## Assassination attempt made on Former President Donald J. Trump

The United State Secret Service released a press release on July 13, 2024 stating, "During former President Trump's campaign rally in Butler, Pennsylvania on the evening of July 13th at approximately 6:15 p.m. (ET), a suspected shooter fired multiple shots toward the stage from an elevated position outside the rally venue. US Secret Service personnel neutralized the shooter, who is now deceased. US Secret Service quickly responded with protective measures and the former president is safe and being evacuated. One spectator was killed, two spectators were critically injured. The incident is currently under investigation and the Secret Service has formally notified the Federal Bureau of Investigation."

Anthony Guglielmi, Chief of Communications.

The suspected shooter was later identified as 20-year-old Pennsylvania resident Thomas Matthew Crooks. The spectator who was killed has been identified as 50-year-old Corey Comperatore, a former firefighter. Comperatore, who was attending the rally with his wife and two daughters, reportedly dove over his family to protect them when gunshots were heard in the crowd.

Pennsylvania Gov. Josh Shapiro said "Corey died a hero."

In his speech Saturday, Biden said, "There is no place in America for this kind of violence, or any violence."

Former President Trump said he was shot by a bullet that pierced the upper part of his right ear. He was recovering at his New Jersey residence over the weekend.

## Class of 1974 honored during Falls City High School reunion

The 2024 Falls City High School Alumni Association held its annual banquet and program on Sunday, June 23, 2024, at Falls City High School. This was a new venue for the reunion, and it was well received by those in attendance. Approximately 175 classmates and guests came to enjoy the occasion. The Alumni Association provided coffee, juice and doughnuts for the morning social time, which started at 9:30 a.m.

The 50-year class of 1974 was honored by the Alumni Association.

The Alumni Committee and several helpers from the 1974 class arrived at the gymnasium Saturday at 8:30 a.m. to decorate the tables and prepare the venue for Sunday's activities. The attractive placemats and napkins used on the tables were designed by the 1974 class. The high school custodians set up the tables and chairs in the gymnasium.

Cindy O'Banion Bangert, representing the class of 1975, was the Master of Ceremonies for the banquet and program.

Doug Laney, a 1974 classmate, gave the meal invocation. Dinner was served at 12:30 p.m. The entree was smoked pork loin. Cheesy potatoes, seasoned green beans, a dinner roll, iced tea, and orange sherbert completed the meal. Matt Cromer of Crome's Smoke BBQ & Catering prepared the dinner. Matt is a 1996 graduate of Falls City High School.

Pressler Bruxellas, pianist and a 2022 Falls City High School

graduate, played dinner music as alumni and guests assembled and dinners were served. Pressler's musical presentation was very well received by those in attendance. He is the son of Paulo and Vanji Bruxellas of Humboldt, Nebraska.

Ten members of the National Honor Society served the dinners and drinks. Don and Terri Hogue, sponsors of the National Honor Society, assisted the students. The Alumni Board wishes to thank them for the proficient and courteous job they did.

Following dinner, Cindy Bangert welcomed everyone to the alumni reunion and thanked those organizations and chairpersons who contributed to the success of the reunion.

Lynn Pratt Motsinger, representing the honored class of 1974, gave the class address. In her address, she paralleled the many ways her classmates, throughout their years of growing up and their school days, differ from today's youth. She also acknowledged how growing up in Falls City influenced their lives. Her address was applauded by all in attendance.

Betty Rowan Merz, class of 1974, introduced her thirty-two classmates and their guests who were in attendance at the banquet.

Roger Lampe, representing the Falls City Public Schools Wall of Fame Steering Committee, gave a brief history of the Wall of Fame. Roger read the 2024 recipient's bio, and then introduced Bob Burton, the 2024 recipient. Roger presented Bob with a certificate acknowledging the honor of his induction to the Wall of Fame. Bob

## Time to nominate the Cobblestone Grand Marshal

Summer would not be complete without the Annual Cobblestone Festival. Cobblestone will run from Thursday, August 22 through Sunday, August 25 this year.

The Falls City Chamber & Main Street is thrilled to announce the return of Sam's Amusements for rides and games on Friday through Sunday. In addition to the carnival, car show, vendors, and other activities, you will find the time-honored parade scheduled for Saturday, the 24th, at 11:00 am. Like past years, it will travel from Pioneer Park, down 20th Street to Harlan, then south to 14th Street.

The theme this year is "We've Got the Spirit!" We hope to see lots of creative floats involving anything sports-related. Any business, organization or individuals are welcome to participate in the parade and in the decorating contest by following the theme.

Pre-registration for the parade is encouraged, but not required. It just helps the organizers plan enough space for the entries. To pre-

## Burton named to FCPS Wall of Fame

The Falls City Public Schools Wall of Fame inducted its 32nd member at the recent Falls City High School All-School reunion. For a change of pace, this year's gathering took place at the high school instead of Prichard Auditorium, which has been the case in the past.

Candidates for the Wall are chosen by a selection committee headed by Directors Roger Lampe (Class of 1976) and Susan Findlay (Class of 1988).

The Wall of Fame, not to be confused with the Sports Hall of Fame, was started thanks to the efforts of the late Bob Ferguson and Rex Jones. Now in its 22nd year, the wall is filling up after inducting its 32nd member, Bob Burton, a 1981 Falls City graduate.

In 1981, wrestling for Coach Larry Munn at 155 pounds, Burton became just the second Tiger

wrestler to earn a state championship. (Doug Trull was the first at 98 pounds in 1978) After graduation, Burton earned a bachelor's degree in finance and a juris doctorate from the Nebraska College of Law, setting him up for a lifetime of success.

Burton had a four-year stint working for the NCAA before taking the Assistant Athletic Director for Sports Administration and Compliance position at Oklahoma State from 1993-1997. At OSU, Burton oversaw the Olympic sports programs, wrestling, track and field and the women's tennis program.

## Governor enlists well-paid consultant to eliminate waste in state government

By Paul Hammel, Retired Senior Reporter for Nebraska Examiner

Every candidate for governor always promises two things – to cut property taxes, and eliminate the “waste” in state spending.

Both of those pledges are awfully easy to make -- and play well on a TV ad -- and much harder to achieve.

Current Gov. Jim Pillen is finding that out this year with his property tax reduction ideas. But he's adopted a different tactic in cutting the fat from state spending by hiring a high-priced consultant to suggest reductions.

He enlisted Epiphany Associates, a Utah-based consultant who reportedly increased efficiency in state government in that western state by 35%.

The price tag to look at streamlining Nebraska's state government is a healthy \$10 million, or \$2.5 million a year over four years.

Pillen, who is a businessman and not a politician, is probably used to hiring consultants to answer thorny questions when he's raising hogs and managing his farms. Heavens knows there's a consultant on every corner willing to render advice for a price.

In the past, governors have tended to use state employees/resources to find things to cut. Ben Nelson had an office that looked at processes and regulations that didn't make sense (he loved the book, “The Death of Common Sense”).

Dave Heineman had stacks of budget books in his office that he dug through to navigate the fiscal downturn he faced when he was governor.

And Pete Ricketts created the “Center for Operational Excellence” that delved into how state agencies operated, and awarded belts of various colors – green, yellow and black belts, like a karate student – for managers who graduated from training and achieved efficiencies.

That Ricketts office, which had up to 30 employees, was credited by the then-governor for finding “hard savings” of \$100 million and reducing 900,000 hours of employee time by the end of 2022.

Much of the time saving involved streamlining and speeding-up the application for state permits, and putting such processes online. Hey, who doesn't hate waiting in line?

Not sure if that office was the cause, but the number of state workers has been on the decline in recent years, from a high of 18,339 state employees as of December 2015 to 17,725 as of December 2022, according to the state personnel almanac.

That's pretty impressive, unless you're stuck in a snowdrift and waiting for a state snowplow, or had an accident and wonder if a state trooper is anywhere nearby. (Both the Department of Transportation and State Patrol has struggled to fill jobs in recent years, in large part due to the nationwide shortage of labor.)

Now comes Epiphany, which recently released a report on its work after the first year of its four-year contract.

The consultants, as reported by the Nebraska Examiner, said that they have identified ways to save \$531 million in general fund spending, and, at the same time, improve services to Nebraskans. If my math is correct, that would reduce spending of state tax dollars by about 10%, thus freeing up some funds for another goal of Pillen – reducing local property taxes, by shifting costs onto state taxes.

The report stated that many state employees were wasting time on work that doesn't directly serve the “customers” of state government. It also said that state cash reserve funds – it called them “buffers” – were way too large, and cutting them could save \$150 million.

Epiphany's work already led the governor to seek to eliminate nearly 1,000 jobs that had gone unfilled during the past 90 days (though the Omaha World-Herald's Martha Stoddard later reported that only about half of those positions were actually being eliminated).

Eliminating jobs that aren't needed is a good thing, but among those on the chopping block were jobs at the Board of Parole – a key agency to save money by keeping recently released inmates on the road to a life without crime – and at the State Racing and Gaming Commission. That agency is losing compliance officers and investigators who are out there to make sure casinos and racetracks are operating within the law and paying their taxes.

Senators and others who have seen the Epiphany Report said that while it's a good thing to review state spending, the recommendations lacked details and specifics. And there's always concern when you cut the “rainy day” funds, because the state is overdue for a shortfall of funds when those rainy day dollars are needed.

There were some good ideas from Epiphany, but some of the suggestions were of the “well-duh” variety – such as the state can save money if they better prepare prison inmates for success when released, so they don't come back to prison.

Look for a major tug of war ahead. While the governor recommends a state budget, it's state senators who ultimately decide how state funds are spent.

Expect a lot of give-and-take before a half billion dollars in state spending is eliminated.

## WHAT'S IN A (MEDICAL SPECIALTY) NAME?

By Jill Kruse, DO

Doctors are taught medical terms and jargon in medical school like a secret code. Many medical terms are rooted in Greek and Latin. Over the course of our training, these words become second nature and we become fluent in this medical “language”, although we are also expected to talk to our patients using simple terminology. However, most specialties in medicine still use the original Greek and Latin roots for their names. Once you know where these names come from, everything makes sense.

Most names start with a Greek or Latin word followed by “ologist” or “ology” from Greek word “Logos” which means “the study of” or “Science of”. Instead of calling themselves a “heart doctor” we call them Cardiologists. Cardiology comes from the Greek word “Kardia” which means “heart.” This trend follows for several other specialties. Lung doctors are Pulmonologists from the Latin “Pulmon” which means “lung”. Obstetrics is from the Latin term “obstetrix” which means “midwife” or literally, “one who stands opposite”. However, Gynecologist comes from the Greek term “gyne” meaning “woman”.

Liver doctors are called Hepatologists using the Greek terms “Hepar” or “Hepato” meaning “of liver”. Hematologists are doctors who study blood and the term comes from the Greek word “haimo” meaning “blood”. Your skin specialists, the Dermatologists, get their name from the Greek word “Dermatos” which means “skin” or “hide”. The Nephrologists, or kidney doctors, have taken the Greek root for kidney, which is “nephros” to get their name. Neurologists study nerves, and the Greek

term “neuro” or “neuron” means “string or nerve”.

A Pathologist looks at tissue samples under a microscope in order to diagnose diseases. Their Greek root “Pathos” comes from the terms for “suffering” or “disease”. This branch of medicine looks for the cause, development, as well as the natural progression of diseases. The term anesthesia was first used in the 1880's, but it also comes from the Greek prefix “an” which means “without” combined with “aisthesis” which means “feeling” or “perception”. That describes their goal for patients during surgery – to go “without feeling” pain during a procedure.

Just when you think you know the rules, there is Endocrinology. Endocrinology studies the endocrine system which are the organs in the body the secrete hormones. “Endo” is the Latinized form of the Greek word “krinein” meaning “secreting internally”. The term Rheumatologist is not quite as literal as some of the others. They specialize in diseases like arthritis and the name originates from the Greek word “Rheuma” meaning “that which flows” or “current/stream”. This comes from a 17th Century idea that arthritis would flow throughout the body affecting many areas.

Hopefully this helps “crack the code” of why different specialties have such different and unique names. You

can impress your friends and family with this newfound knowledge. However your Cardiologist will be just as sweet if you call him/her a “heart doctor”, because as Shakespeare's Juliet asked,

“What is in a name?”

# Language of the Fan this weekend at Heartland Fine Arts Gallery

Join Rayma Volkmer this weekend for the "Language of the Fan," held at the Heartland Fine Arts Gallery in Falls City on Saturday, July 20 at 1:30 p.m.

Volkmer's journey into the world of historical clothing began over 20 years ago with a gift from her mother—a vintage treadle sewing machine. This unique present ignited a passion that has since blossomed into a remarkable career. Today, Volkmer owns a collection of these antique machines and uses them to design and create period-authentic clothing, ensuring a historically accurate experience for all who encounter her work.

Volkmer's dedication to historical accuracy has earned her widespread acclaim. Her Living History Programs, renowned for their authenticity and educational value, have been featured at schools, National Parks, museums, art galleries, state parks, and private events. These programs cover a wide range of activities, including cooking demonstrations, historical fashion shows, sewing demonstrations, reenactments of historical events, and children's games. With an extensive professional background as a living historian, Volkmer has received numerous accolades for her engaging programs. She has undergone comprehensive training in various areas to perfect her role.

Volkmer's enthusiasm for history extends to her family, with her children often participating in her programs. Together, they were featured in two historical documentaries filmed in St. Joseph, MO.

In both documentaries, Volkmer created period-accurate clothing, contributing to the films' authenticity. Her work has been showcased on various media platforms, including Pure Nebraska and KQ2 TV.

Through these appearances, Volkmer emphasizes the importance of living history and its relevance to contemporary life. Her goal is to bring history to life in a vibrant and engaging manner, sparking curiosity and appreciation for historical knowledge.

Volkmer's "Language of the Fan" event is "alot different" than her other programs, says Volkmer. "In this program we talk about etiquette at formal events. The do's and don'ts that were popular during that time. We also dive into the history of the fan, including different, material used in fans, and how a lady 'spoke' to a potential partner, using no spoken words. There are so many different unspoken words, but we only focus on a few of them."

Volkmer said this program is a bit shorter than her other programs because guests get to create their very own fan, using supplies that are offered to them.

"It's more of a creative event," said Volkmer.

She said the most popular program she has is her dressing show.

"It's a blast" said Volkmer. "That's a real fun one." She's hoping to bring it to Falls City later this year.

# Burton named to FCPS Wall of Fame

(Continued from Page 1)

After a brief stint at Texas Tech, Burton accepted a position in 1998 that would bring him home. Bob was hired as the executive associate athletic director at the University of Nebraska, a position he would hold until April 2023. At Nebraska, Burton's tasks included overseeing facilities and maintenance, capital planning and construction, event management, computing services and concessions.

Burton contributed more to the state than just his work within the

athletic department. In 2010, he founded "I've Got a Name," an organization aimed at helping sex trafficking survivors and acting against it through and outreach program designed to help women and girls who are vulnerable and victims. "I've Got a Name" officially became a 501c3 nonprofit in 2012 and helped spread awareness of the sex trafficking that exists in the state. According to the organiza-

tion's website, more than 900 individuals are sold in the state of Nebraska each month, with the average age of the individuals being 13 years old.

Burton is married to his wife, Krista and is the father to four children: Elly, Robert, McClain and Abram.

Photographs and biographies of the Wall-of-Fame members appear on the wall opposite the main entrance at Falls City High School.

## GLORY DAYS

BY BRIAN MCKIM

### "THE UNDEFEATED TIGER FOOTBALL TEAM OF 1946"

Here is the story of the Falls City Tigers' undefeated football team from 1946. In the fall of 1946, the Falls City Tiger football squad finished with a perfect 8-0 record under the tutelage of first-year head coach Jack McIntire and assistant Bob Henderson.

Late this spring, Del Bowers stopped by the Journal to discuss the perfect season that occurred almost 80 years ago. Regardless of what transpired, the '46 team defeated all eight opponents throughout the season.

A crowd of 1,500 watched as Jack Oslin scored twice and shovel-passed the ball to a teammate for a third as FC trounced Pawnee City 27-7 to open the season.

Oslin ripped off several long runs in a 25-0 win over Tarkio but was kept out of the endzone.

On Friday, October 4, FC defeated Lincoln Northeast 12-7 in front of 4,000 spectators in Lincoln. Trailing 0-7, Oslin ripped off a 33-yard carry to set up the Bengal's first score of the game.

In Falls City's 52-0 win over Tecumseh, Oslin carried a punt 78 yards to paydirt to put the Tigers in front for good, 7-0. Jack added a 32-yard TD before the end of the first quarter as FC improved to 3-0 in front of more than 1,300 fans in Falls City.

Before a record crowd of 3,000 spectators, "Classy" Falls City defeated Nebraska City 24-12 to remain undefeated. "In one of the most spectacular performances of the evening," Oslin dodged his way to a 21-yard score, only to have it nullified by a Tiger penalty.

The following week against Auburn, Oslin pushed Falls City to a 27-0 win by scoring on runs of 75, 21 and one. The win also gave the Bengals their 13th Southeastern Nebraska Conference title.

The following Friday night, Oslin had his hand in two scores and helped set up two more as FC moved to 7-0 with a 33-0 win over Fairbury. "In one of the most sensational plays of the evening," Oslin passed far down the field to a closely guarded Jim Waddle for a 37-yard play that got FC to the Jeff five-yard line. In the third, Oslin added a five-yard score to put the Tigers in front 26-0. Oslin shovel-passed to Waddle for a two-yard score to make the final 33-0.

The Tigers finished the perfect season with a 46-14 win over Hiawatha. Oslin sprinted 56 yards through the line and down the east sideline for the game's first score. An Oslin interception in the second quarter set up an 8-yard TD pass from Oslin to Waddle to make it 20-7.

For the season, FC outscored opponents 246 to 40 and finished undefeated for the fourth time in 14 years, joining the teams from 1932, 1934 and 1940.

At the end of the season, Greg McBride named Oslin and teammate Pete Smith to the *Omaha World-Herald's* All-State team.

Oslin finished the year with nine TDs and one extra point. For the year, Oslin scored on runs of 78 yards, ran an INT back for a 75-yard score

and scored from 56 yards out. Jack also led the squad with three passing touchdowns.

Fast forward to January 31, 1947. Falls City High School was informed that Oslin, a transfer from another local school, had already unknowingly exhausted his athletic eligibility and thus was ruled ineligible. The school and Oslin were under the assumption he had one semester left; however, a letter from O.L. Webb, secretary of the State High School Association, called his ability to compete into question.

Ultimately, it was ruled that Oslin was ineligible for the fall football and basketball seasons, thus disallowing the football team's eight wins and the basketball squad's six first-semester wins. The school was also placed on probation for the rest of the year.

Acting Superintendent A.W. Starkebaum, Principal R.W. Sympton and first-year coach McIntire expressed that Oslin and themselves were completely unaware that an error had occurred. Due to Oslin not regularly attending school in the fall of 1942, his former school records were confused, and the school had failed to enter his first-semester grades into the permanent record.

Oslin passed away on January 27, 2024, but according to Bowers, one teammate is still alive. John Meyers, a 170-lb left tackle on the historic team, still calls Falls City home.

Bowers stated he unsuccessfully tried for years to get Jack to return to Falls City for school reunions. On more than one occasion, Oslin told Del that he felt terrible for causing his team to lose its perfect season. According to Oslin, the irony of the situation was that they had such a good team that they would have won every game with or without him.

## CMC Golf Event a rousing success

Despite a one-day weather delay, the CMC Golf "Fore" Good Health charity event went off without a hitch on Saturday, June 29, 2024, at the Falls City Golf Course. Fourteen 4-person teams participated in the 18-hole event.

The Hullman's Ford Team won the Championship Flight. Team members Joe Dunn, Brandon Liberty, Ron Ebel and Gary Hays combined to shoot a 57 for first place. Second place went to Mo Valley Farms, LLC, with a 61. Members of the foursome included Eli Bachman, Morgan Bachman, Greg Bachman and Michelle Milam.

First place in the "A" Flight went to the team of Dr. David and Joyce Borge, Ken Carlson and Mark Hillyard with a 65. The F&M Bank-sponsored team took second place on a tiebreaker with a 67. Members of the squad included Ricky C. Simmons, Rod Roland, Dr. James and Galen Harmon.

"B" Flight, in first place, went to Southeast Nebraska Insurance Agency with a 68. Members of the winning team included Ted Godemann, Kat Esser, Jerel Saltzman and Shawn Kreienhop. Second place in the "B" flight went to the Rieschick Drilling team with a 69. Team members included Dusty Anderson, Thomas Gist, Seth Vonderschmidt and Kaleb Gilkerson.

The annual event was again a great success for the CMC Foundation, netting over \$20,000 thus far. Donations can still be made by contacting Marketing and Event Coordinator Linda Santo at Community Medical Center.

The annual event was so intriguing that one man traveled across Iowa to see the Husker legends in action.

David Dalton, Cedar Rapids, IA, drove nearly six hours after hearing about the event three weeks prior.

"I picked up the phone and called Linda (Santo) and we got to talking and I said, these are all my childhood heroes," said Dalton.

The Ogallala native has spent most of his life in Iowa, but that hasn't dampened his love for everything Husker.

"My love for Husker football came through my aunts and uncles, my grandparents; we used to watch the games; I still remember it," said Dalton. "I've always been a fan; my family has always been fans."

Dalton expressed his disappointment that the golf outing had been rescheduled for Saturday but was happy to attend on Thursday and Friday to support the cause.

"Just to be able to see them was a childhood dream of mine," said Dalton.

With any luck, Dalton plans to return for the event in Falls City next June. "One hundred percent. I'm going to mark this down, and I have Linda's number," said Dalton on returning next year. "I'm also going to bring my wife. She's not a football fan, but she would love to come here and spend a couple of days."

## Howard Frey

Howard Lee Frey, 61, DuBois, Nebraska passed away on July 3, 2024, at Bryan West Hospital in Lincoln, succumbing to a serious head trauma injury that occurred on his farm south of Humboldt. He was born in Sabetha, KS, November 25, 1962, the eldest son to Fred and Alda (Tanking) Frey also of DuBois, NE.

He spent his childhood on a farm near the Kansas/Nebraska line north of Bern, Kansas and southeast of DuBois. When passing his father Fred Frey's farm truck, Howard was always right there by his side, riding shotgun during his youth. Howard graduated from Bern High School in 1981 always remembered for his gifts in all sports. He used his talent and played basketball and football at Highland Community College from 1981-1983. Howard majored in Animal Science at Kansas State University earning his Bachelor's Degree in 1986. Upon graduating, Howard's work experience led him to jobs at Mid America Dairy in Sabetha, Kansas from 1988-1996, CJ Foods, Pawnee City, Nebraska from 1996-2000, and IMAC, Sabetha, Kansas from 2000-2010. Howard took an opportunity to stake his own claim into the family farming business. In 2003, he purchased his home and 105 acres of farm ground, originally belonging to his grandparents Jake and Laura Frey, (and later uncle John and Ann Frey). Howard spent his remaining years on the generational farmland. Howard enjoyed farming and was an extremely hard worker. His dedication was all the more recognized after the sudden death of his father, Fred Frey in November, 2014. In cooperation and teamwork with his new farming partner, brother Roy Frey, they shouldered all the ups and downs of running both farms three miles apart.

Unfortunately, on June 24, 2024, family, friends, neighbors, and community were reminded more than ever of the unexpected dangers involved with any farming operation. God bless all our farmers of this nation; we salute what you do.

Howard was an avid reader, collector of vintage items, and outdoorsman.

He was a devoted uncle who enjoyed spending time with his nieces and nephews.

Howard is survived by his beloved dog, Lucy; his sister, Cindy (Russ) Wilfert of Mesa, AZ; his brother, Roy (Shari) Frey of Sabetha, KS; and his five nieces and nephews, Jacqueline (Josh) Myers of Overland Park, KS; Jacob (Alyssa) Frey of Overland Park, KS; Brock (Haley) Frey of Manhattan, KS; Jenna (Quaid) Vuncannan of Gilbert, AZ; and Cade Wilfert of Goodyear AZ; also, many aunts and uncles, cousins, and treasured dear friends who were "family" to him.

He was preceded in death by his parents, Fred and Alda Frey.

Howard had a quiet spirit but strong belief in his Lord and Savior. Family and friends are invited to a graveside service where his remains will be laid to rest at 5:00 p.m. on Friday, August 9, 2024, at the Four Mile Cemetery along Highway 8, south of Humboldt, Nebraska. Following that, the family will greet friends, relatives, and acquaintances of Howard at the DuBois Community Center from 6:00-8:00 p.m.

Visitation will be held from 9 a.m.-4 p.m. at the Wherry Mortuary, 207 N. Nemaha Street in Humboldt, NE.

Memorial Contributions can be made to the Humboldt Rescue Foundation-Volunteer EMT department in care of Wherry Mortuary, 207 Nemaha St., Humboldt, NE 68376

## Elizabeth "Betty" Wilson

Elizabeth "Betty" Wilson, 77, of Shawnee, Kansas died peacefully at her home on Sunday, July 7, 2024 with her husband by her side. She was born May 21, 1947 in Holdrege, Nebraska to Ardelle and Charlotte (Hansen) James.

In May 1965, at age 18, Betty left home to live with her Aunt Irene Hansen in Emporia, Kansas. It was there she met Tom, who was a student at Kansas State teachers College (now known as Emporia State University.) He was cutting the lawn, and Betty brought him a glass of lemonade.

They were married on June 21, 1969 at Most Pure Heart of Mary Catholic Church, Topeka, Kansas. Betty received her nursing degree from Stormont Vail in Topeka. She practiced nursing at St. Luke's Hospital in Kansas City, Missouri for a number of years before starting her family.

In 1973, she and Tom responded to a classified ad for "Fun Services," a franchise opportunity providing entertainment and fundraising for schools, churches and local civic organizations. They operated their business from their Prairie Village home until moving to a warehouse on Merriam Lane. From there they moved the business to Johnson Drive in 1979.

Betty evolved Fun Services constantly due to customer requests. It was a family business and a local Shawnee staple. Everyone loved the Party Room!

Betty always kept busy ordering merchandise, attending trade shows, packing Santa Secret Shop boxes, opening up temporary Halloween stores, blowing up a billion balloons, and helping countless brides

with wedding invitations. It could be said that having "FUN" was her passion.

Betty was fortunate to be surrounded by so many incredible employees over the years, friendships and memories that lasted a lifetime.

Her son, Zach, bought the carnival side of the business in 2000. She continued operating the party store as Fun Party and Wedding Services until her "retirement" in 2017. However, she continued to work for Zach in his office until her final days.

Betty had a love for Food Network TV and Emeril Lagasse. She had shelves full of cookbooks and enjoyed trying to re-create meals.

Betty was preceded in death by her parents, and brother, Larry. She is survived by her husband of 55 plus years, Tom. Her son Zach Wilson and fiancé, Janie Young. Her daughter Adriane Brandenburg and son-in-law, Aaron Brandenburg, six grandchildren Desirae, Dalton, Daelyn, Dakota, Grace and Joey, and six great grandchildren. As well as brother Richard James, sisters-in-law, Jennifer James and Juanita James.

Mass of Christian burial will be held on Thursday, July 11, 2024 at Saint Joseph Catholic Church in Shawnee, Kansas. Visitation will begin at 10 AM followed by Mass at 11 AM. A luncheon will follow in McDevitt Hall at the Church. Burial will be at Saint Joseph Cemetery in Shawnee during a private family ceremony.

In lieu of flowers, memorial contributions can be made to the Mission Forward Campaign at Saint James Catholic Academy, 24505 Prairie Star Parkway, Lenexa, Kansas.
