City Council meets for four minutes

(it's not a typo)

Monday evening's city council meeting may not have set a record. But it had to be close. Council members completed their business in about four minutes.

After councilman Kirby Robidoux offered the opening prayer and the consent agenda was approved, the council had only one item of new business to consider. And that didn't take long.

They gave their unanimous approval to a Chamber of Commerce promotion, "Spooks on the Square," to be held from 3-6 p.m. Sunday, Oct. 30.

During the event, city sidewalks and streets in the downtown area will be used for food and other vendors and for carnival games. Hawker's permits will be waived for that Sunday only.

Hayrack rides will be available. The city will provide picnic tables and will barricade the appropriate streets.

Hope to open 159 by Dec. 15

Keeping to their promise to get flood-damaged roads opened as safely and quickly as possible, the Missouri Department of Transportation is working to get relief for drivers in Holt County on U.S. Highway 159.

Ideker Inc., of St. Joseph, MO, won a bid in the amount of \$2,633,985.63 for a 2.2-mile repair and temporary resurfacing project for a section of roadway that runs from the Missouri River Bridge at Rulo to east of Route 111.

The contractor received notice to begin this project last Friday, and the expected completion date is Dec. 15.

"We hope to restore access to local traffic as safety allows earlier than the completion date," said Don Wichern, MoDOT's Northwest District Engineer. "Our goal is always to get these roads repaired as safely and quickly as possible so we can get them open for the public."

Eagle Scout project dedication Sunday

The dedication of an Eagle Scout project by Brady Cromer at the Itha Krumme Memorial Arboretum, west 25th Street (Koso-Baldwin Drive), will be held at 1:30 p.m. Sunday, Oct. 9.

Brady is the son of Nick and Beckie Cromer of Falls City.

Brady's project was the construction of a stone structure to display and protect the original "giving tree," which consists of a metal tree with leaves designating the initial financial supporters of the arboretum.

The encased structure is located near the north shelter and is a very attractive addition and point of interest for visitors to the site.

Curator Gerald Hopp will prepare the written program hand-outs and coordinate the dedication ceremony.

Southeast Nebraska Communications will participate by furnishing refreshments for those attending. The public is invited and encouraged to take this opportunity to visit the Krumme Arboretum and to support our youth.

BALLPARK FUNDRAISER. The pork chop sandwiches were briskly moving Saturday during the SunMart fundraiser for the Ballpark Improvement Committee and Falls City Recreation. Randy Gottula, pictured in the center of this photo, said \$1,887 was raised in three hours. More than 160 pounds of pork chops were served by Rec and Committee volunteers. SunMart has been hosting this

event for three years. In that time, \$6,203 has been raised to benefit the ballpark renovation effort. All of the food was donated by SunMart and Mr. Gottula, Humboldt Pepsi, Sara Lee and Frito Lay. In this photo, Randy presents the \$1,887 check to Brian Poppe, chairman of the Ballpark Improvement Committee, as volunteers, SunMart employees and ball players look on. SunMart photo.

CAPITOL VIEW
By Ed Howard
Statehouse Correspondent
The Nebraska Press Association

LINCOLN – The competition for Republican nomination to the U.S. Senate is a little more interesting these days, thanks to the tea party. A couple of tea parties, actually.

State Treasurer Don Stenberg, a GOP warhorse of more than 30 years standing, has been endorsed by FreedomWorks PAC, known as “a deep-pocketed Tea Party group that has promised to get involved in Republican primaries.”

Word around the campfire is that this outfit might provide Stenberg with some serious money.

Meanwhile, Attorney General Jon Bruning, who already has serious money, has a tea party endorsement of his own. He was given the nod previously by the Tea Party Express.

Polls to date have shown Bruning leading Stenberg, as well as state Sen. Deb Fischer of Valentine and Pat Flynn of Schuyler.

Stenberg supporters are understandably fond of pointing out that Bruning was a Democrat back in his college days, while their boss has generally been to the right of Barry Goldwater since birth.

It had to make Stenberg feel good when FreedomWorks Executive Director Max Pappas said: “Nebraskans described Stenberg to us as ‘tea party-minded before we had tea parties’”

Stenberg was the star of several failed Senate bids, including one in which he narrowly lost to U.S. Sen. Ben Nelson, the incumbent Democrat who is considering a bid for a third term.

If he should win the primary, Stenberg’s campaign finance worries would be virtually over. The national Republican Party has made clear that Nelson is their No. 1 target in the 2012 congressional elections.

Stenberg and Bruning have earned reputations as gut fighters when it comes to politics. Their previous opponents would undoubtedly agree on the importance of a maxim central to survival in the ring – whether the political kind, or the type used for boxing: Protect yourself at all times!

The Senate race and the fight over the path of the proposed Keystone XL Pipeline have dominated political news around the Capitol throughout the summer, and there’s no indication that will change before the year ends.

Whether the controversial pipeline eventually carries tar sands oil from Canada through Nebraska’s Sand Hills and over the Ogallala Aquifer will be a political issue, and continuing story, for many years.

Part of that story will center on the role the Legislature chooses to play, or not to play, in the economic / environmental policy war generated by the project.

To date, the State Department and Congressional Research Service have insisted that the state has authority over routing such pipelines, if the Legislature decides to exercise it. Gov. Dave Heineman has been just as adamant in contending that he doesn’t believe it.

Heineman has refused to call the Legislature into special session to work on the issue, and only a few legislators have shown an interest in having the Unicameral call itself back to Lincoln through a vote of 33 of its 49 members.

from Vandenberg, and, to close, the playing of “Taps.” Reading the names were Molly Chapple and Sara Landis, representing Sacred Heart, and Cade Stanley and Jacob Clancy, representing HTRS. Fr. David Oldham offered prayer.

The featured speaker was Keith Fickenscher, Past Director of Veterans Affairs for the State of Nebraska. “Today we honor 116 Nebraskans (and Iowans) who heard Freedom’s Call,” Fickenscher said. “They answered it and they gave all that they could give to preserve freedom for their countrymen and by extension, for people around the world.”

Fickenscher described America as the “world’s last, best hope for freedom peace.” He said today’s society sometimes seems to be “self-centered” and “focused inward,” but should be “especially grateful for the brave, young men and women” who have been “willing and proud to place themselves in harm’s way to protect our way of life.”

Freedom, said Fickenscher, is priceless, purchased with “sac-

rifice and sustained by “vigilance.”

He described the world as “a dangerous place” in which the price of freedom “has ratcheted up.” Failure to continue a commitment to the “War on Terror” would have devastating consequences for the U.S. and the rest of the world, he said.

The speaker lauded the men and women who have volunteered to serve in the military. He blamed the media for shaping opinion regarding Iraq and Afghanistan, urged Americans to “keep the faith” and to “keep our eye on the ball — the goal

— of a world free of terrorists.” Fickenscher said he believes it is “high time we ask for real leadership from both political parties,” and that, as Americans we let our politicians know that we “can handle sacrifice for the greater good.”

He also advocated a military draft because “shared sacrifice . . . has a way of clarifying priorities and policies that ‘leaving military service to others’ does not.”

Genealogical Society

Eleven members of the Tri-State Corners Genealogical Society met in the Pioneer Plaza meeting room on Thursday, Sept. 1. Norma Thompson called the meeting to order. Jorene Herr took roll call and read the minutes, and Richard Zentner gave the treasurer's report. Other reports included the archivist, Nebraska GenWeb, as well as the cemetery, obituaries and necrologies projects.

Newsletters from Lincoln-Lancaster County, Eastern Nebraska, and Brown County Genealogical Societies were shared. Upcoming events include the Greater Omaha Genealogical Society Fall Conference on Oct. 15. Queries were received for the Fiegenger/Steinbloc/Roth, Hall, Charles, DeLong, and Christy/Fish/Devorss/Withers families, and about the 1900 Richardson County census, the Electric Theater, and a Williamsville School picture.

In old business the group has considered attending a meeting of the Brown County Genealogical Society, which meets on the third Thursday of each month. In new business it was mentioned that it is time to renew the group's Nebraska State Genealogical Society membership. Terri Stradtman moved that we renew, Bob Ferguson seconded, and the motion was approved.

In lieu of a program, possible topics were suggested, including a list published in the Lincoln-Lancaster County Genealogical Society newsletter. Anyone with a program or a suggested topic should talk to one of the officers.

Following a show-and-tell time the meeting was adjourned. The next meeting will be held at 7:30 p.m. on Thursday, Oct. 6, in the Pioneer Plaza meeting room.

Business Topic

Kathy Martin (right) and Margaret Furlong met up this summer at the designer's Salem, OR, studio. Starting in November, Kathy will sell the Furlong line out of her home.

Kathy Martin to offer Furlong line

Before Margaret Furlong was an nationally renowned ceramic artist best known for her porcelain angel designs (which have even been showcased on the First Tree in Washington, D.C.), she was a Falls City kid - a student at Sacred Heart School.

A couple of other former Falls City kids - Kathy Palmer and Jannie McNeely - traveled to Furlong's Salem, Ore., studio this summer to visit with their fellow Irish alumni and Kathy brought back more than a souvenir: a new career. The recently retired school teacher will carry Margaret's new line of collectible Americana angels, as well as many other Furlong designs. Kathy (Mrs. John Martin) will be promoting Margaret's product line originally brought to Falls City by the late Harriet Falter.

An open house will be held from noon until 6 p.m. Friday, Nov. 4, at the Martin home east of Falls City County Club at 70654 648 Blvd.

Kathy has three grown children: Kelly Marinelli, of Boulder, Colo., Kory Palmer, of Lincoln, and Allison Sherry, of Olathe, Kan., and seven grandchildren.

Society

China Painters

The Humboldt Forget-me-not china painters met Sept. 21 at the home of Carol Wilhelm. Four members were present to answer roll call, showing pieces of their hand-painted china.

The demonstration was given by Carol. Members painted and exchanged ideas to improve chi-

na painting techniques.

Refreshments were served by the hostess. The next meeting will be Oct. 19 with Diana Rieschick.

Stella Circle

Thirteen members were present at the Tuesday, Sept. 27, meeting of Stella Community Church Women's Circle.

At 1:30 p.m. President Carolyn Bredemeier opened the

meeting, reading an article on Christian service then offering a prayer. The hymn, "Joy in Serving Jesus," was sung. Roll call was a donation of a paper product for use in the church. Reports were given

The Circle will get separate bids for patching and painting the downstairs auditorium and kitchen.

Events coming up are a bake sale on Saturday, Nov. 19, at the Stella Bank, a Federated Women's Club luncheon, which the Circle will serve on Saturday, Oct. 22, and a clothing drive the month of October for SENCA.

Beth Eickhoff gave her annual report on Mission activities and passed around some literature concerning the missionaries to whom the Circle gives financial assistance.

After the meeting refreshments were served by Marian James and Judy Bahr.

Humane Society

The Humane Society held its monthly meeting at the Sun Mart Cafeteria on Sept. 20.

President Ardis Ramsey called the meeting to order with eight members present. Chairlady Beverly Kimmel led the group in prayer. Julie Phroper gave the secretary's report and treasurer Bud Gerweck gave the treasurer's report.

Under unfinished business was the Nebraska football ticket raffle. The lucky winners were Bill Jenkins, Pat Karst and Amanda Hartman. Winners of the sweatshirt raffle were Bill Weaver and Pat Karst. The Society is grateful to all who participated. The garage sale did well this year, netting over \$500, which is sorely needed as the Shelter is at full capacity at this time.

Under new business was the donation of a very nice lawnmower by Daryl & Jane Pfister and we are very thankful for their support. Doug Popham fixed our riding mower free of charge and had us back mowing in no time. He has been a great supporter and the Society appreciates his expertise and help.

Dr. Jennings has announced that she is once again hosting a Halloween Party for the Humane Society. This year she is raising the bar for a two-day Zombie Spooktacular. Mark your calendar for Saturday, Oct. 15, 7 p.m., and Sunday, Oct. 16, from 1 to 5. Live music, silent auction, cake-walk, chili/brown cook-off and more.

The November bake sale is slated at Pamida on Nov. 19. Nancy Vogt has offered a beautiful handmade doll to the Humane Society to raffle off. Chances will be available at the

Halloween Party or at the bake sale. We are grateful to CJ Foods in Pawnee City for a donation of cat food. They are great supporters. Under Shelter needs, more rock needs to be added to the play area for the dogs and also in the parking area. The group continues to hope a new building will soon become a reality.

The next meeting is Oct. 18 at 7:30 at Sun Mart Cafeteria. All are welcome.

Treasure Seekers

On Sept. 28, the members of the Treasure Seekers met at the home of Carolyn Meckstroth in Barada. Roll call was answered with everyone telling of their summer experiences.

Old and new business was addressed. A brief program was given on hummingbirds. A game on birds was played with everyone receiving a gift. refreshments were served. The rest of the afternoon was spent visiting.

The next meeting will be on Oct. 26 with Nelle Pfister.

October is Stamp Collection Month

The U.S. Postal Service, along with the Falls City Library & Arts Center, will present a program about stamp collecting during National Stamp Collection Month, which is October.

The program, which is primarily for children from K-5th grades, will be held Tuesday, Oct. 11, from 3:45 p.m. to 4:15 p.m. at the Library.

The presenters will be Lana Willman, postmaster at Shubert, and Joyce Scholl, Falls City postmaster.

National Stamp Collecting Month is an annual event that began in 1981 as a joint venture of the Council of Philatelic Organizations and the U.S. Postal Service.

Food distribution clinic Oct. 18, 20

The Commodity Supplemental Food Program (CSFP) distribution clinic will be held in Humboldt at 624 3rd Street on Tuesday, Oct. 18, and Thursday, Oct. 20.

An appointment is suggested.

FC man arraigned on 7 counts of child pornography

Hall pleaded not guilty to all counts and a jury trial was set for December 7 in District Court.

Hall was taken into custody after investigators in the Attorney General’s Office of the State of Nebraska, along with other special investigators conducted an investigation between March 14 and April 25 that led them to Hall.

- Amber L. Frenzel, Joshua M. Nissen and Damon Gates all reached plea agreements and are scheduled to appear in court on November 22.

Smoked Mozzarella Fonduta

What You Need

- 1 pkg Italian bread, cut into 1/4 inch slices
- 1 c sour cream
- 1 tsp thyme
- 1/2 tsp crushed red pepper
- 1/4 tsp cayenne pepper
- 3 c shredded or smoked mozzarella*
- 3 c shredded or smoked provolone*
- 3 tbsp grated parmesan
- 3 tbsp grated romano
- 8 tsp fresh diced tomatoes
- fresh chopped parsley
- *This recipe calls for one cheese to be smoked and the other to be regular.

Directions

- Preheat oven to 450° F. Arrange sliced Italian bread flat on a baking sheet and cover with foil. Set aside until ready to use.
- Combine sour cream, thyme, red pepper, cayenne pepper and four cheeses in a large bowl; blend thoroughly.
- If serving family style, spray an 8"x10" casserole dish with cooking spray, then use a spatula to transfer the mixture. For individual servings, spray eight individual heat-resistant serving bowls, such as souffle cups, and fill each with 1/2 cup of mixture.
- Place individual bowls on a baking sheet. Using a large spoon, spread cheese mixture to create an even surface.
- Bake on center rack in oven. After 5 min., place baking sheet with bread, still covered, on top rack in oven. Bake for an additional 5 min.
- Remove bread and fonduta from oven, garnish with diced tomatoes and parsley. Arrange bread slices around bowl(s). Serve immediately and enjoy!

FC Utilities: winterize homes

While colder temperatures are on the way, Falls City Utilities encourages its natural gas customers to take some simple, low cost steps now to winterize their homes to reduce their natural gas usage and save money on their heating bill.

Natural gas commodity prices have continued to remain down this year as in the previous year mainly due to the lack of a disruption in supply and a high volume of natural gas in storage. Even with the lower commodity prices, winterizing your home can still save customers money on your natural gas bill.

Falls City Utilities encourages homeowners to implement some of the low cost measures below:

- Inspect windows and doors for drafts and apply or replace caulk to insulate and repair cracks in walls and around doors and windows;
 - Set your thermostat to the lowest comfortable temperature and dress in layers. Lower it a few degrees before leaving the house or going to bed. If possible, use a programmable thermostat to automatically control your home’s temperature;
 - Seal leaks in furnace air ducts;
 - Remember to change or clean air filters monthly;
 - Keep window blinds, shades and draperies open during the day to allow sunlight to warm your home. Close them at night for added insulation;
 - Set ceiling fans to run clockwise, drawing air up and keeping warm air circulating;
 - Lower your natural gas water heater to 115 or 120 degrees;
- The Low Income Home Energy Assistance Program may be available to help customers that are struggling paying their heating bill. To inquire where to apply for LIHEAP funding, call (866) 674-6327 or e-mail energy@ncat.org. As your local public utility Falls City Utilities strives to provide the best customer service possible while providing clean, efficient and reliable natural gas in the most economical way possible.

ABORTION

(conclusion of an article by Aaron Erhardt)

When Mary went to visit her pregnant relative Elizabeth, we read that the “baby” leaped in Elizabeth’s womb. “And it happened, when Elizabeth heard the greeting of Mary, that the **babe** leaped in her womb; and Elizabeth was filled with the Holy Spirit... For indeed, as soon as the voice of your greeting sounded in my ears, the **babe** leaped in my womb for joy” (Luke 1:41, 44). That is the same word (**brepchos**) used in the next chapter to describe a **child** after birth. And this will be the sign to you: You will find a **babe** wrapped in swaddling cloths, lying in a manger.” (Luke 2:12). Hence, God views those in the womb and those out of the womb the same — in both cases, both are babies!

Personhood was never measured by age or stage of development in scripture. From the moment of conception in the depths of the womb, one was recognized as a human being created in the image of God. That is why **to be pregnant was to be with child**.

“Now the birth of Jesus Christ was as follows: After His mother Mary was betrothed to Joseph, before they came together, she was found **with child** of the Holy Spirit” (Matthew 1:18). The angel Gabriel told Mary that her relative Elizabeth “**conceived a son**” “Now indeed, Elizabeth your relative has also **conceived a son** in her old age; and this is now the sixth month for her who was called barren” (Luke 1:36).

Many passages that indicate God has a special relationship with the unborn. “Your hands have made me and fashioned me, an intricate unity... Did you not... clothe me with skin and flesh, and knit me together with bones and sinews? You have granted me life and favor, and Your care has preserved my spirit” (Job 10:8, 11-12). “For You formed my inward parts; you covered me in my mother’s womb. I will praise You, for I am fearfully and wonderfully made; marvelous are Your works, and that my soul knows very well. My frame was not hidden from You, when I was made in secret, and skillfully wrought in the lowest parts of the earth. Your eyes saw my substance, being yet unformed. And in Your

book they all were written, the days fashioned for me, When as yet there were none of them” (Psalm 139:13-16). “Then the word of the Lord came to me, saying: ‘Before I formed you in the womb I knew you’” (Jeremiah 1:4-5). Definitely, a pre-birth relationship exists between the Creator and his creation.

Some argue that abortion is not murder because the fetus has not yet received the “breath of life” spoken of in Genesis 2:7: “And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living being.” However, that passage speaks specifically about Adam, one who sprang into existence fully grown having been formed from the dust of the ground. That was a unique situation. The rest of us receive the “breath of life” long before we begin to breathe independently of our mothers. We breathe (i.e., receive oxygen) through our mothers while in the womb!

No conception ever occurs that is not the result of God’s creative purposes. “And I will bless her and also give you a son by her; then I will bless her, and she shall be a

mother of nations; kings of peoples shall be from her” (Genesis 17:16). “For Sarah conceived and bore Abraham a son in his old age, at the set time of which God had spoken to him” (Genesis 21:2). “So Boaz took Ruth and she became his wife; and when he went in to her, the LORD gave her conception, and she bore a son” (Ruth 4:13).

God’s word teaches that life begins at conception long before the body is formed. Abortion robs God of His glory and the child of his life! Therefore, we must not tamper with what God has done.

Good Fruit
The Bible says that
Gentleness is one fruit
of the Holy Spirit.
It's a result of God's spirit working in us.
Most of us are not consistently gentle.
But the Holy Spirit can change that.
Open yourself to the Holy Spirit this week in church.

Curfews not made to be broken

DEAR HARRIETTE: I have a teenage niece who constantly comes home hours past her curfew. Recently, she came in at 11 p.m. on a school night. She doesn't seem to understand why she has to have a curfew. A few days ago, there was an incident in our neighborhood in which a couple of people got shot. The police blocked off a few streets in the neighborhood to find out what happened. During that time, we were not able to find our niece. We tried calling her cellphone, and the calls went straight to voice-mail. Two hours later, my niece showed up back at the house like nothing happened. Her mother was furious because she wasn't able to find her.

My niece's behavior really concerns me, because she thinks she is invincible at her age. Can you offer some advice on the importance of having a curfew? -- Cheryl, Queens, N.Y.

DEAR CHERYL: Many teenagers attempt to push the boundaries of their rights. It's part of growing up. So parents and guardians must manage boundaries for the safety of the children. In this case, your sister and you should sit down and talk to your niece about what's happening in the neighborhood and the importance of always being in touch. You should also reinforce that curfews exist to help people manage their time and responsibilities, as well as to promote safety. Adults self-impose time limits on their schedules. Curfews exist to help children learn how to do that.

Regarding the cellphone, your sister should make it clear to your niece that if she does not answer the phone when her family calls, she will lose phone privileges. She must learn that consequences are real.

Regarding her curfew, the next time she refuses to honor it, immediately take away other privileges. It could be the cellphone, the TV, going out with her friends -- something that you can reinforce. She has to suffer to recognize that it's time to change her behavior.

DEAR HARRIETTE: My sister and her children are planning to go back to church, and they haven't been to church in a long time. When I asked my teenage niece why they hadn't attended in the past, her response was that she didn't like the way parishioners expressed themselves. I would like to know if there's a way I can introduce God to them without all the unnecessary drama. -- Nicholas, Staten Island, N.Y.

DEAR NICHOLAS: Decide that you will not be part of the drama. If you have an active church life and your family is interested in going to your church, select people you think they would like to meet and introduce them. Very often, the way people are welcomed into an experience makes all the difference in how comfortable they feel. Introduce them to your minister and ask him or her to shepherd them a bit. If there is a Bible study class, recommend that they go to that. If they immerse themselves in God's teachings, they can better steer clear of any uncomfortable social dynamics.

More than 100 participate in Life Chain

A silent prayerful protest against abortion was held Sunday afternoon along Harlan Street in Falls City.

About 103 people stood quietly from 2:45 to 3:45 p.m. in silent prayer holding 18" X 22" signs saying "Abortion Kills Children", "Adoption: The Loving Option" and "Jesus Forgives And Heals." The chain stretched on both sides of Harlan Street from 14th Street to 23rd Street.

The Life Chain is nationwide pro-life event held annually on the first Sunday in October. It was begun in 1987 by Please Let Me Live, a pro-life group located near Sacramento, CA. The first chain was built in California between the cities of Marysville and Yuba City. Since that time the Life Chain concept has spread across the United States and Canada. This year nearly 1,750 chains were expected to be held in 1,600 cities and towns making the Life Chain one of the most widespread pro-life events in the country. The Life Chain concept uses the local churches to bring their parishioners to participate as an extension of the Sunday service. It emphasizes silence and prayer in reparation for the 1.2 million abortions performed each year in the U.S.

Prior to the event, participants gathered at First United Methodist Church to pick up hand held signs and for a short prayer service. Jim Sefried

of the Life Chain committee welcomed everyone to this year's Life Chain and introduced Reverend Lyle Schoen pastor of the Methodist Church. Rev. Schoen led the people in an opening prayer. Mr. Sefried then acknowledged the pastors of the various churches who were present and thanked them. He then introduced Phil Froeschl coordinator of the local Life Chain. Mr. Froeschl told everyone that we are winning the hearts and minds of people across the nation. This is coming about not by legislative efforts, which are deadlocked, but by prayerful participation in events such as the Life Chain and the 40 Days for Life currently in progress. After instructing everyone on how to conduct themselves on the street, he called upon Pastor Dan Farley of Faith Baptist Church to close the service with a prayer. A free will offering was taken for the benefit of the Southeast Nebraska Center For Pregnancy Counseling located in Auburn.

Members of the Life Chain Committee besides Jim Sefried and Phil Froeschl are Mid Bauer, Mary Finner, Glenda Von Behren, Karen Berry, and Janet Prochaska. More information concerning the Life Chain concept can be found on the net at www.nationallifechain.org. Information about 40 Days for Life can be found at www.40daysforlife.com.

Lady Irish sweep Freeman, D-O Still unbeaten Sacred Heart braces for rival Sterling Friday

By Jim Langan

The Lady Irish volleyball team swept both games of a triangular Tuesday, defeating Freeman, 21-15, 25-18 and 26-24 in the first match.

They then defeated Diller-Odell in two games, 25-23 and 25-15.

Sacred Heart is now 10-6 on the season.

Against Freeman, Sacred Heart came back to win the second and third games after dropping the first.

Sara Landis was a force in all three games at the net for the Lady Irish and finished the match with 21 kills on 33/37 hitting and seven blocks, unofficially. Molly Chapple passed the ball 54 times with 18 assists, unofficially.

The Lady Irish jumped out to quick leads in all three games - 7-4 in the first, 6-1 in the second and 6-3 in the third - but Freeman came back in each game to make it exciting. Freeman's first tie of the game came at 19-19, then Kylie Trobee gave the Irish fits with her jump serve and propelled her team to victory in the first game.

Sacred Heart bounced back though. Landis had four big kills and a huge ace block to lead Sacred Heart to a second game win.

After Sacred Heart's quick start in the third game, Freeman went on a quick 3-0 run to notch it back up at 6-6. The Lady Falcons took a brief 11-10 lead, but back-to-back kills by Landis put the Lady Irish back in front 13-12.

Sacred Heart, behind some strong serving by Emily Rohrer, extended their lead to 20-13, but Freeman had another run in them and battled back to 22-20. Freeman actually served with the score tied at 23's, but a service into the net gave Sacred Heart the serve back.

After Sacred Heart's next serve Trobee recorded another kill to tie it once again. She got another chance with the score tied 24-24, but missed it long.

Sacred Heart scored the next point to preserve the victory.

Chapple was a perfect 11/11 serving against Freeman with six points to lead Sacred Heart.

Against Diller-Odell, Landis led the Irish with 15/17 hitting, 11 kills and seven blocks. Janey Malcolm had four kills and three blocks.

A big second quarter led to another easy victory last Friday afternoon in Lincoln for the Sacred Heart Irish football team. The Irish tallied 24 points in the second to put away Parkview Chritian, 57-20, and improve to 5-0.

Garrett Harring had another big game at running back carrying the ball 19 times for 165 yards and two touchdowns. Quarterback Lane Scheitel carried it 11 times for 74 yards and a score as well as completing 6 of 14 passes for 93 yards and two scores. Clay Finck and David Bangert each caught a touchdown pass and Sawyer Kean and Austin Martin both scored on the ground. Martin also broke free for a 78-yard kickoff return late in the third quarter.

Both of Harring's touchdowns, along with Scheitel's touchdown throw to Bangert and kicker Yianni Haralabidis kicked a 32-yard field goal as time expired in the second quarter to help the Irish take a 31-8 lead into halftime.

The Irish defense played well, but gave up three big plays that led to the three Parkview Christian touchdowns. Senior Adam Fiala scored all three touchdowns for the Patriots. The first on a 57-yard pass from quarterback Beau Ballard and the third on a 67-yard run. The second score came when the Irish had a punt block called and Fiala, who also punted for Parkview, broke containment and went the distance for a 57-yard touchdown run.

Other than those three big plays the Irish "D" was stingy. For perspective, Parkview had 150 yards rushing and 64 yards through the air for 214 yards of total offense on 49 offensive plays. The three big plays totaled 180 yards, which means the other 46 plays totaled just 34 yards of offense for Parkview. Casey Martineau led the Irish defensively with five solo tackles along with three quarterback sacks. Harring, Thomas Froeschl and Brody Chandler each

had an interception and Sean Strasheim recovered a fumble and blocked a kick.

"We played well, but gave up three big plays that led to their three touchdowns," said Head Coach Doug Goltz. "There are times where some guys don't play until the whistle or they take plays off. We have to correct that."

The Irish will need to play a full 48 minutes Friday night during their Homecoming game when rival Sterling (3-2) comes to town. Although Sterling has struggled at times this year they still possess enough athletes who can make plays and keep it interesting. Kickoff tomorrow night is 7 p.m.

The Falls City Tigers put themselves way behind the eight ball Friday night in a 41-20 loss to Ashland-Greenwood.

Sophomore Mitchell Harling started the game with his first of six interceptions that led to a two-play touchdown drive for the Bluejays. Ashland quarterback Blake Kitrel connected with receiver Dennis Stille on the second play following the Tiger turnover for a 35-yard score with 9:32 remaining in the first quarter.

It did not get any better for

the Tigers the rest of the first half. A muffed punt that was fielded by Falls City inside their own 5-yard line was recovered by A-G at the Tige 1-yard line. Bluejay running back Jordan Scheil scored on a toss left on the next play to put Ashland up 13-0. Then, after senior Kenny Frederick provided two solid runs for the Tigers an Ashland defensive lineman made a great play on an attempted screen pass when he intercepted the throw and rumbled 41 yards for the score, which after the extra point put the Bluejays up 20-0 just ten seconds into the second quarter.

Falls City put together a solid drive though on their next possession, which was capped up by a tough 21-yard touchdown run by junior Cord Huettner. Josh Stoller put the extra point between the pipes to make the score 20-7. Huettner carried the ball 16 times for 122 yards.

Unfortunately, Ashland's Jordan Scheil returned a punt 51-yards for a touchdown with three minutes to go in the second, then another Harling interception led to another score for Ashland just a couple minutes later.

The Tigers trailed 34-7 at halftime, but Ashland had truly failed to move the ball consistently against them. The 35 yards gained on the throw-and-catch to give A-G their first score was more than they gained

offensively on three of their five touchdown scores.

Give Falls City a ton of credit though in the second half. It would have been easy to roll over, but the Tigers came out and gave great effort the second half. Harling scored a touchdown and hit Josh Stoller for a 45-yard touchdown pass in the third quarter to put Falls City right back in it 34-20 late in the third quarter.

The Tigers, however, had dug too deep a hole to climb out of and after another turnover Ashland scored midway through the fourth to put the game out of reach for good.

"I was proud of the guys for playing hard the whole game," said Head Coach Don Hogue. "We could have folded at half-time. We are playing better, finally giving a better effort."

The Tigers travel to Conestoga (4-1) tomorrow night. Kick-off is at 7 p.m.

GRANT FUNDING AVAILABLE

NATIVE GRASSLAND PROTECTION AGAINST INVASIVE WEEDS PROJECT

Earlier this year the Five Rivers Resource Conservation and Development, Inc. announced that it would receive \$39,000 from the Nebraska Environmental Trust for the "Native Grassland Protection against Invasive Weeds" Project. This money is being used by the Five Rivers Weed Management Area (WMA) to utilize a cost share program that would assist in making effective weed control affordable for landowners, land managers and other entities. This program is still available to landowners/managers on a rating basis; dependent on severity of invasion, type of invasive weed(s), native prairie in an identified Biologically Unique Landscape, and cash match (minimum requirement of 25%). The fee for the chemical and application minus the cash match would be funded through this grant. A ten (10) year maintenance agreement will be required on any entity acquiring grant funds.

The WMA consists of 9 counties in Southeast Nebraska (Saline, Jefferson, Gage, Pawnee, Johnson, Otoe, Cass, Nemaha and Richardson). If anyone is interested in applying for grant funding to control Sericea Lespedeza, St. Johnswort, Garlic Mustard, Cutleaf Teasel or Caucasian Bluestem, please contact Lyle Weber, Chairman of the Five Rivers Weed Management Area at 402.821.3326 or salineweed@diode.com or feel free to contact your local Weed Superintendent in your County. The first three rounds of applications have been reviewed and rewarded, however additional funding remains and applicants are encouraged to apply as soon as possible for the remainder of this year and/or the beginning of next year. Applications will be reviewed on a monthly basis at our Five Rivers WMA meetings.

HTRS offers ‘Energy Academy’

Want a career that is local, recession proof, well paying and high demand? Look no further than the field of energy.

This fall, HTRS High School students have the exciting opportunity to partner with business and industry and post-secondary education to offer an Energy Academy.

“The Energy Academy is unique, innovative and ideal for this area, with coal, nuclear, wind and ethanol in about a 70-mile radius,” said Holly Carr, ESU 4 Career Academy Coordinator.

The Energy Academy is a three-course progression offered at HTRS High in Humboldt, where students can explore career opportunities, engage in rigorous instruction and earn college credit. Taught by Rich Mezger, the Energy Exploration course will have guest speakers, field trips and hands-on activities.

The Energy Academy is being developed in partnership with local energy providers, Nebraska Public Power District and Omaha Public Power District.

For more information, please contact Holly Carr, ESU 4 Career Academy Coordinator, at the ESU 4 office, 402-274-4354, or Rich Mezger at HTRS Public Schools, 402-862-2151.

South School students meet author via Skype

Is it possible to have an author visit school without actually coming to Falls City? Yes!

With our Macbook computer and internal web cam, Internet, Skype software, a projector, and whiteboard, the fourth grade students at South School enjoyed a visit on Sept. 28 by author Sarah Prineas. Gail Froeschl, Media Specialist, arranged the author visit.

Skype is a software application that allows users to make free voice and video calls over the internet.

Fourth grade teachers read her book *The Magic Thief*, the first book in a fantasy trilogy, aloud to their classes prior to the event. This book is a Golden

Sower Award nominee for 2011-2012. Golden Sower is a Nebraska children's choice book award in its 13th year. Students then wrote out questions to ask Ms. Prineas during the virtual visit.

The author discussed the process she went through to research, write, and publish her books. Students were engaged and

attentive during the presentation, which connected the young readers to books and an author.

Each classroom then drew a name to receive a copy of *The Magic Thief*. Fourth grade teachers are Kris Ogle, Danita Croford, and Denise Kurpgeweit.

For more information on the author, her books, or pictures of the visit, go to www.fctigers.org

and select South School, then Staff. Under Other Certified Staff select Gail Froeschl, Media Specialist and choose the link *The Magic Thief* on the left.

McIntire team to PSC Hall of Fame

Four individuals and a basketball team will be inducted into the Peru State College Athletic Hall of Fame on Friday and

Saturday, Oct. 14 and 15. This is the 25th anniversary of the initial Induction class.

The team being inducted is the 1961-62 basketball team coached by Jack McIntire, who had coached Falls City High School football, basketball and track teams to statewide prominence in the late 1940s and 1950s. McIntire previously had been inducted into the Peru State College Hall of Fame. He is deceased.

The famous team included Richardson Countyans Bob Gibson and Darrell Herbster, Falls City; Roger Crook, Verdon, and Harvey Fraser Humboldt.

The team posted a 23-5 record and a trip to the NAIA National Tournament in Kansas City. In the first round the Bobcats defeated Mayville of North Dakota 90-74, then lost to Carson-Newman College of Tennessee 67-65 in the second game.

Individuals to be inducted include Fred Applegate, Nate Bradley, Sid Brown and Brendan Raybourn.

Three area collegiate volleyball players will be recognized by having one of their matches played locally on Tuesday, Oct. 11, when Bellevue University hosts Peru State College at Johnson-Brock High School in Johnson.

Bobcat senior Rachel Rippe and Bruin teammates Jordan Broady (junior) and Kali Schnacker (senior) take the court along with their teammates to play a non-conference match beginning at 7 p.m.

Rippe and Broady are former Johnson-Brock teammates, while Schnacker attended HTRS High School.

On this day in 1977, the NY Yankees won the AL pennant by rallying for 3 runs in the 9th to beat Kansas City 5-3 in the 5th and deciding playoff game.

Don't wait to begin bat exclusion

Bats typically are considered a frightening animal, perfect for Halloween displays, but the University of Nebraska-Lincoln's wildlife damage project coordinator said now is a good time to get rid of bats.

Bats can accidentally enter homes when they are looking for shelter in high, hot areas during the evening. In homes, these conditions are found in attics.

Nebraskans may have experienced some bat problems in their homes during the summer months, but Stephen Vantassel, coordinator for UNL's Internet Center for Wildlife Damage Management, said waiting until after August to get them out is important. He said people shouldn't wait too much longer, though.

"You can probably go all the way through October," Vantassel said. "Bats don't move when the temperature is 50 degrees Fahrenheit or lower. Bats don't move when there aren't any bugs. If you see bugs outside, chances are you'll be able to do your exclusion; otherwise you'll have to wait until next spring."

Bats can't make their own

holes to get inside homes. They get in through pre-existing holes of at least 1/4 inch in diameter. Vantassel said it's important for homeowners to identify every opening bats can use to fly in and out either by watching them fly through at dusk or finding grease smudges around holes when looking on a ladder.

Once exit holes are identified, Vantassel suggests installing a one-way door over them and sealing all other potential exits. Bats will be looking for a way to get out, and the one-way door provides a way for them to get out and sealing unused holes prevents their ability to get back in. He said the key is to seal your home while still providing the bats a way of escape.

"Make sure that you never trap the bats inside of the house because they will come into the living space," Vantassel said.

Homeowners run the risk of a potential rabies exposure if that happens, according to Vantassel, in which case everyone needs to be interviewed to ensure there was no contact with the bat. He said to assume there was contact unless proven otherwise, especially if people were asleep.

Vantassel suggests capturing bats and then contacting medical professionals to determine what should be done with them.

"If they decide the bat should be released, take it outside and release it," Vantassel said. "Otherwise, if they think the bat should be tested, you have the animal there to get it tested in the lab. If it turns up negative, no one needs rabies shots and it saves people a lot of money and a lot of pain."

New website shares insight into farming, food production

The Alliance for the Future of Agriculture in Nebraska (A-FAN) is giving Nebraskans who are interested in the safety of their food the opportunity to learn more about the state's farmers and ranchers, and the steps they take to ensure a safe and viable food supply.

Through the group's newly re-launched website, [becomeafan.org](http://www.becomeafan.org) <<http://www.becomeafan.org>>, visitors can see Nebraska's livestock farms up close and personal in a way that most people never experience.

Videos highlighting beef, pork, dairy, poultry and egg farms are available for viewing and downloading by visiting the A-FAN website at [becomeafan.org](http://www.becomeafan.org) <<http://www.becomeafan.org>>. In addition, they can find videos of veterinarians sharing their insights on animal health and food safety.

"People want to feel good about where their food comes from, and the reality is that farmers and ranchers feel the same way," said Willow Holoubek, A-FAN's organizational director.

The videos help reconnect the consumer with agriculture—a connection that has been lost over generations as fewer and fewer people live and work with or have direct ties to farming and ranching.

‘Observe the Moon’ Saturday

The International Observe the Moon Night Team consists of scientists, educators and moon enthusiasts from government, non-profit organizations and businesses throughout the United States and across the globe. The first "Observe the Moon" event was held in August 2009.

The Falls City Library and Arts Center has registered the Richardson County area as hosting an observe the moon "event." This event is a way for the International Observe the Moon Night (InOMN) team to receive input from persons regardless of age or ethnicity by simply filling out a form on the internet and submitting it.

On the night of Saturday, Oct. 8, 2011, millions of people around the world will be watching the moon, some with binoculars, some with telescopes and some from planetariums.

To participate in the library event, you need to know that the moon rises on Oct. 8 at 4:05 p.m. and will be three-quarters full. Please view the moon, as a group, as a science group from school, as a family or as an individual. At your convenience,

go to the website observethemoonnight.org, click on "What's New" and click on "Visitor Survey (Public)." The ID site is 1684. Complete the form and submit.

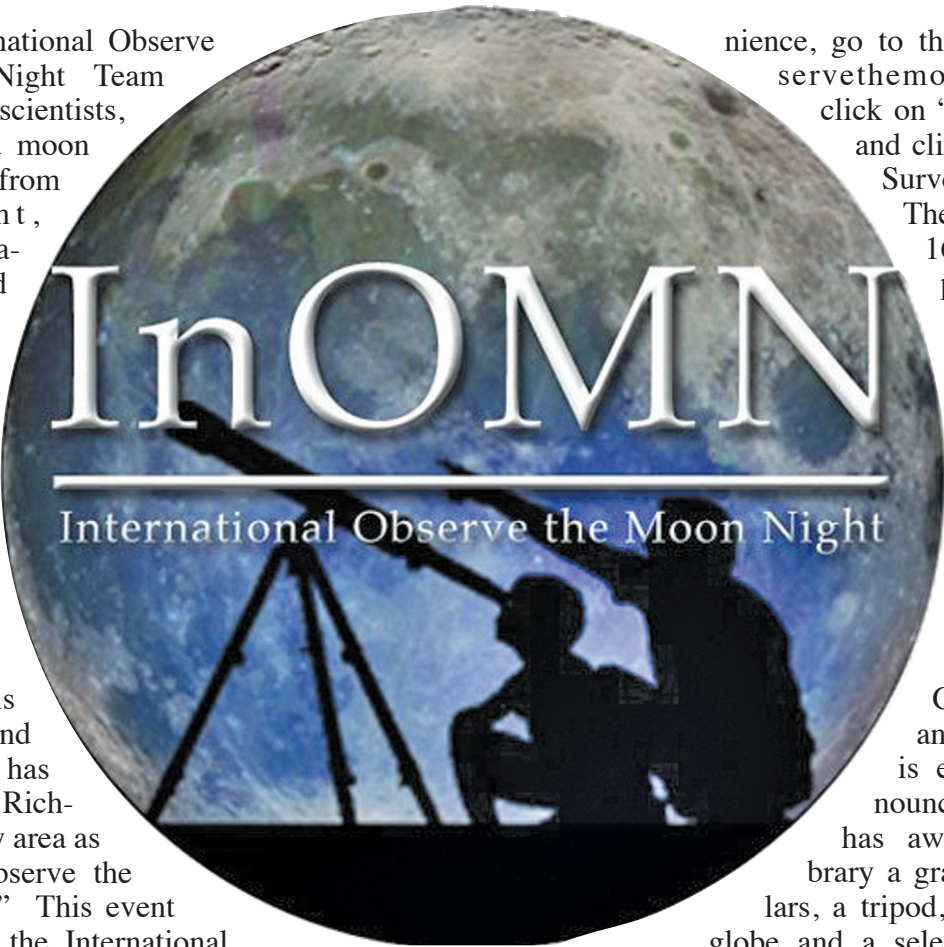

Visit the website in advance. You will find science resources, fun activities and much more.

The Falls City Library and Arts Center is excited to announce the InOMN has awarded the library a grant of binoculars, a tripod, a moon map globe and a selection of children's books and resources for schools, families or library patrons to enjoy. These items will be available for check out in the near future.

Falls City Scout Troop #396 and Scoutmaster Dave Young will partner with the library and participate in this event. The Troop is sponsored by the Falls City Lions Club and meets every Tuesday at the Falls City Elks Club.

InOMN suggests that if Oct. 8 is cloudy, to submit the report as soon as possible and report the weather conditions.

Call the Falls City Library and Arts Center at 402-245-2913 if you

line allowing us to strengthen relationships with our customers and grow the economy," said Paul Franzmann, Vice President of Operations in the U.S.

Ron and Julie Krebs, who have privately owned Airlanco for the last 11 years, finalized the deal on Monday afternoon and look forward to their years in retirement. They were very grateful for their "Airlanco family" and the community of Falls City.

"We want to thank the community of Falls City for everything the past 11 years," said outgoing Airlanco President Julie Krebs.

The Krebs informed their employees Monday afternoon and assured them business will go on as usual. AGI is retaining all of the 65 current employees as well as all the management. Doug Watkins was promoted to general manager and Franzmann noted that AGI will actually look to increase production at the 80,000 square feet plant. This means there is a high possibility for job creation in the future at Airlanco.

"There is a strong brand here that we want to grow and promote," said Franzmann. "Airlanco will compliment AGI extremely well."

The purchase price of \$11 million plus closing costs and a working capital adjustment will be financed from Ag Growth's

acquisition line of credit and represents a valuation of approximately five times Airlanco's normalized fiscal 2010 earnings before interest, taxes, depreciation and amortization (EBITDA).

Airlanco traditionally serves customers headquartered or located in North America and had sales of approximately \$11 million in 2010.

"We are very excited to add a respected company like Airlanco to our family," said Gary Anderson, C.E.O of AGI. "Airlanco is a key player in the aeration fan market in the United States and is recognized as a reputable solution provider for the high capacity fan market. In addition, Airlanco provides dust

collection and filtration systems across a broad range of several processing sectors. The Airlanco brand is known for its premium quality and commitment to customer satisfaction. Airlanco will add key product categories to the AGI catalog, strengthening our 'one-stop shop' concept and in turn allow us to better serve new and existing customers in the global marketplace."
