Devon Lee Hunzeker, 16-year-old son of Aaron and Melinda Hunzeker, of Humboldt, was traveling westbound on Highway 62 in a 2000 Pontiac Grand Am, failed to stop at the intersection four miles west of Stella and entered Highway 75. His vehicle was struck broadside by a northbound semi tractor trailer driven by 55-year-old Cheryl Van Briesen, of Ashton, IA. Hunzeker's Grand Prix burst into flames and was split in half. The young man was ejected from the car, which came to rest in the northwest ditch of the intersection. The semi came to rest approximately 500 feet north of the point of impact on the southbound shoulder, facing north.

Fiery crash takes life of HTRS junior

By Jason Schock

A 16-year-old Humboldt-TR-S High School junior was pronounced dead on the scene of a fiery three-car auto accident Saturday afternoon on Highway 75 at the junction of Highway 62, four miles west of Stella.

According to members of the Richardson County Sheriff's Dept., Devon Lee Hunzeker, son of Aaron and Melinda Hunzeker, of Humboldt, was traveling westbound on Highway 62 in a 2000 Pontiac Grand Am, failed to stop at the intersection and entered Highway 75. His vehicle was struck broadside by a northbound semi tractor trailer driven by 55-year-old Cheryl Van Briesen, of Ashton, IA. As the collision occurred, both Hunzeker's car and Van Briesen's semi struck a southbound 2008 Ford Ranger pickup, driven by Richard "Andrew" McMullen, 79, of Stella. McMullen was attempting to turn east onto Highway 62.

Hunzeker's Grand Prix burst into flames and was split in half. The young man was ejected from the car, which came to rest alongside McMullen's Ford pickup in the northwest ditch of the intersection. The semi came to rest approx-

imately 500 feet north of the point of impact on the southbound shoulder, facing north.

Both McMullen and Van Briesen were transported to the Nemaha County Hospital in Auburn, then McMullen was later flown to Lincoln Bryan West Hospital for non life-threatening injuries.

The call came in at 2:58 p.m. Also responding to the scene were members of the Richardson County Emergency Management Agency, Humboldt Fire and Rescue and the Nemaha County/Auburn Ambulance crews. The Nebraska State Patrol Troopers and NSP Carrier Enforcement assisted with the accident investigation. Crews were on the scene for some four hours.

Alcohol was not believed to be a factor, and Devon Hunzeker was not believed to be on his cell phone, either, as a phone was later retrieved from his front pants pocket.

Wall comes crumblin' down at the Falls City Elks Lodge

By Nikki McKim

A groundbreaking ceremony was more of a "wall-breaking" ceremony at the Falls City Elks Lodge #963 last week.

The "wall-breaking" marked the beginning of construction on the Elk's Lodge. The renovation project will improve the current facility giving it a more modern, wide-open look. The interior will be remodeled with new furnishings and a memorial/donor board to be placed on a prominent wall of the remodeled dining area. There will also be new plumbing and electrical and the facility should be able to accommodate 300 people.

During the ceremony, Head Trustee Rob Gerweck shared his excitement over the project. "This is something the members and community are excited about" Gerweck added "Nothing like this has happened to our lodge in the last 50 years."

Jerry Joy of the Finance Committee addressed the crowd of around 40 people by introducing the fundraising committee of Rob Gerweck, Ben Hullman, Dan Simon, Cathy Scholl and Renee Kopf and the Elk's Trustees who were able to attend: Brian McKim, Gerweck, Dan Scholl and Brian Daake. Joy

wanted to thank everyone involved with the project, "Thank you, Thank you, Thank you to all the donors and thank you to the fundraising committee!" Joy went on to explain

Exalted Ruler Brian McKim

the bid from Ayars & Ayars, Inc. came in \$5,000 under which will help with the purchase of furniture and other furnishings needed for the new space. Many local contractors will be used for the project. Joy also said in the future they

plan to add a deck on the south side of the building.

Exalted Ruler Brian McKim spoke of how the Elk's are trying to be progressive, just like many other businesses in Falls City. McKim also spoke of how many other lodges are in awe of their ability to raise the funds needed for such a project.

Water main break on Harlan relatively easy fix

By Jason Schock

A Sunday afternoon water main break in the intersection of 16th and Harlan Streets sent City officials scrambling and City workers punching in overtime, but was quickly diagnosed and remedied by the end of the workday Monday.

Falls City Utility Supt. Alan Romine said City crews cut an approximate 12-feett by 6-foot hole in the concrete and, depending on the weather, it could be all patched up before the end of the week. Regardless, the highway will remain open.

"We'll see, but it doesn't seem like it washed out too badly," Romine said. "I don't think we lost more than 100,000 galons of water, which isn't much when you consider our overall daily usage. I know we've had worse, that's for sure."

The main broke Sunday afternoon and workers quickly slowed down the gusher to manageable levels. The break was pinpointed to within "three to six inches" Monday, concrete was cut and the leak was fixed.

"It happens every once in a while," Romine said. "The ground shifts and you break pipes. It took

us a little while to find it - the guy had to travel from up around Des Moines, IA. Now it'll take a little while to dry and then we'll patch

the road."

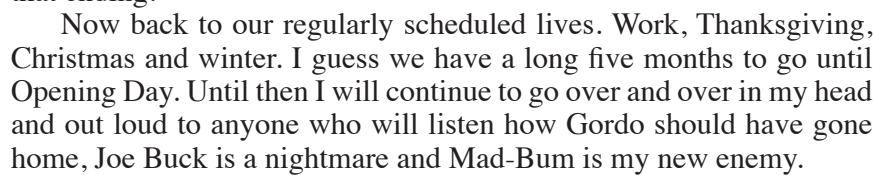

The southbound lane was closed Sunday night and throughout Monday. "We didn't want heavy trucks driving on it," Romine said.

Romine said despite five City workers putting in overtime, \$3,000 lost in water and the concrete work, which is never inexpensive, the total bill should remain under \$10,000.

‘District 56...will continue on our mission to ensure our students graduate with strong skills that will help them become innovative, resourceful, resilient and responsible citizens’

- District 56 School Supt. Tim Heckenlively

By District 56 School Supt. Tim Heckenlively

Welcome to the 2014 State of the Schools Report.

The State of Nebraska requires every public school in the State of Nebraska to conduct standards-based reading, math, science and writing assessments (NeSA) in grades 3-8 and 11. The results of the state standards assessments are helpful to teachers, administrators, parents, patrons, and school board members in evaluating and improving both student and school academic performance. The State of the Schools Report, published by the Nebraska Department of Education, provides K-12 Public Schools and the general public information for all Nebraska public schools as well as for individual school districts and school buildings. The full report can be found at: <http://www.education.ne.gov/>

While the information provided in the annual State of the Schools Report is helpful to educators and communities, it’s also important to understand the assessment results are only a small snapshot of a student’s and/or school’s performance. The instruction, achievement, and success that occurs on a daily basis in our schools, provide tremendously more information to guide School District 56 and ensures our students are career and college ready by the time they graduate from high school.

In order to provide a summary of the State of the Schools Report as it relates to the Falls City Public Schools,

our top strengths based on the data include:

- New test results show FCPS students scored higher on their 2014 state reading and mathematics tests — higher than in previous years.
- FCPS students exceed the state average in mathematics and science achievement.
- Falls City High School’s graduation rate exceeds the state graduation rate by nearly 2% at 90.14%
- Falls City High School’s overall ACT composite score for 2014 improved by 1.4 points over 2013, and is currently .5 above the state average composite score and 1.2 points above the national average composite score.
- Attendance rate for FCPS ranks above the state average at 96%, largely as a result of parental support and student responsibility.
- Early Childhood Education programs demonstrate 3-year old & 4-year old children involved in our program outperformed their peers across the State of Nebraska in social-emotional, language, and mathematics developmental expectations.

The assessment results prove that FCPS students are continuing to improve their scores and achievement in the core academic areas. Not only do our students continue to show improvement and exceed academic expectations, they rank among the top schools across the State of Nebraska in mathematics and science achievement. These particular strengths can be attributed to key instructional strategies being implemented that include the district-wide Continuous School Improvement goal “All Falls City Public School students will increase their achievement in math problem-solving across all content areas”. Additionally, data-driven decision-making and parental support are key instructional strategies impacting the achievement gains.

The areas most in need of improvement for FCPS as defined by the results of the State of the Schools Report 2014 are the achievement of special education students and students that are considered highly-mobile, which is defined as the frequency of their families repetitively moving in and out of school districts on a frequent basis. We are taking a straightforward approach to improve the content delivery, increased exposure to core curriculum, professional development, and intervention practices based on current performance data analysis, and improvement is expected.

Providing increased support, academic options and services to at-risk youth in our community continue to be increasing challenges for our school district. Locally, our faculty and administration work closely with students, parents, and local/state agencies, when necessary, to improve a student’s chances of successfully completing high school and earning a diploma.

Although our students continue to show academic improvement and proficiency, and our students are earning their all-time best scores in reading, mathematics and science, parents and patrons however, may be questioning how the federal government can consider our elementary school in need of improvement when they are improving. The federal school accountability system is misleading and flawed. The federal system mislabels schools. According to the requirements of the federal No Child Left Behind policy, every student, regardless of disabilities, language deficits, or other circumstances, must be proficient in reading and math as measured by the state tests. The federal expectation that 100% of all students are proficient on the state assessments just isn’t practical.

The Nebraska Department of Education also does not agree with current federal policy, and does not believe that all of our schools are low performing.

Under the federal law No Child Left Behind, 480 Nebraska schools and 52 districts were designated in need of improvement because 100 percent of the students were not proficient as required. As a result, federal sanctions will be applied to 265 of those schools and to 50 districts. Sanctions requiring districts to set aside funds, offer school choice or tutoring or to restructure. Congress was scheduled to reauthorize the law in 2007 but that has not occurred, frustrating educators and policy makers in many states. In the meantime, the Nebraska State Board of Education and the Nebraska Department of Education have been working on a new state accountability system, A QuESTT.

In summary, academic proficiency is essential in life, the workplace and at college. The District 56 Board of Education, administration, faculty, and staff, combined with overwhelming parental and community support, will continue on our mission to ensure our students graduate with strong skills that will help them become innovative, resourceful, resilient, and responsible citizens.

On behalf of School District 56, thank you for your support of our school.

SEZ I

Greed & Stupidity

Ever wonder why the government makes up all these seemingly stupid rules and regulations and red tape? I used to get that asked that of me all the time when I was with Federal Crop Insurance. I would reply with three words:

Greed and Stupidity.

I saw how people would try and cheat the insurance companies. Each year more seemingly stupid rules would come out, so to try and keep one step ahead of either greed or stupidity. The rest of us have to pay the price for these people.

Awhile back you probably read of the government’s new rules they want to push over us. The new rules and regulations for farm children and labor laws. We all shook our heads and rolled our eyes. When will it ever stop? How stupid these new rules were. Who knows better than us how to raise our own kids on our own farms?

Saturday I saw why! Going south down Harlan were two large combines. Right behind was a large tractor and auger wagon. What I saw in the cab I couldn’t believe. A very small child whose feet I don’t believe could touch the floor. I mean small, driving with no one else with him.

All kinds of situations ran through my mind that it could possibly and very quickly go wrong here. How would this small child react and how bad would the accident be?

I just kept asking myself how could anyone put that child in that kind of danger and not think or care about what could happen to anyone else?

Remember those three words I spoke of earlier. Which one do you think applies here?

(TOP) FCSH senior Sawyer Kean rushed for 203 yards and two scores and added a 49-yard TD reception in his team’s 52-13 Class D2 State Playoff win over Emerson-Hubbard Thursday at Jug Brown Stadium. Wednesday the Irish travel to Stuart to face a good Broncos team with very bad memories of Kean, Austin Malone and FC Sacred Heart. To get you caught up, FCSH just scored again in the 2013 State Title Game. (RIGHT) Irish freshman Christian Harring finished the first of what will very likely be many high school playoff football games with eight total tackles - six unassisted, like here. (BOTTOM) Senior Ben Mullins recorded five tackles Thursday.

There’s a theory among sleep scientists that people who experience recurring dreams have some sort of trauma in their past they are trying to deal with. Those dreams, then, become

nightmares when they cause strong feelings of fear, sadness or anxiety.

Traumatic events cause nightmares.

On that note, sleep tight, Stuart.

The FC Sacred Heart football team and its fans may not be overly excited about a six-hour bus ride north Wednesday that once the wheels finally come to a stop for the 3 p.m. kickoff they will be in considerably closer geographical proximity to Rapid City than Falls City. Boredom, not fear, is Wednesday’s Irish enemy.

Fear undoubtedly lies in the hearts of the Stuart Broncos, who know that bus will eventually hit its brakes. Nobody knows like Stuart that Sacred Heart can turn any eight-man football field into their own private Badlands.

“They just got us in such a big hole.

Then it just snowballed on us,” Stuart Coach Lance Howitt said 11 months ago, after his team surrendered 56 unanswered points in a 63-14 FCSH Class D2 State Championship victory at Memorial Stadium.

“We only have one senior. The other kids have got to learn from this,” Howitt went on to say.

Better yet, learn to forget it. All of it.

The Irish scored eight-straight touchdowns during one stretch of the game, converted 8-of-9 third downs and committed just one penalty to win the storied school’s first state football title in 19 years and seventh overall. Though they’ve now reached the state playoffs an ongoing state-record 28 consecutive seasons and only two schools – Creighton Prep and Humphrey SF – have appeared more times, that was Doug Goltz and Sacred Heart’s first appearance at Memorial Stadium. Perhaps even its finest moment.

“It was pretty flawless,” Goltz said. “We didn’t make many mistakes. I can’t say enough.”

To be sure, Stuart is a year better and much has changed for Sacred Heart in 11 months, notably a stack of very heavy letterjackets. FCSH is the seventh seed and, frankly, the team had two big games this season and lost them both. But two guys who accounted for five of those Irish state championship touchdowns last November – seniors Sawyer Kean and Austin Malone – will be on the bus to Stuart this November. Kean just rushed for 203 yards and scored three times in the 52-13 opening-round victory over Emerson-Hubbard and Malone ran and threw for four himself. Coach Howitt need not worry about his team learning from that game – in their minds, anyway, they know these guys far too well.

“We have a lot of kids out and have experience,” Goltz said. “We aren’t as deep as I’d like us to be, but our JV has gone 21-0 the last three years. We’re not as good as we were a year ago, but how good is the field? I think a lot of teams aren’t as good as they were a year ago. I still think we’re capable of getting to the finals. I think we have the skill players and the size, too. We just have to get hot and get on a four-game run to get to the finals.”

The aforementioned lack of depth

Photos by Dave Davis

took a major hit last week when junior end and defensive back Henry Arnold suffered a broken right fibula in the first quarter against Emerson-Hubbard on a 48-yard interception return. And FCSH saw what can happen without Kean on the field in a 46-20 loss to Exeter-Milligan on Oct. 10. The Irish led 20-8 before he got hurt.

FCSH is a totally different team with a healthy Kean running the ball and Goltz said they’re a different team than they were in week one, when a group of first-time starters surrendered a 48-34 third-quarter lead in a 56-48 loss to North Andrew, MO.

“I think our kids really learned more from those losses than they did any of the games we won,” Goltz said. “I know our line is a lot better than it was the first game of the season.”

The Irish are big and strong up front and also platoon more than you might expect. Seniors Logan Scheitel (220) and Ben Mullins (205) don’t really come out, but 272-pound sophomore Bryant Jorn has become mostly an offensive lineman as the season has progressed, while 248-pound junior Reggie Johansen has taken over at defensive tackle. Furthermore, junior Bailey Witt, who was injured all last year, has emerged as the team’s top downfield threat (he caught two passes for 43 yards Thursday) while 217-pound sophomore linebacker Austin Ahern strictly hits people on defense.

“A lot of teams this time of year are ready for football to be over,” Goltz said. “Our kids got a taste of what it’s like to make a deep playoff run last year and I know they want that. They know what it took, now it’s just a matter of doing it,” he said.

Sleep on THAT, Stuart.

When Falls City High Head Football Coach Darin Fritz sat down Monday to discuss his third Tiger team, there were countless directions from which to start the conversation.

Obviously, there were the eight wins against two losses this fall, the second district title in three seasons and the third consecutive winner and playoff qualifier. It’s a record he is - and should be - proud of, but framed by him in the context that his ultimate goal for all his players is that they enjoy the overall experience. Nobody likes to lose, so, yeah, it’s important to celebrate more Fridays, probably, than you evaluate. At the end of the day, though, just one team can celebrate a state title. So since a season-ending loss is part of the experience, there’s more to it than just touch-downs, turnovers and final scores.

He could’ve gone off about an

FC High senior Zach Jordening streaks across the middle and makes a one-handed 17-yard catch during the Tigers’ 35-6 Class C1 State Football Playoff loss at Norfolk Catholic Friday afternoon.

FCHS senior Maygan Ramsey served the Lady Tigers from 18-11 to 24-11 in the third game of their straight-set victory over Wilber-Clatonia Monday night at the Class C1-1 Subdistrict Tournament at Beatrice High School. FC, now 21-8 on the year, plays Auburn at 7 p.m. tonight at Beatrice HS for the C1-1 Sub-district Final. The Tigers beat Auburn in two games in mid-September in FC.

Another victory would send the Lady Tigers to the Friday, Nov. 7, Class C1-1 District Final against 14-17 Ashland-Greenwood at a site to be determined. The Bluejays advanced with Monday wins over Conestoga and Syracuse.

This Falls City High School volleyball team has already set a school record with victories in a single season and is two wins from being the first Lady Tiger team to qualify for the state volleyball tournament. With 21 wins on the fall, FCHS could feasibly match the program win total over the previous six years combined (25).

8-1 district championship season being rewarded with a trip to none other than Norfolk Catholic - and the ensuing 35-6 loss - in the first round of the playoffs. Of course it wasn’t “fair” and Falls City had “match-up” issues with Catholic. Who doesn’t?! The coach didn’t convey bitterness about the draw - actually, he tipped his cap: “That’s a very good football team,” he said.

Norfolk Catholic is a perennial state title contender and has been Nebraska’s Class C football bully for much of the past 20 or 30 years. They opened up a 21-0 lead in the first quarter, led 28-0 at half and put up its final tally with a 67-yard touchdown pass on the first play from scrimmage in the second half.

Falls City got on the board with 6:12 to play in the game on a one-yard run by senior Brenden Heckenlively.

On eight of 10 nights this fall it was Fritz’ football team putting up the gaudy numbers on the scoreboard and on the stats sheets. They scored more more than 36 points per game and nearly doubled up the op-

How We Teach and Learn History

There is no town left, but today you can go to visit the area where Jamestown started and see copies of the ships on which the first settlers sailed to get to a new land. There are also models of the English fort and a Native American village that you can study to learn how the people lived then.

Can you find and circle these things people are using or doing to teach people about the history of Jamestown?

Words From the Powhatan Language

Read each word and match it to its definition:

Captain John Smith, one of the founders of Jamestown, Virginia, recorded about 50 Powhatan Indian words. William Strachey, a writer, recorded about 500 words. They spelled the words based on their sounds. The language of the Powhatans is no longer spoken, but people are studying the language. And, some words we use today, such as "raccoon," have come from this language!

1. opossum
2. tomahawk
3. moccasin
4. raccoon
5. muskrat

A. a hand axe used as a tool or weapon
B. nocturnal creature with a striped tail
C. animal with a ratlike tail; related to the kangaroo!
D. rodent that lives partially in water; has strong odor
E. leather shoes, usually made from deerskin

1. pone
2. pecan
3. hominy
4. hickory
5. persimmon

A. hard wood from this tree is used for tool handles
B. flat cornbread, made without milk or eggs
C. fruit, orange and sweet
D. ground corn, used to make grits
E. these "seeds" are baked into a favorite pie

Take a look at these 3 words to see how their spelling has changed!

1. opossum from "aposoum"
2. tomahawk from "tomhikon"
3. raccoon from "rokoahamin"

Make Your Choice
Who deserves our devotion? Whose values should we share?
At some point, our lives reflect our choices.

how we could raise this much money, my response was to tell them that we had a great fundraising committee and many great people in our community and across the country who believe in what we are doing.” McKim also went on to thank the finance committee, donors and supportive community.

The renovation is expected to last 10 weeks. The Elks Lodge will remain open during the construction. Donor names and memorials will be etched on a prominent wall upon completion of the project. Please check your information and inform a trustee or committee member of any corrections. You can make a donation or increase your current donation at any time, but the committee is looking to finalize this list by Dec. 1, 2014.

VETERANS DAY IN SHUBERT
Shubert Legion Post 222 and Auxiliary Unit 222 will be hosting a luncheon in honor of Veterans Day at noon Tuesday, Nov. 11.

This is for all veterans, members and anyone from the community who would like to attend in observance of the occasion. The lunch is free prepared by Auxiliary members and will be held at the Legion building.

At 8:30 a.m. the Auxiliary ladies will be presenting a Veterans Day program at the Table Rock school with the help of the Table Rock Legion and Auxiliary members. This is open to the public and everyone is encouraged to participate and show your honor for all veterans.

SHUBERT AL UNIT MINUTES
The Shubert American Legion Unit 222 met at the Shubert Library on Oct. 14. President Tana Brown called the meeting to order with nine members present. Members recited the Pledge of Allegiance and the ALA Preamble, sang God Bless America and the opening prayer given by Chaplain Eleanor Last.

Secretary Elizabeth Ketner read the minutes of the last meeting. The treasurer’s report was given by Lana Willman and approved by the members. Mrs. Brown informed the group that Steve and Kelli Kennedy would like to donate a folding table to the Legion in honor of Steve’s father, Leroy Kennedy.

As part of our fundraiser on Saturday, Nov. 15, we also will be holding a fundraiser with the Tupperware dealer. All members were given books and ordering materials.

The unit will present a program in honor of Veterans Day, Tuesday, Nov. 11, at the HTRS schools at the Table Rock location. Mrs. Brown will make the arrangements. Everyone is invited to attend.

Next month will be collections for boxes to be sent to our servicemen. We will also collect food for the SENCA foodpantry.

Halloween safety coloring books were distributed at the Stella Halloween costume contest for children of the area.

Mrs. Patchen, county president said all plans for County Government Day, Nov. 17, are finalized. Four members volunteered to bring brownies for part of the meal.

All members were encouraged to vote Tuesday, Nov. 4.

The meeting closed with prayer by Mrs. Last.

The next meeting will be Nov. 11 at 4:30 p.m.

FCPD receives grant for two in-car cameras

The Falls City Police Dept. is receiving grant funding assistance for obtaining two in-car camera systems, according to Fred Zwonechek, Administrator for the Nebraska Office of Highway Safety.

“This highway safety grant funding in the amount of \$7,000.00 will aid the Falls City Police Department in purchasing two camera systems,” Zwonechek said.

Nebraska has once again qualified for highway safety alcohol incentive funds. The Nebraska Office of Highway Safety has utilized this funding to aid local area law enforcement in obtaining in-car cameras and alcohol testing equipment used to assist in the apprehension and conviction of drinking drivers.

“The funding and the ongoing persistence of law enforcement personnel continues to impact alcohol-related crashes and the resulting injuries and fatalities,” Zwonechek said.
