Morehead scaring up funds for St. Jude

Whether you find yourself out celebrating the spooky season on Saturday, Monday or even the Tuesday after Halloween, make sure you work your way over to 2016 Lane Street in Falls City for a spectacular display for a wonderful cause.

Jay Morehead of Falls City has his creepy Halloween decor out again this year and it's bigger and better than ever, but now he's raising money for St. Jude Children's Research Hospital. Morehead is only one of six participants in the entire state of Nebraska.

This nationwide fundraiser for St. Jude has grown through social media, with over 500 houses participating in 47 states.

Morehead, the "Clark Griswold of Halloween" said he read about the fundraiser last year and wanted to participate.

"Skeletons for St. Jude" originated in North Carolina in 2020, with one man, Jeff Robertson gener-

ating \$8,195 from his skeleton Halloween display. His effort touched many, including a two-year-old girl going through treatment. The following year Robertson was inspired to go even bigger, creating a Facebook group bringing in 1900 members nationwide.

This year's goal is to raise 100,000 dollars for St. Jude Children's Research Hospital bringing the overall total raised since its inception to a quarter of a million dollars. As of Saturday, October 22, 2022, the total raised this year had passed the goal of \$100,688!

There's quite a bit to see at Morehead's home. Many of his incredible displays are homemade, with some donated along the way.

"I've been able to put a lot of it together," said Morehead. "This year, we really kind of went all out because of St. Jude."

The display and opportunity to see his work will

Completion of 33rd Street paves way for commercial development plans

Construction of 33rd Street is nearing completion north of Falls City. The new street has been two and a half years in the making and will connect Community Medical Center and Highway 73, making access to the hospital and fire station easier. Construction started near the end of August and should be completed by Rulo Transportation around the beginning of November.

With the construction of 33rd Street wrapping up, EDGE is now looking at the 19-acre commercial development North Commercial Corridor plan in that area. EDGE is working on master planning for the site.

"We're targeting a specific market out there to try to help all our Ag community with diesel

sales," said Froeschl. "Then trying to figure out what else kind of fits into place from retail, hospitality, medical, service industry, anything like that."

Froeschl is adamant about not taking from downtown. "I'm working with the Chamber, Amber, to figure out what's vacant downtown, what's available. We don't want to take from downtown, that's for sure."

He said EDGE is open to finding some local investors or a group of investors to recruit for this.

"I think part of my duty here is to build something and bring in some rent to help pay for their investment," said Froeschl. "We're trying to look at all those pieces to see what fits

In advance of the upcoming Veterans Day holiday, Richardson County announced that county buildings would be illuminated green November 7th through the 13th as part of Operation Green Light, a new national collaborative initiative of the National Association of Counties (NACo) to support military veterans, as well as raise awareness about the unique challenges faced by many veterans and the resources that are available at the county, state, and federal level to assist veterans and their families.

The new national collaborative is spearheaded by the National Association of Counties and the National Association of County Veteran Service Officers, building upon the successful efforts of the New York State Association of Counties and the NYS County Veteran Service Officers' Association in 2021.

Since the tragedy of September 11, 2001, the nation's voluntary military force members and their families, have made immense sacrifices for our safety and security over a two-decade period. Similar to the sacrifices of previous generations of our armed forc-

TRANSFERRABLE SKILLS: TEACHING RESILIENCE, HUMILITY AND SELF CONFIDENCE THROUGH YOUTH SPORTS

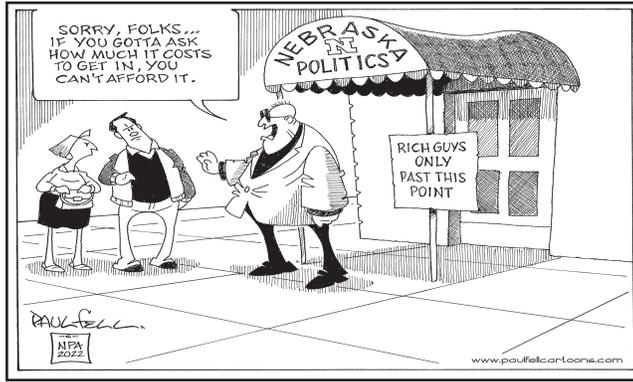

By Kelly Evans-Hullinger, M.D.

I love sports. I have enjoyed playing and watching sports for as long as I can remember. And as someone who participated in a sport year-round in high school and continued in athletics (soft) in college, I am constantly grateful for the large impact being able to play competitive sports has had in my life.

Now I am a parent, a proud coach of a young girls soccer team, and a more casual observer of youth athletics. I see youth sports through the lens of how they can impact our kids. Statistically, most children who try a sport or activity while young will not compete in that activity in high school; still fewer will go on to college athletics, and of course hardly any will play a sport professionally. But I still think, if done with the right goals in mind, prioritizing fun and learning, sports can do amazing things for children as they develop.

All sports can teach resilience and humility. Learning a new skill - walking on a balance beam or hitting a fast ball - is difficult but can be done with effort and persistence. Children can learn to manage their emotions and actions when things are not easy, because running a mile or making a putt takes persistence. They can learn to accept coaching and constructive criticism, skills we can all use as adults. They can quite literally fall down on the field or the court and learn to get back up and try again.

Another influential facet of sports is social. Being on a team teaches kids valuable social skills. Each child in a team sport will take a turn on the bench or sideline and learn to cheer on their teammates. They can encourage their teammate having a difficult time at practice. They can learn to offer a hand to an opponent who has fallen down. And they can learn how to respectfully shake their rival's hand after losing, winning, or playing for fun.

RICH REPUBLICANS FUNDING FIGHT AGAINST RINOS

Capitol View Nebraska Press Association By: J.J. Schmidt

Leave it to the Republicans to pick on their own. Leave it to the short-temper Nebraska Governor to lead the charge.

Yes folks, Governor Pete Ricketts is the first and only funder, so far, of a political action committee that is seeking to block the election of a term-limited Republican state senator seeking election as a University of Nebraska Regent. The state Accountability and Disclosure Commission said Ricketts has given \$314,000 to the Nebraska Future Action Fund.

That group has spent about \$51,000 to campaign against outgoing State Sen. Matt Williams of Gothenburg who is seeking a Regent's seat. All because, according to Ricketts or somebody, Williams is a RINO - Republican In Name Only. Political dictionaries define that as a disparaging term that refers to a Republican candidate whose political views are seen as insufficiently conforming to the party line.

The phrase, without the acronym, dates back to President Theodore Roosevelt who in 1912 left the Grand Old Party to start the Progressive Party. Political observers say it surfaced again, with the RINO label, in an article in the New Hampshire Union Leader in the 1990s.

We have no idea who determines the party line or what criteria are used to determine when someone is no longer following it. I have a pretty strong sense that in Ricketts' case it's based on a grudge linked to some vote that didn't go his way. In all fairness, Williams isn't the first to face the wrath of Ricketts' considerable wealth.

The PAC itself is shrouded in some mystery. No website yet, no spokesperson to comment. Nothing from Ricketts himself. Both Williams and his opponent Kathy Wilmot, also a Republican, said they knew nothing about the PAC's goals. It has spent money on radio attack ads calling Williams a "liberal RINO." Ricketts directly donated \$10,000 to Wilmot's campaign.

She also counts former Governor Kay Orr and failed gubernatorial candidate Charles Herbster as supporters in the nonpartisan race.

Williams recently told media that his history in the Nebraska Legislature proves he has supported conservative policies like tax relief, abortion restrictions and increasing gun access. "And those are the real facts," he said. He also believes his votes to override Ricketts' vetoes on bills: to raise the gas tax for highway construction; repealing the death penalty; and granting driver's and professional licenses to DACA recipients are what got him in trouble with Ricketts.

I've said this before, it is NOT illegal for the Ricketts' family to use their own money as they see fit. I do have to ask if the Governor is governing or trying to buy influence and control outcomes.

Earlier this year, Ricketts contributed nearly \$1.28 million to Conservative Nebraska, a PAC

that ran advertisements opposing Herbster and Sen. Brett Lindstrom - two Republican candidates for governor who challenged Ricketts' preferred candidate, and the eventual winner of the primary, Jim Pillen.

But he's not the only wealthy Nebraska political figure exerting financial force on state politics. Herbster formed Nebraska First PAC in August to oppose secret ballot voting to determine leadership roles in the Nebraska Legislature, and support permit free carry of concealed firearms.

The Ricketts family was the primary door behind efforts to get a voter ID bill on the November ballot. Ricketts was also the major donor on the ballot effort a few

years ago to get the death penalty reinstated. Ironically, he was also a major proponent of the "Choose Life" license plates. I guess that means some life.

On top of everything else, the disturbing thing in all this is the use of this money for negative attack advertising. While it's allowed under state law, it shouldn't stop people from doing their own research.

Let's hope that we can somehow break this cycle of rich, vindictive governors. It does nothing good for democracy.

Veterans Service Office encouraging everyone to participate in 'Operation Green Light' in support of local veterans

(Continued from Page 1)

es, this service to country also often results in significant stress to many of the veterans who served in times of war and conflict. We want to make sure our veterans and their families know that their service mattered, that we are grateful for their sacrifices and that it is now our turn to make sure they are served by their county government and our community.

In addition to lighting county buildings, residents and businesses are encouraged to participate by simply changing one light bulb in their house to a green bulb. This can be an exterior light that neighbors and passersby see, or an interior light that sparks a conversation with friends.

By shining a green light, we let our veterans know that they are seen, appreciated, and supported. While this event is focused around the week of Veterans Day

(November 7th -13th), participants are encouraged to continue shining the light year-round. Residents can share their participation on social media using the hashtag #OperationGreenLight.

"Operation Green Light is a simple way to express our collective appreciation for the public service of our veterans," said NACo President Denise Winfrey. "We encourage everyone to join us in displaying a green light for our veterans and to also reflect on how we, as a nation and at the county level, assist our military service personal back into civilian life upon completion of their service to our country."

Visit nacoo.org/operationgreenlight for more information and links to resources available to veterans.

Shubert American Legion Auxiliary Unit #222

By Tana J Brown, Secretary
The Shubert American Legion Auxiliary Unit 222 met on October 11, 2022, at 7:00 pm at the Shubert Legion building. President Dona Hall called the meeting to order, and chaplain Linda Patchen gave the opening prayer. The Pledge of Allegiance and the American Legion Auxiliary Preamble were recited. The meeting was declared convened.

The roll call was answered by six members.

Judy Schlosser read the minutes of the September 13 meeting in the absence of Secretary Tana Brown. They were approved as read.

Treasurer Judy Schlosser requested to dispense with a reading of the Treasurer's report since everyone present had a hard copy of the financial report. The report was approved by a motion from Vicki Beilke and seconded by Linda Patchen. Linda Patchen submitted a bill to pay for Veteran's Day cards. It was approved to be paid by a motion from Vicki Owings and seconded by Elizabeth Ketner. The amount will be paid from the VA & R funds. Vicki Owings will address and sign the cards. Poppy money collected for 2022 was \$233.71. The Unit appreciates everyone in the local communities that donated to this worthy cause. Elizabeth Ketner made a motion to divide the funds between Department and President Dona's Veteran appreciation gift bags. The motion was seconded by Vicki Beilke.

Reports: Linda Patchen made 75 tray favors for October that were sent to the Omaha, VA. A thank you for these was read. The 10 for Education project has been completed for the HTRS School care closet. President Dona reported that items are still needed for the Veteran's appreciation gift bags. The bags have been decorated by members of the Unit. The Shubert Auxiliary was represented at the Humboldt Fair parade and District 13 President Anita Lang joined them in the walk. Litter pickup is scheduled for Wednesday, October 19, at 9 am.

Honoring 150 years of Arbor Day and 50 years of the Nemaha NRD

In celebration of 150 years of Arbor Day and 50 years of Nebraska Natural Resources Districts, Nebraska City Tourism and Commerce has partnered with various NRDs throughout the state to gift a tree to every county over the course of the next year.

"On the first Arbor Day in 1872, one million trees were planted across Nebraska," said Tammy Patsch, Tourism and Promotions Coordinator for Nebraska City Tourism and Commerce. "Those early citizens saw the value of the new tree planting holiday and it's time Nebraska City, as the home of Arbor Day."

New Business: Shubert will be hosting the Fall Roundup on October 15. Members are encouraged to attend and show their support. Everyone is to bring a salad for the luncheon at 11:30. County Government Day will be October 27, followed by the County Auxiliary annual meeting. Three pans of brownies or cookies are needed for the event. The Veterans Day program at HTRS is scheduled for November 11 at 9 am. November is Education month. Members will again take cookie trays to the teachers and staff at HTRS. Cookies are to be delivered to Dona Hall by November 15, so Tana Brown can deliver them to the school. Linda Patchen is working on a Christmas Tour of Homes. If anyone would like to participate in this, let her know.

Due to several members working the election on November 8, a motion was made by Elizabeth Ketner to move the November meeting ahead one week to November 1. Linda Patchen seconded the motion.

Chaplain Linda Patchen gave the closing prayer. President Dona Hall declared the meeting adjourned.

The partnership, called The Gift of Trees, includes the Nemaha Natural Resources District with tree plantings in Johnson, Nemaha, Otoe, Pawnee, and Richardson Counties during the last weeks of October 2022.

To kick off the project in this area, a red maple will be planted at the Nemaha NRD Headquarters east of Tecumseh on Highway 136 at 2:30 p.m. on Friday, October 14.

A sugar maple will be planted at the Pawnee County Courthouse in Pawnee City on Monday, October 24, at 9 a.m. At 11 a.m. that day, a bald cypress will be planted at Peru State College, representing Nemaha County. The Otoe County tree planting will take place at 3:30 p.m. Monday afternoon in Syracuse.

On Tuesday, October 25, at 9 a.m., a sugar maple will be planted at the Johnson County Courthouse in Tecumseh. The planting in Richardson County will be held on the campus of Falls City Sacred Heart High School (1820 Fulton St.) at 2:30 p.m. on Monday, October 31. Costumes are optional. All tree plantings are open to the public.

Representatives from Nebraska City have been traveling Nebraska throughout this fall and will continue to do so into next spring to continue this statewide tree planting project. They hope to reach all 93 counties by next fall.

The Gift of Trees project is supported by the Friends of Arbor Lodge Foundation, the Nebraska Statewide Arboretum, and the Nebraska Forest Service.

"Community forests in Nebraska face a variety of challenges that can lead to their decline," said Ashley Rippe, Information, Education, and Grants Coordinator for the Nemaha NRD. "These trees truly are a multi-generational gift. We are so excited to be a part of this partnership."

RIGHT OR WRONG, IT'S MY OPINION.

BY BRIAN MCKIM

Don't let anyone tell you that you are too old to do anything. Proof and point, yours truly ran his first half-marathon on Sunday in Lincoln at the age of 46. Was it easy? Not at all. Was it worth it? Absolutely 100 percent.

At 8:30 on Sunday morning, I joined 6,000 of my closest friends to compete in the Good Life Halfs in Lincoln. The start line stretched through the parking lot at Seacrest Field for as far as the eyes could see. I've been fighting calf issues and sciatic pain and was concerned about how this would affect my run. To my surprise, neither one flared up on Sunday, allowing me to run the race relatively pain-free.

The race began with a lap around Lincoln East High School and then south down 70th Street. At about the one-mile mark, a marching band greeted the runners, one of many acts along the way to encourage the group. The best part of the race was the fans that lined the 13.1-mile course. High-fives were plentiful and the signs that kids made were the best.

At about the four-mile mark, we entered the Holmes Lake area, providing beautiful scenery to take your mind off the pain that was beginning. As we exited the Lake area, we started a slight descent down Normal Blvd., which provided good shade along the path as the temperatures started to creep up. Did I mention that Lincoln set a record high, not to mention high winds the entire time? When I hit 48th and Normal, I spotted Nikki and Alex along the side of the road. Alex was holding a big sign he had made and Nikki was cheering me on and taking pictures, this was about the seven-mile mark and I wanted to stop so bad. However, I knew I had one more cheering section ahead of me and I didn't want them to see me walk, so I continued to push forward. About half a mile down the road, I spotted my nieces, Lucy and Olive; nephew, Henry and sister-in-law, Cori, sporting encouraging signs. I made my way to the side of the road for some high-fives and kept pushing forward.

Somewhere between mile eight and mile nine, I hit a wall. At that point, I was forced to walk for the first time. From that point to the end, it was a battle of mind over matter. I made a deal with myself that allowed me to walk one-tenth to two-tenths of a mile every mile from there on if I needed it. Around mile ten, we entered the parking lots at the Devaney Center for a loop before heading into the final couple of mile stretch. As we cruised around the north side of the lot, I spotted both of my cheering sections again. I don't think I would have made it Sunday without them. Once we passed the 11-mile mark, the excitement started to creep in. Was I really going to finish this? Then I came across a young female lying face-first in the grass as paramedics attended to her, which put a little doubt in my head. The mile 12 marker was right ahead and I just continued to tell myself I was almost there. We hit the bridge that connects Haymarket Park and Pinnacle Bank and my adrenaline kicked in. I remembered telling Alex to kick and give it everything he had when he ran, so at that point, I took off like a blast out of a cannon. I think in the final 150 yards, I passed about 20 people. During the race, I saw a sign stating, "pain is temporary; online race results are forever." So every spot counts right? I sped past as many people as possible, throwing my hands in the air as I crossed the finish line in front of a large crowd in the Haymarket.

Instantly I found Nikki and Alex and collapsed on the railing separating the racers from the spectators. Seconds later, the rest of my fan club showed up and boy, was it good to see all their faces. A few tears ran down our faces (mostly mine) as we hugged and they tried to make me feel proud of myself by telling me how good I had done.

I finished in 2:32.06 seconds. I was shooting for 2:15.00, but I was mostly happy to finish; I like to think the warm weather slowed me down a bit. Before Sunday, I had never run farther than seven miles, not in high school, not in my 20s, never.

To some, it may sound odd or even no big deal to complete in a 13.1-mile race. To me it meant that whatever you put your mind to, you could accomplish. I decided in April to run this race; I fought through injuries, but I never gave up. Sunday wasn't easy, Sunday was worth it.

On another note, Falls City Sacred Heart's Doug Goltz was inducted into the Peru St. Hall of Fame on Saturday. Coach graduated from Peru St. in 1986 and has been accumulating wins at Sacred Heart ever since. Coach Goltz has won 11 state basketball championships, eight football titles, and seven boys' and four girls' track and field championships. This past summer, Coach Goltz was named the boy's basketball National Coach of the Year by the National High School Athletic Coaches Association. Goltz is 718-188 in basketball for his career and 339-63 on the football field. One more honor for the Hall-of-Famer; congrats, Coach.

best out there, but give the hospital a little more access to provide an entrance into this new development."

With the process EDGE and the Community Redevelopment Authority (CRA) hired Snyder and Associates to develop a Master Plan.

Snyder and Associates developed the plans shown above and the engineering group is determining what it will cost to: Complete the dirt work, Install utilities, Install street lighting, Construct Interior Roads and Complete any other development-related work.

Snyder and Associates will also help determine the price per acre. This price will be used as a recommendation, though Falls City EDGE has ultimate flexibility on pricing and may reduce the cost as a business incentive.

Thirty-third street will connect the entrance to the development.

Froeschl said there are \$151,000 in LB840 funds available that he has applied for that

would help pay utilities and other things that would help attract some of the businesses he hopes to get the attention of.

Such a development would add funds, quality of life and amenities to the city and county he said.

"Just trying to develop something out there," said Froeschl.

"None of this happens overnight." He went on to say that he's been in discussion with a prospect who may not be able to entertain anything until 2025.

"Do we race to put something in there just to have something there, or do we try to look for the right partnership," said Froeschl. "I think it's kind of a balance of both."

Investment opportunities for retail, medical, convenience, service, real estate, franchising and hospitality are available to silent and general partners.

Parties interested in starting a business, purchasing land, recruiting a franchise, leasing or building a space are encouraged to contact Lucas Froeschl at Falls City EDGE.

Tigers stumble in final game of the 2022 season

The Falls City Tiger football squad ended the season on a sour note, falling in the season's final contest, 6-41, to the Raymond Central Mustangs. Raymond Central controlled the game from the start, leading 21-0 after the first quarter and 34 to six by the half. The only points of the second half came in the third period as the Mustangs added a touchdown to make the final 6-41.

The game's first drive ended after five plays for the Tigers as an intentional grounding call took the momentum from FC. After a 40-yard punt by Tate Wilcox, Raymond Central methodically drove 70-yards in seven plays, ending with a 34-yard TD run by the Mustangs. The Tigers seemed to have chances to take the ball carrier down on the play, but three missed tackles led to the score. After the PAT kick, the home team led 7-0 with 7:46 on the clock.

The game's second drive netted two yards for the Tigers and Wilcox was called on to punt for the second time. After a 30-yard boot, Raymond Central took over at their 33. On third and 14, the Mustang ballcarrier went 53

yards for the score, putting Raymond Central in front 14-0 with 3:45 to go in the first.

After the second straight three-and-out by the Tiger offense, Raymond Central took over at their 46 with 2:44 to go in the opener. Two plays later, the Mustang QB hit his receiver on a slant route that ended with a 55-yard TD to make it 21-0 with 1:57 on the clock.

Isaac Frederick put Falls City in plus-field position with a great kick return on the next drive. A horse collar call put FC on the Mustang 20 to begin the drive. The first quarter ended with Falls City facing a fourth and one at the Raymond Central 11.

On the first play of the second period, QB Blakely Sells hit Jaxyn Strauss for an 11-yard TD to cut the lead to 21-6.

The Tiger defense came up big on the ensuing drive. Daniel Hollens broke up a pass in the end zone on third and goal at the eight, forcing a Mustang FG attempt. The Mustang kicker drilled the 25-yard attempt and FC trailed 24-6 with 9:11 on the clock before intermission.

The Tiger offense went three-

and-out for the third time and Wilcox was called on to punt for the fourth time in the half. A 21-yard kick gave Raymond Central the ball at the FC 44. Five plays later, the Mustangs scored on a 19-yard pass to make it 31-6 with 7:24 still in the opening half of play.

An excellent kick return by Wyatt Olberding gave FC great field position at the 46, but the Tigers were forced to punt the ball away again three plays later. Raymond Central drove down the field, but the Tiger defense flexed its muscles and forced another FG try. The Mustang kicker booted a 30-yard attempt through the uprights and FC trailed 34-6 with :29 remaining.

Olberding fielded the next kickoff and had another significant return to Mustang 45. On the first play, a Mustang intercepted Sells' pass and the half ended with Falls City trailing by 28 points.

Raymond Central added a score in the third to make the final score 6-41. The Mustangs improved to 4-5 for the year, while the Tigers fell to 1-8.

Raymond Central outrushed Falls City 234-2 and had a 215-43 advantage through the air.

Sells completed 7/18 passes for 36 yards. Frederick caught two passes for 27 yards, Strauss had two grabs for 24 yards and a TD and Olberding caught two for three yards. Frederick rushed three times for three yards to lead FC and returned three kickoffs for 90 yards.

Kaleb Zulkoski had a team-best ten tackles, Stephan Fields added seven and Frederick had six.

Catcher Emilou Schulenberg looks a Freeman runner back to third base earlier this season.

Tiger softball team enjoys success on the field in 2022

The Falls City softball team fought to the very end in the 2022 season, falling to Yutan/Mead in the C-2 District finals on Friday, October 7. FC gave Yutan/Mead their best shot, dropping game one 7-2 and game two 8-0. The Patriots went on to win the Class C State Championship, finishing the season at 35-2.

The Lady Tiger got to the district final by winning the Class C-1 subdistrict in Falls City. In their opener, FC got past the Auburn Bulldogs 10-3; then the Tigers walloped Fort Calhoun 11-3 to punch their ticket to the district final contest against the top-rated Yutan/Mead squad.

Twice throughout the season, Falls City enjoyed three-game winning streaks. In mid-September, the Tigers downed Syracuse, Plattsburgh and Fairbury for their first three-game run and at the end of the month, the Tigers defeated Syracuse, Auburn and Fort Calhoun for their second three-game streak. The Lady Tigers had a three-game losing streak in early September and then fell to Yutan/Mead twice to end the season. Other than that, Falls City never lost more than one game in a row.

The Tigers faced four state-qualifying teams this fall, falling to a pair of Class B teams and two Class C qualifiers. The Tigers lost 0-10 to the Class B topseed Blair on September 3 and fell to the No. 2 seed in Class B Wahoo 0-8 on August 27. Other than Yutan/Mead, FC fell to Polk County, the No. 7 seed in Class C, 9-10 on August 20.

The Tigers finished the season with a 14-12 record, quite the turnaround from a 4-20 mark just two seasons ago.

"I am beyond proud of how far this team has come the last two years," said Coach Trista Hutchings. "This season, making it to districts was a huge accomplishment and one they should be proud of."

The program's success this fall is a telling sign of the work the group of seniors put in the last few seasons on and off the field.

"This group of seniors is a special group," said Hutchings. "They have played together most of their lives and found a way to lead and keep team chemistry throughout the season."

The Tigers will miss the senior class, losing six to graduation this spring. Elyse Poppe, Hannah Collier, Mataya Wilcox, Madi Jones, Kacy Brewer and Martina Garcia-Anton Pey played in their final season for the Tigers.

Jones, Falls City's third baseman/catcher, led the squad in almost every offensive category. Jones batted .556 this fall with 45 hits in 81 at-bats. Jones finished with 24 singles, eight doubles, six triples and seven home runs while leading the team with 39 RBI.

Collier batted .467 this fall with

35 hits in 75 at-bats. Hannah collected 26 singles, four doubles and five three-baggers. Collier scored a team-best 38 times while driving in 19 runs.

Brewer also batted .467 this fall with 35 base knocks. Brewer finished with 21 singles, nine doubles, two triples and three home runs while driving in 32 runs.

Poppe finished 2022 with a .418 batting average with 33 hits, including 24 singles, eight doubles and one home run. Poppe scored 34 times while driving in 16 runs.

Wilcox, the left fielder for FC, batted .266 this fall with 17 hits in 64 at-bats. Wilcox collected 17 hits, 13 singles, three doubles and a triple and drove in 14 runs.

Juniors Emily Vitosh and Jordan Wilcox had great seasons for the Tigers also. Vitosh batted .393 with 22 hits in 56 at-bats, securing 19 singles, two doubles and one home run. Wilcox batted .205 with 15 hits in 73 plate appearances, with 12 singles and three doubles.

Sophomore Emilou Schulenberg batted .407 this fall with 25 hits in 73 at-bats. Schulenberg clubbed 14 singles, seven doubles, three triples and one home run while driving in 27 runs.

Brewer and Poppe handled the pitching duties this fall for the Tigers. Brewer finished 3-8, allowing 80 earned runs over 78.2 innings for a 7.12 ERA. Brewer struck out 48 batters while walking 37. Poppe finished with a 5-2 mark, giving up 24 earned runs in 56 innings of action for a 3.00 ERA. Poppe struck out 24 batters while only issuing four walks.

"Honoring sub-districts was an amazing experience," said Hutchings. "The energy and support from our community for that day was unbelievable and the atmosphere electric for these girls to play at home. It was memories these girls made and will have forever. I can't thank our sponsors enough for their donations."

Even though the season ended with back-to-back losses at Yutan, the Tigers held their heads high as they walked off the field for the final time.

"Our game against Yutan/Mead, I have nothing but praise for our team," said Hutchings. "The girls worked hard, they tried their best, and we put up a fight. This is a season to hang our head high on."

FC will return a young squad next fall and will look to Vitosh, Wilcox, Schulenberg and Clara Feighner for leadership, but there is no doubt the senior class from this season will be missed.

"I wish our seniors the best of luck in the rest of their school year and whatever their future brings them," said Coach Hutchings. "I'm looking forward to building with the foundation we currently have and building with those great kids into next year's program."

Lucas Froeschl, Executive Director of the Falls City Economic Development & Growth Enterprise, presented the organization's quarterly report.

Froeschl reported on current projects such as the 33rd Street completion and North Commercial Corridor projects. Rail SuperSite, EDGE and OPPD are partnered with Olsson to create layout concepts for future long-term industrial rail park concepts. Visual concepts and phased cost estimates are expected to be complete by January 2023. Wilderness Falls 3: Excel Development should soon if they are awarded funds to build duplex housing at Champions Crossing. If awarded, construction is planned for the Spring of 2023.

Product Development and Public Policy: EDGE and City Officials have had productive discussions with OPPD to improve the redundancy and resilience of our regional power infrastructure. Hired a consultant and have begun formal discussions to create a Land Bank, which is designed to improve the availability of workforce housing.

EDGE is in regular contact with AMES officials and awaits their guidance on protocols for marketing the property and list price information.

Investor and Community Relations: Falls City Public Schools was awarded a Communities for Kids grant to expand childcare capacity and improve early childhood development. Froeschl helped coordinate stakeholder meetings. EDGE hosted Manufacturing Day in September for Falls City High and Sacred Heart freshmen at FAST Global Solutions, Vantec, and Southeast Community College. And EDGE is working with the Chamber of Commerce and owners of downtown buildings to identify vacancy availability on Stone Street.

Highway Superintendent Steve Darveau, Jr. updated the Board on the routine maintenance being done on County Roads and Bridges.

A small discussion was held regarding the closure of US 73 and NE 62 (9 miles south of Nemaha). The road is closed due to construction and a detour is in use on gravel roads. Irish fans gather at Farm and City Supply to give the team a send off for the Humphrey St. Francis game on Thursday.

Irish fall to Flyers in opening round of NSAA playoffs

On Thursday afternoon, a pair of storied football programs met on the field in Humphrey, Ne. The 5-3 Flyers hosted the 4-4 Irish, with the winner moving on to the next round of the Class D2 playoff bracket. They have won 13 NSAA state football championships between

the two schools, eight for the Irish and five for the Flyers. This year wasn't meant to be for Coach Doug Goltz and the Irish. The injury bug bit and bit hard this fall. Matthew Nedenriep missed the second half of the season, Evan Keithley has missed the last couple of

contests, Sam Dunn missed the game on Thursday, and Riley Nelson, Gavin Lechtenberg, Vaughn Lenard and Joe Simon have all been banged up. Not the kind of list you want heading into a do-or-die playoff game.

Humphrey St. Francis forced the Irish offense into a three-and-out to open the game. The Flyers' Issac Classen scored on a seven-yard run, capping off an eight-play, 45-yard scoring drive to give HSF a 6-0 lead with 6:41 to play in the first.

After another Irish punt, the Flyers scored on a 32-yard Classen run to make it 14-0 with 3:01 to play in the first. The HSF offense needed just three plays to cover the 40 yards and increase their lead.

The Flyers got a short field on the following possession after recovering a James Froeschl fumble at the Irish 29. This time the drive consumed eight plays to cover the 29 yards as the HSF QB scored on a two-yard run. The PAT conversion pass made it 22-0 with 9:50 still to go in the first half.

It didn't take Sacred Heart long to answer on the ensuing drive. QB James Froeschl connected with Joe Simon, who outraced the defense for a 65-yard score, cutting the lead to 22-6 with 9:38 on the clock before the half.

The Irish struggled all night to get stops on the defensive side of the ball. QB Carson Wessel hit Jaden Kosch on the next drive for a 27-yard TD, pushing the Flyers' lead back to 22 at 28-6.

"We struggled defensively all season long," said Coach Doug Goltz. "Hard to beat good teams like St. Francis when tackling and getting off blocks is an issue. Injuries hurt us too at the end, but we weren't good defensively even when we were healthy."

Humphrey St. Francis tacked on one last score before the half. The Flyers capped off a six-play, 40-yard drive when Wessel connected with Kegan Hackerott for a 17-yard strike.

SH put together a drive before the half, driving to the Flyer ten, but the drive ended with an incomplete pass on fourth down to end the half with HSF leading

the Irish 36-6.

The second half opened with a thud for the Irish when Kosch returned the kickoff 62 yards for a touchdown, pushing the advantage to 44-6 with 11:45 to go in the third.

Things went from bad to worse on the ensuing drive. QB Froeschl threw an interception to Kosch that was returned 25 yards for a touchdown, making it 52-6 with only one minute and nine seconds off the clock in the third period.

The Irish found their way back into the scoring column on the next drive when Froeschl hooked up with Simon for a 53-yard TD strike, making it 52-12 with 7:46 left in the third. The Irish offense struggled to put a sustainable drive together the rest of the way while the Flyers tacked on a pair of scores, making the final 64-12.

The Flyers outgained the Irish 249-35 on the ground, while Sacred Heart had a 219-44 edge through the air. HSF had a slight edge in total yardage for the contest at 293-254.

James Froeschl rushed 11 times for seven yards, Rob Froeschl had eight attempts for 22 yards, Jack Stice carried once for -1 yard and Henry Rottinghaus had two attempts for seven yards.

Froeschl did all the passing, completing 13/20 passes for 219 yards, two TDs and one interception.

Lechtenberg caught four passes for 15 yards, Carson Sells had one grab for 15 yards, Simon hauled in five for 163 yards and two scores and Stice caught three passes for 26 yards.

Defensively, Sells made a team-high 12 tackles, Lenard was in on ten stops and John Cruise made nine tackles.

"We had some fighters on this team who gave it their all, but that wasn't enough to overcome some of our weaknesses," said Goltz. "This was a fun group to coach; I enjoyed going to practice every day."

The Flyers moved on to the second round of the playoffs and will face Hitchcock County on Friday, October 28. The Irish finished the year at 4-5, just the second losing season under Coach Goltz in his 36 years at the helm.

down at the Power Plant.

At 10:00 a.m. Chairman Sickle presented the publication for the sale of a lot in Preston and announced that due to an error in the procedures in the legal notice to sell the lot at the September 27 meeting, the sale was being held.

The motion was made by Karas to accept the bid of \$20,000 from Warren Schuetz for the purchase of the lot in Preston described as A portion of Lot Three (3), Block One (1) Village of Preston, being a tract of rectangular shape, dimensions 11 feet by 13 feet occupying the extreme north-west corner of said Lot 3 and fronting thirteen feet on the alley running east and west between Lots 2 and 3, and eleven feet on alley running north & south between Lots 3 & 30. The above-mentioned tract of land, delivery of which is made by these presents, is all contained within a boundary line as follows: Beginning at the North-West corner of Lot 3, Block One, East 13 feet, then South 11 feet, then West 13 feet, thence North 11 feet to starting point at corner of lot of Section No. 21, Township No. 10, Range No. 17 East of the 6th P.M., Richardson County, Nebraska. The motion carried.

Sheriff Hardesty updated the Board on the routine business within the Law Enforcement Center. Hardesty presented statistics for the Sheriff's Department since January 1, 2022: calls for service—6,042; traffic stops—3,151; Sheriff Dept. arrests—486; bookings into Jail—575; out-of-county inmate holds—27.

He also gave the statistics for the Sheriff's Department since September 2019: calls for service—18,184; traffic stops—8,232; bookings into Jail—1792.

Sheriff Hardesty said there'd been a good amount of thefts in counties such as Brown, Nema-

ha, Johnson, Otoe and Pawnee, but Richardson was more fortunate enough to not endure any of that recently.

Commissioner Caverzagie said he had read about thefts in another county where thieves have been stealing parts from pickups and combines and stealing guns, tools and money.

The inmate population at the Jail, as the Sheriff reported, was 34, with 20 of those housed here, four in Johnson County, three in Nemaha County and seven at the Washington County Jail in Blair, NE.

Sheriff Hardesty also reported that he would be working with FC EDGE to partner with other local agencies to seek grant funding for a digital fingerprinting system which will assist with a faster turn-around time for the fingerprinting of professionals who are required to complete this before employment begins. The approximate cost of the system is \$25,000.

Deputy Stonebarger is working on grant applications available through the Nebraska Department of Transportation, Highway Safety, for extra patrol hours during the upcoming holiday season.

He also requested that the Board advertise for sale two patrol units deemed to be surplus, a 2017 Dodge Charger and a 2015 Dodge Pickup. The Board will consider this request further at the next meeting.

Katelin Gildersleeve and Tanner Lippold of Southeast Nebraska Community Action Partners, Inc. updated the Board on the activity of the Headstart program.

The Board traveled to the Law Enforcement Center to conduct the quarterly jail inspection and found the facility in good order.

A motion was made by Sickle to approve notices to be sent to those ARPA funds grant applicants, the Village of Rulo, Richardson County House of Hope and Falls City Economic Development & Growth Enterprise to notify them that Richardson County has completed the review of the grant applications and that the remaining funds will be used to fund items within the budget of Richardson County. Motion seconded by Caverzagie, ROLL CALL VOTE: Karas-aye, Caverzagie-aye, Sickle-aye. Motion carried.

The meeting was adjourned at 11:55 a.m. The Board will meet again on Tuesday, October 25, 2022, at 9:00 a.m. in the Commissioner's Meeting Room, Courthouse, Falls City. The agenda is kept current at the County Clerk's Office.

CITY PLANS TO FLUSH FIRE HYDRANTS

Falls City Utility personnel will be flushing fire hydrants throughout the city starting in the next few weeks to flow test and remove any sediment built up in the water mains. This is scheduled to start on October 20, 2022.

Customers may experience a temporary brownish-red discoloration of their water during this flushing process. However, Ray Luhning of the Utility Department notes that this water discoloration does not pose any health threat and the water is safe to use.

Persons, who notice flushing in process in their area, are advised not to use water for a short while until the flushing is complete, so as to not pull discolored water into their service piping. For those who do experience discoloration of water, the Water Department reminds them not to wash white clothes during this time since the brownish-red minerals will stain white clothing.

Luhning commented: "The Water Department apologizes for any inconvenience that this flushing process might cause for consumers. The process of flushing the system at the fire hydrants removes as much of the build-up as possible. If we do not flush the system periodically, excessive iron and manganese build up and could lead to long-term problems such as clogging of lines and water fixtures. Your patience is appreciated."

Fall is a good time to sample fields for soybean cyst Nematode (SCN)

By Gary Lesong
With soybean harvest in full swing, you may want to consider getting your fields sampled for soybean cyst nematode (SCN) after harvest, especially if you have never sampled for SCN or it has been a while. Other reasons for sampling include, yields were lower than expected or if you have areas in fields that yielded poorly. These could be hot spots for SCN. It would be good to definitely sample these areas of the field. Sudden Death Syndrome

(SDS), a disease that lives in the soil also has showed up in some fields over the years. There is a very close relationship between SDS and SCN. Many times if you have SDS, you also may have SCN. You may want to sample areas in a field where SDS was present for SCN. We have been emphasizing the importance of sampling your fields for SCN the past several years. Nebraska Extension has conducted several workshops over the years, about the importance of managing for SCN and that soybean cyst nematode is the most important pest of soybean in the world. It can reduce soybean yields 30% without showing any visible symptoms. It can cause significant yield loss if not kept under control. It has been moving west from the Missouri River. This pest has been identified as a common problem in Missouri and Iowa and it is being identified in more fields each year in Nebraska as well. Every county that borders the Missouri River in Nebraska is infected with SCN. Soybean cyst nematodes live in the soil and once they infest your soil, you will have them forever. Most of the soybean growing regions of the United States are infested with SCN.

The University of Nebraska-Lincoln has conducted SCN research in Nemaha County and other locations in southeast Nebraska as well. Nebraska Extension's On-Farm Research Program had a research trial evaluating the seed treatment ILeVO on a farmers field in Missouri in 2016. Nebraska Extension and the Nebraska Soybean Board continue to have a program that will pay for a soil analysis for SCN. If you are interested in sampling some fields, UNL Extension in Nemaha County has instructions on sampling for SCN, a soil probe available for use,

and sample bags in our office. I am also available to sample fields in southeast Nebraska this fall. Feel free to call (402) 274-4755 or stop by our office in the Nemaha County courthouse in Auburn if you are interested in participating in this program.

So if you sample your fields, what should you do if you find SCN? Soybean cyst nematodes can be controlled by best management practices and their impact on soybean production will be reduced significantly. If you do have SCN, plant a resistant variety, rotate to non-host crops, such as corn and wheat, and plant soybean varieties with different sources of resistance. You may want to consider planting these fields last and/or cleaning any tillage or planting equipment before moving on to a different field. Check with your seed dealer to determine the best soybean varieties to meet the requirements of resistance for SCN. If you have any questions about SCN, feel free to contact me at (402) 274-4755 or glesing2@unl.edu.
