s 76-6 Homecoming win over Meridian Friday at Jug Brown Stadium. A holding penalty negated the play - otherwise, Kean (8 carries, 48 yards, 1 TD) would’ve finished as the team’s leading rusher.

quarter on a 22-yard run and the 25-yard touchdown pass with just a minute left to play.

Senior Brody Chandler led the Irish defense with 11 tackles, four of which were unassisted. Sophomore Zavan Kirkendall had 10 tackles and junior Jarod Fiegenger joined Strasheim and Logan Scheitel with one sack each.

Offensively, the Irish had six different players score at least once – Barnhill, Kean, Austin Malone, Brandon Schawang, Lane Scheitel and Colin Niemeyer – and Barnhill, Schawang and Niemeyer all had multiple scores in the game.

Barnhill continued his torrid season Friday night, carrying the ball nine times for 96 yards and three touchdowns. To date, Barnhill, who was also crowned homecoming king after Friday’s game, has averaged 10.9 per carry, amassing 544 yards and

14 touchdowns on the ground, while also hauling in five catches for 49 yards and a score. And those numbers have all come in games where Barnhill and the other Irish starters have played little, if any, in the second half.

With Sacred Heart outscoring their opponents 243-24 in the first half of the first five games, the backups have received loads of valuable playing time and have been better than basically all of the opponents they have faced, including many of the first five teams’ starters.

Two of those reserves are sophomores Kean and Austin Malone, who have been on the field frequently in the second half and have combined for 43 carries, 432 yards and eight touchdowns.

“It’s always good for the non-starters to get to play,” Goltz said. “It’s tough, though, to get our varsity ready for a close game, but it is what it is. The best measure of improvement is making fewer and fewer mistakes.”

The Irish have done a good job of that as well. Sacred Heart has had just three penalties in each of the last three games and are plus-10 in the turnover margin.

Friday’s competition could get a little stiffer, however, as Gang Green travels to Sterling (4-1). The Jets return five players on both sides of the ball and are led by 6-foot-4, 210-pound junior tight end Kody Benson and 5-foot-11, 185-pound running back Chris Wenzl.

“They are big and physical,” Goltz said of the Jets. “Plus they are used to winning year in and year out. We’ll need to be

ready for a four-quarter game.”

Kickoff is scheduled for 7 p.m. Friday in Sterling.

FCSH Junior High Football

Sacred Heart’s junior high football team fell to visiting Nebraska City Lourdes last Thursday, 20-16, at Jug Brown Stadium. The Irish fell behind 12-0 before Sacred Heart’s Theo Rohrer blocked a punt, recovered it and took it in for a touchdown. Noah Keller added the 2-point conversion to make it 12-8. Keller then added a 2-yard touchdown, as well as tacking on the 2-point conversion to give the Irish a 16-12 lead in the third quarter. The Irish fell behind for good in the fourth quarter when Lourdes’ quarterback Hayden Miller found Brock Hoagland for an 8-yard touchdown to put NCL ahead 20-16.

Balanced scoring helped Sacred Heart easily defeat Humboldt-TR-S, 42-6, the previous Thursday. Keller scored from one yard out in the first quarter. Then, H-TR-S’ Dylan Skerrett broke loose for 40-yard run to make bring his team within two points, 8-6. But that would do it for the Titans scoring as the Irish rattled off 36-straight points. Theo Rohrer scored from 19 yards and Cameron Barker had a 12-yard interception return for a touchdown as well as an 11-yard run to highlight the first half. After neither team scored in the third, Sacred Heart’s Sean Arnold ran one in from 15 yards and Ryker Hoy finished off the scoring with the Irish’s second defensive touchdown of the day on a 13-yard interception and return.

The Irish travel to Johnson-Brock this Thursday with the game set to begin at 5 p.m.

Poppe homer wins it for FC

By Jim Langan

In sports, few things rival a walk-off home run, as far as high drama goes. Claire Poppe provided that drama last Thursday in Falls City’s exciting 3-1 home victory over visiting Syracuse at Grandview Park.

With the game tied 1-1, Poppe, a senior captain and the ace on the mound for the Lady Tigers, stepped into the batter’s box in the bottom of the seventh and, after seeing ball one, smacked a two-run, walk-off homer. The shot improved FC’s record to 18-9 and should provide a jolt of confidence for the team with districts looming this Thursday and Friday in Fairbury.

“It was a great home victory,” said FC head coach Joe Dunn. “It will help us with our confidence going into districts.”

Poppe had another exceptional all-around game. The walk-off was her second home run of the game – Poppe blasted one to center field in her first at-bat – and she earned her 18th victory of the year by pitching all seven innings and allowing just six hits and one earned run, while striking out six. Poppe, who now has eight homers on the season and is slugging a Ruthian 1.024, finished 2-for-2 with two home runs, two walks and was responsible for all three of the Lady Tigers’ RBIs.

Poppe had plenty of help behind her though, as the Lady Tiger’s gobbled up any offering Syracuse gave them. Sophomore shortstop Sydney Armbruster recorded four assists in the field and was 2-for-4 with a double at the plate with two runs scored, which included touching home as the winning run on Poppe’s walk-off after she led off the seventh with a

single.

Brittany Ritter and Jennifer Wendtlandt added two hits apiece for FC.

Last Tuesday, FC traveled to St. Joseph (Mo.) for a game with a tough Bishop LeBlond squad that has lost only twice this season. Falls City jumped on the Lady Eagles early to take a 2-0 first inning lead. Armbruster led the game off with a double and moved to third when third baseman Kirstyn Buchholz ground out to the second baseman. Poppe then doubled to score Armbruster and came around to score two batters later when Wendtlandt singled to pick up the RBI.

That would be all FC would get, however. LeBlond picked up one run in each of the second, third, fifth and sixth innings to put the Lady Tigers away, 4-2.

“We hung in and fought the whole game,” Coach Dunn said. “They are well coached and very athletic.”

Falls City could only put together four hits against LeBlond’s pitcher. Catcher Brooke Scheitel added the fourth hit, a single in the fourth, for FC.

The Lady Tigers defeated Savannah 10-6 last Monday on Morehead Field. Poppe led the offensive charge again by going 3-for-4 at the plate with a home run, a triple, three runs scored

and a pair of RBI’s. Wendtlandt, Armbruster, and Tressa Chandler each picked up two hits, including a double each for Armbruster and Chandler. Wendtlandt and Armbruster also had a pair of RBIs. Scheitel, Ritter, Amie Wiltse and Allyson School each singled for FC.

Falls City will wrap up the regular season tonight when they host Nebraska City in a make-up game from Aug. 27. First is at 5.

Lady Tigers JV Softball

The Falls City Tigers junior varsity softball team capped off its undefeated 8-0 season with a home victory over Syracuse 3-1. Juniors Emily Weaver and Payshince Dawkins each went 2-3 with two runs scored. The highlight for the Tiger offense came from Freshman Jordan Phroper, who cranked a solo shot over the fence in the second inning. Sophomore Sydney Armbruster struck out four batters in six innings, allowing only one run off six hits. In earlier action, the Tigers beat Savannah 3-2. Freshman Morgan Phroper, who collected two hits at the plate, played strong at third base with six put-outs. Junior Kirstyn Buchholz got the win, allowing only two runs off eight hits in seven innings.

Annual FCMS Cross Country Invite Thursday

Falls City’s Brandon Gibson led the Tiger boys’ cross country runners last Tuesday at the Syracuse Invitational. Gibson ran a time of 19:05, which was 44 seconds faster than a year ago at the same meet and good for 39th place.

The Tiger girls’ were lead by Lainey Larsen, who finished in 30th place, just five spots from a medal. She moved up to 5th all-time for the girls’ team. Lauren Bierman moved into the 11th place all-time for the Tigers girls’ team.

The cross country teams travel to Hiawatha on Oct. 2 and then host the Falls City Invitational on the 4th. The junior high will also be running at both of these meets.

FCMS Cross Country

Kyle Leafy led the middle school boys’ team. He finished as the individual champion. He beat a previously undefeated runner from Plattsmouth. He took the lead early in the tough race and held off second place at the end. Cheyenne Doval and Morgan Roberts led the girls’ team. They finished just :16 apart.

FCMS Football

The Falls City Middle School “A” football team traveled to Auburn last Thursday and defeated the Bulldogs 54-20. The Tiger running backs piled up 418 yards on the ground, including eight touchdowns and four 2-point conversions.

Zayne Heckenlively was responsible for six of those scores, while Koner Hogue and Brian Sickel had one apiece.

The Tigers will take on Sabetha next Thursday at Jug Brown Stadium. The “B” game will begin at 3:45 p.m. and the “A” game at 5:15.

After starting the season 0-2, the Falls City Tigers have rattled off three consecutive victories for the first time since 2007 and earned themselves a ‘contender’ consideration in yesterday’s Lincoln Journal Star rankings.

The Tigers spoiled the Syracuse Rocket’s homecoming festivities Friday night in a 32-8 victory and have outscored their last three opponents 140-15, allowing just one offensive touchdown in that stretch.

Junior back Mitchell Harling was dynamite in the win, carrying the ball 23 times for a career high 180 yards.

“We knew at some point this season Mitchell was going to have a breakout game,” Tiger head coach Darin Fritz said. “He is getting better at reading his blocks and running tough.”

Senior Cord Huettner followed up his record performance from the week before with 11 carries for 63 yards and two touchdowns. Syracuse did a good job of containing Huettner, but the bruiser broke loose for a 58-yard touchdown run in the fourth quarter that saw him break a handful of tackles, jump over a pile and pull away from a Rocket defensive back on his way to the end zone. Huettner did most of his work clearing holes for the Tiger backs and Coach Fritz was very pleased with his captain’s performance.

“We knew they would key on Cord, so the plan was to take a look at what the defense wanted to stop and exploit it in other areas,” Fritz said. “I think Cord was the best lead blocker in the

state Friday night.”

Wade Maddox, Jordy Stoller and Jesse Butrick are the other three backs who round out the Tiger backfield and Friday they combined for nine carries, 154 yards and two touchdowns. Stoller’s score came on a reverse with 3:30 to go in the second quarter when he broke loose and took the handoff 37 yards for the touchdown. Butrick punched one in from seven yards out just five minutes earlier.

Falls City, again, had an impressive performance on the defensive side of the football, but Syracuse definitely made them

earn it. The Rockets had a sizable advantage in time of possession and their lone scoring drive totaled 28 plays and chewed up more than 12 minutes.

“It was a little disconcerting when they were on their long drive, but they had to most of the third quarter to score, so we really made them work for the points,” Fritz said. “I thought the defense played fantastic again. We gave up more yards on the ground than I would like, but it was another very solid effort by all.”

Senior defensive back Codie Witt had a career game for the orange and black. Witt picked off two Syracuse passes, returning one for a touchdown

in the first quarter to put the Tigers up 12-0, and led the team with 16 tackles.

Huettner was second on the team with 14 tackles, including a team-high five unassisted, and Wade Witt added 10 tackles.

The Tigers improved to 2-0 in district play with the win and face their final non-district opponent, Fairbury, at Jug Brown this Friday.

The Jeffs, who sit at 2-3 on the year, are coming off a 27-6 home loss to Sandy Creek, but Coach Fritz expects a great effort from the visitors this week.

“Fairbury has an explosive backfield with what I would say is a pretty balanced offense. They will be a handful.”

Kickoff is scheduled for 7 p.m. Friday at Jug Brown Stadium.

Make it Right

It was incorrectly reported in last Tuesday’s Journal that the Falls City High volleyball team had a record of 1-13 (the team is currently 0-19). A mistake was made on the NSAA’s website, which led to the error. Also, the FCHS Invite is scheduled for 9 a.m. this Saturday at the high school and was not this past Saturday, as previously reported.

Lady Irish, 18-3, work ‘extremely well together,’ according to coach

Good chatter and team chemistry are always two ingredients any coach will hope to have on their teams.

The Class D2 sixth-ranked Lady Irish improved to 18-3 with two easy victories last week, defeating Savannah (Mo.) on the road, 25-18, 25-21, and Lewiston at home, 25-23, 25-9, 25-14.

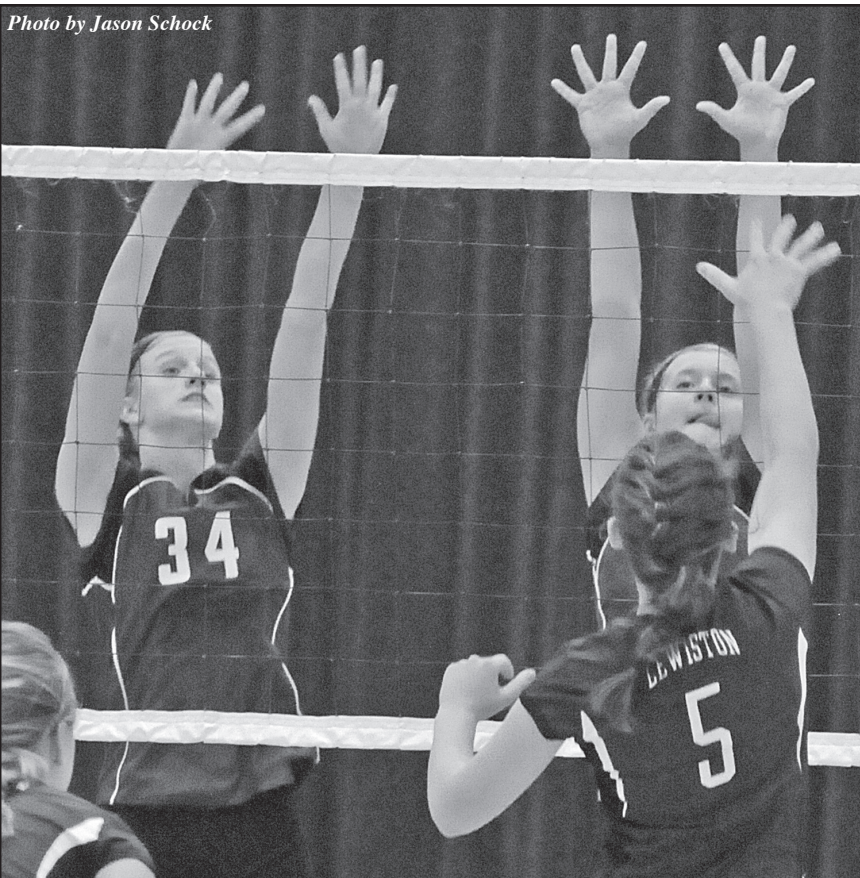

Against Savannah, sophomore Abby Magdanz was 16-16 serving with a team-high 12 points. Emily Rohrer was 15-of-16 hitting with a team-high seven kills. Maggie Goltz, Rachel Parrish and Janey Malcolm each had two blocks.

Malcolm, a senior, led the Lady Irish against Lewiston, serving a perfect 21-of-21 with 16 points. Ashli Jordan served 12 points, including three aces, while also picking 27 digs. Goltz was 25-for-29 on the attack with 11 kills and three blocks. Parrish added five kills and had a team-high four blocks.

Head coach Susan Witt says her team has plenty of one of the above-mentioned ingredients, but hopes to get a little more of the other as the season moves on.

“I love how our team has improved,” Witt said. “We work extremely well together and I feel that our team chemistry is the best.”

Responding to her team’s on

FC Sacred Heart freshman Maggie Goltz, left, and sophomore Abby Magdanz block a Lewiston hitter during the Lady Irish’s straight-game victory over the Tigers last Tuesday at Prichard Auditorium. Sacred Heart is 18-3 and ranked No. 6 in Class D2.

the court talk or lack thereof, Witt said there is a definite improvement when the chatter is early and often.

“We are a pretty quiet team and when we talk we play our best ball.”

Regardless, the Lady Irish are playing excellent team volleyball and appear to have a more diverse arsenal than in recent years.

“I feel that our team is more balanced. We can go to multiple hitters, while last year we mainly went to Sara (Landis),” Witt said.

Witt and the Lady Irish travel to Wymore Southern Thursday at 6 p.m.

Lady Irish JV

The Lady Irish junior varsity defeated Lewiston, 25-20, 25-15, last Tuesday at Prichard Auditorium. Louise Hamilton led the team with 10-10 serving for six points and two aces. Nicole Fiegenger and Natalie Kreifels each had three kills. Last Monday, Sacred Heart fell to Savannah (Mo.) on the road, 16-25, 8-25. Abbey Neddenriep led the team with 9-9 serving, six points and three aces.

THIS IS JERRY JOY!

Dear Friends in Nebraska Legislative District 1:

As my first weekly “Position Letter,” I have selected the topics of Education and Property Taxes, and I have chosen to combine these two because they obviously go hand-in-hand. Clearly, education is the driver of economic development, resulting in qualified workers for the State of Nebraska; improving lifestyles; and enabling people to live independently. If we educate a child for sixteen years (including higher education or skilled training), then we very likely will not have to provide for him or her in their future years. Education allows people to be dependent upon themselves, and not on the government and/or others.

Financing K-12 education is one of the most important issues we will address. It is heavily dependent on property taxes, FROM ALL PARTS OF OUR SOCIETY, INCLUDING AGRICULTURAL, RESIDENTIAL, AND COMMERCIAL. I do not believe property taxes should continue to be raised to support education! I believe that other revenue sources are available, and I will hold community meetings to discuss these ideas with the people most affected! For example, I would suggest that we look at the tax structures of neighboring states to see how they fund education, and how their property taxes are related to that funding. We should work to eliminate waste in many of our state agencies. Hopefully, we can fine-tune our own process for less reliance on property taxes to fund education in Nebraska.

I am pleased to share my thoughts with you, and just as I intend to do as your District 1 Senator, I will be more than happy to discuss these topics (or any others) with you at any time.

Thank you very much for supporting my candidacy.
My cell phone number is (402) 429-0324.

Very sincerely,

Jerry Joy

Brownville Concert Series presents Kim David Smith in *Misfit*

The Brownville Concert Series is proud to announce that Kim Smith, the acclaimed international performer called “all decadence and sly appeal” by Back Stage, will bring his critically acclaimed concert *Misfit* to Brownville after a successful run in New York.

Misfit premiered in March 2011 at New York’s Laurie Beechman Theatre, and performed at Café Sabarsky over April and June.

“Smith needs to be seen, and now” – *The Village Voice*.

Cabaret tickets are \$23, concert tickets are \$17 (\$12 for students). To purchase tickets online go to www.brownvilleconcertseries.com or call 402-825-3331. The Nebraska Arts Council (www.nebraskaartscouncil.org), a state agency, supports this program through a matching grant funded by the Nebraska Legislature, the National Endowment for the Arts and the Nebraska Cultural Endowment.

Smith appears at the Brownville Concert Hall in cabaret Friday and Saturday, Oct. 12-13 at 7:30 p.m. and in concert Sunday, Oct. 14 at 2 p.m.

Singing in German, French and English, Mr. Smith interprets works by Weimar-era composers and modern day artists alike including Friedrich Hollaender, Bjork, the Supremes, Kylie Minogue, Hanns Eisler and myriad glittering other in conjuring a contemporary vision of the decadence and decay of 1920’s Berlin. Out to prove that misfits have more fun, Smith mischievously leads the audience through an evening of disfigured pop and glimmering period treasures.

Misfit is directed by Christian Coulson and Smith will be joined by music director Steven Ray Watkins on piano.

“Kim is addictive, a genius with a mighty future. A performer who understands his craft and uses every nuance, gesture and lascivious lyric to keep the crowd involved. His musical choices are always arresting.” – *Adelaide Sunday Mail*.

In 2009, Smith was presented the Ira Eaker Back Stage Magazine Bistro Award for Special Achievements as an outstanding performer on the rise (honored alongside Broadway and Cabaret legends Liza Minnelli and Charles Aznavour) and was nominated for both 2009 and 2010 MAC awards in the Outstanding Male Vocalist category.

He is also a recipient of the American Australian Association’s Dame Joan Sutherland Award for aspiring artists and is a member of Kabarett Kollektiv, a troupe of New York based artists dedicated to preserving the European cabaret tradition.

Mr. Smith studied in Australia at the Ballarat Arts Academy (BA Music Theater) and has worked extensively with the Walt Disney Company. He resides in New York.

Cabaret tickets are \$23, concert tickets are \$17 (\$12 for students). To purchase tickets online go to www.brownvilleconcertseries.com or call 402-825-3331. Teams seek 1st win tonight

The Lady Tigers struggles continued last week as the team dropped a pair of matches at a triangular in Hiawatha, Kan., and three matches at the Johnson County Central.

The good news is the team has been closer as of late to notching their first tally in the win column and a huge opportunity for that to happen occurs tonight when FC, 0-19, travels to 0-19 Conestoga. Conestoga has only won one game on the season and that came this past Saturday against 3-17 Fort Calhoun.

In the triangular at Hiawatha, Falls City fell to the hosts 25-17, 25-7, and to Horton 25-16, 25-17. Madison Olberding and Maygan Ramsey each had

five kills. Baylee Vrtiska led with eight points and 22 assists, while Ramsey and Bethany Lampe each had five digs.

Saturday in Tecumseh Falls City faced some a very good Nebraska City Lourdes (10-5) team and one of the top teams in class D1, Exeter-Milligan (18-3). The Lady Tigers fell to NCL in the first match 25-13, 25-9 and then to E-M 25-15, 25-15. In the final match of the tournament, hosts Johnson County Central defeated Falls City 25-17, 19-25, 28-26.

Vrtiska had 23 assists on the day to lead the team. Ramsey led the girls with 10 kills and two blocks and Lampe had 23 digs.

Motion by McMullen and second by D. Sullwold to forgo the three separate readings on three separate days of Ordinance 2012-06 entitled: AN ORDINANCE TO ADOPT THE BUDGET STATEMENT, TO BE TERMED THE ANNUAL APPROPRIATION BILL; TO APPROPRIATE SUMS FOR NECESSARY EXPENSES AND LIABILITIES; TO PROVIDE FOR AN EFFECTIVE DATE. All voted yea. Motion by Joy after reading Ordinance #2012-06 and second by D. Sullwold to pass said ordinance approving the budget statement. Voting yea: D. Sullwold, H. Sullwold and Joy. Voting nay: McMullen. Motion by H. Sullwold and second by D. Sullwold to adjourn the Budget Hearing. All voted yea.

Sullwold and second by McMullen to pass Resolution #12-005 for setting property tax request for 2012-13 at \$17,500. Voting yea: McMullen, D. Sullwold, H. Sullwold, Joy. Voting nay: None. Motion by D. Sullwold and second by McMullen to adjourn the tax hearing. All voted yea.

Chairman Joy called the regular monthly meeting to order at 7:20 P.M. and noted the posting of the Open Meeting Act. Motion by McMullen and second by H. Sullwold to approve the minutes as presented. All voted yea. Motion by McMullen and second by D. Sullwold to approve the treasurer's report as presented. All voted yea. Motion by McMullen and second by D. Sullwold to pay the claims as presented. All voted yea.

Communications: Thanks to McMullen and Jim Donahoe for putting up flags. No report from SENDD on applications.

Committees: Streets — OK. Lights — Light by Velda Milke will have to be taken down and replaced; Pole is up at 5th and Elm; 5 lights around Mary Behrends need attention. Park — New tennis net is up; Uhri is working with Bus Hall on replacing boards on benches. W&S — Written report. Library — Written report. Maintenance Man — Sullwold has been working with some community service people on projects around the Village. Planning — Committee approved the application by Jerry Joy for a porch addition. Motion by McMullen and second by D. Sullwold for board approval of the same project. All voting yea, with Joy abstaining. Tree — none. Health — BP clinics continue monthly. Community Building — Zach Vice thought we could probably get by with the roof for a couple of years.

Joy is working on 501 3C status for the village. McMullen inquired about the reporting required and how often. Joy thought probably annually.

Water rates were discussed. Joy proposed raising the rate to \$40 per month, with \$4.48 going to trash removal which would have the patron paying the entire amount as the village has been subsidizing the \$10.00 trash fee from the time trash pickup began, and the remainder of the raise going to water or sewer. This motion died for lack of a second.

It was noted that the controls are needed on a day to day basis to keep the tower full at all times. The bid for the project by Automatic Systems is approximately \$20,000 for the system only, which does not include mileage or labor. We would also need to get the antenna to the top of the tower at our own expense. Motion by McMullen to move ahead with this project. Motion died for lack of a second. The board would like to have a better cost estimate before making a decision on the project. Chairman Joy proposed revisiting this item when a better estimate is received. Tabled. ZNEZ

Junk on Streets — The two letters were discussed and any attempts by the patrons to comply. The time was up on September 10. The original agreement that was signed on March 6, 2012 was reviewed. Motion by McMullen and second by Joy to take the next step in the situation as discussed with the attorney. Voting yea: McMullen, H. Sullwold and Joy. Voting nay: D. Sullwold.

McMullen asked about the age of the pump motor that was replaced at a cost of \$6,000. It was only two years old. Ketner noted it was due to a worn motor wire. He had called Layne Christensen about the matter. They will return and put stabilizers on the pipe to reduce twist when the motor starts at no charge.

The open house at SE Training Center was well attended. It was estimated that 200 people attended to view the dry well fan coil operation used for training.

The village will contract 2300 gallons of propane at \$1.20.

D. Sullwold asked if the Board would be interested in selling the two Village lots. Motion by D. Sullwold and second by Joy to put the properties up for bid. All voted yea.

Some alley work was proposed by D. Sullwold. The alley by Everett Watkins and the south end of the alley behind Jarrod Mason. Jeff Huettner will bring four loads of old asphalt for \$230 per load. Motion by H. Sullwold and second by McMullen to move ahead with the alley repair. All voted yea.

Water shut offs were signed.

Miscellaneous — McMullen asked about the sewer cleaning in problem areas (Barb Lundy and School). It was noted that the school is no longer a problem.

Motion by D. Sullwold and second
