E-bikes and scooters remain a hot topic for Council

By Brian McKim

The City Council met on a hot evening on Monday, July 20, 2026. Councilpersons Frank Killingsworth and Ruiz were absent.

City Administrator Gary Jorn updated everyone on new Open Meetings Act guidelines. One new addition is allowing constituents to speak at every meeting; however, the mayor reserves the right to set conditions such as time limits. The public also needs to step to the podium and give their name and address.

The mayor still has the right to determine what appears on the agenda.

Jorn said interviews for a power plant position and a lineman have gone well.

“Looking at possibly offering a couple of positions there to the people that we interviewed,” said Jorn. “We were pleasantly surprised by the quality of applicants that we’ve been getting.”

Jorn also said the city would hold off on rehiring for the account clerk position until after the budgeting process.

“I’d like to get through the budgeting process for this fiscal year just to see kind of where we’re at before we go back to that position,” Jorn said.

The Board heard the second reading of Ordinance 2026-100 to provide for rounding up or down to the nearest nickel any cash transaction conducted with the City due to the discontinuance of the penny.

The second reading of the ordinance

passed 6-0.

The Board also set the levy for the Airport Authority for 2026-2027 at 0.047355, the same as the previous fiscal year.

A request by SENDD (Southeast Nebraska Development District) for membership dues of \$2,125.00 and housing dues of \$1,240.00, for a total of \$3,365.00, was approved 6-0.

A long discussion was held regarding the use of electric scooters and e-bikes on public streets and sidewalks. Three citizens from Falls City addressed the Council, voicing concerns about the misuse of the apparatuses. Many cited concerns about injuries resulting from not obeying traffic signs and lights.

Mary Wissmann told the Board that the issue doesn’t just involve the downtown business district; it also includes side streets where people blow through intersections. Recently, a few municipalities have drafted ordinances regarding the e-bikes and scooters, including Hastings and Valley.

Councilperson Buckminster said on Monday, near his house on Fulton Street, over 15 different people went past his house on either a scooter or e-bike.

“They don’t stop at the stop sign by the daycare, and everybody knows how people drive on Fulton,” said Buckminster.

Ernie Craig also spoke against the use of scooters and e-bikes, citing the danger-

The night Falls City answered Remembering Braniff Flight 250

By Nikki McKim

Editor’s note: This is the first installment of a three-part series commemorating the 60th anniversary of Braniff International Airways Flight 250, which crashed northeast of Falls City on Aug. 6, 1966, killing all 38 passengers and four crew members aboard. The series was compiled from the Falls City Journal’s archival coverage; contemporary newspaper reports from communities along the flight’s route and the victims’ hometowns; the official Civil Aeronautics Board investigation and accident record preserved by the National Transportation Safety Board.. Because some accounts published immediately after the crash contained conflicting names, ages, locations and other details, information has been compared across multiple sources, with later corrected records and official findings used whenever available.

Sixty years ago on Saturday night, August 6, 1966, Anton “Tony” Schawang and his family drove the country road toward home. Horseplay Days was underway in Falls City. The parade, the horse shows and the 4-H events were annual events during the summer. Then the northern sky changed.

A light appeared above the dark, storm-loaded horizon. The Schawangs watched in horror as a jet descended in fire, pass beyond the road and strike the soybean field across from their farm. The jetliner hit the ground approximately 200 yards east of the farm.

The plane came out of a storm cloud

ous way kids and adults are driving them.

“What’s it going to take?” Craig said. “Somebody getting killed around here.”

A motion was made to proceed, allowing the city attorney to draft an ordinance regarding the use of scooters and e-bikes. Once complete, the draft will come before the council for approval.

A special designated liquor license was approved for the Elks Club on August 22, 2026.

The Council also heard the first reading of Ordinance 2026-101, which prohibits alcohol sales from 2:00 a.m. to 6:00 a.m. every day of the week, in accordance with state regulations.

The Board also approved Resolution No. 2026-R114-2026-2027, insurance renewal with LARM (League Association of Risk Management). By approving the resolution, the city receives a 4% discount.

The Board approved Ryan Nolte to the Board of Adjustments and approved a request for match support of \$1,337.00 for Blue Rivers Area Agency on Aging.

The Council voted in favor of requests submitted by Chamber and Main Street Executive Director Amber Holle regarding the Cobblestone Festival.

EDGE Executive Director Lucas Froeschl met with the Council, providing the 2nd Quarter EDGE Report.

Froeschl mentioned the need for EDGE to hire a part-time position to help facilitate some of the programs that EDGE offers.

He also provided an update on Nebraska Rural Generation, stating the company had executed a six-figure contract with an engineering firm to study the area.

“We’re probably six months to a year from maybe knowing, you know, the feasibility of this,” said Froeschl. “No dollars have been asked

of the city, of the utilities, of EDGE. This is all private investment to see if this can work for Falls City.”

Froeschl spoke on the Transmission Line Project, stating, “There’s more categorizing as a trending delay.”

He cited delays in point-to-point agreements, addressed the Southwest Power Pool, and discussed how Falls City can become network-integrated. He said the process had taken “a little longer than usual.”

Froeschl said while it had been hoped to be further along in the process, the last five weeks or so have provided some good progress.

“We had to figure out some variables so we can help make the best decisions for Falls City,” Froeschl said.

Froeschl also advised the Board that he had toured the old Family Fare building with a couple of prospects recently. While no offers are pending, he stated that he hoped to have some positive news to share in the next few months.

The EDGE Director also reported on the closing of the Rural Workforce Housing Project located at 1612 Fulton Street and moved on to the next project at 606 Morehead Court.

EDGE also adopted three pillars to focus on for the next three years. First, business attraction and retention, second, community infrastructure and investment and finally, operational sustainability for the organization.

He also touched on upcoming projects with NDOT, including the replacement of the West 21st bridge in August of 2027, the replacement of the Salem bridge in May of 2028, and Highway 73/Harlan Street, along with East 14th/Highway 159, scheduled for May of 2029. More information is planned for release to the public this fall.

With nothing further on the agenda, the meeting was closed at 6:27.

Board hears report from SENCA Family Development Specialist

By Brian McKim

The Board of Commissioners met with Sheriff Rick Hardesty, EMA Director Brian Kirkendall, and SENCA Development Specialist Sherry Huddleston during their weekly meeting on Wednesday, July 22. Commissioner Karas was absent from the meeting.

The meeting opened with Sheriff Hardesty meeting with the members of the Board. Hardesty informed the Commissioners that the jail currently housed 16 inmates. He also reported that two deputies who have been attending the Law Enforcement Academy in Grand Island will graduate on Aug. 20.

The Sheriff said the jail recently completed its sprinkler test, will have the state fire marshal down for an inspection next week, and will have the annual jail inspection on Sept. 10.

The purchase of a patrol vehicle was also discussed. The Sheriff said that if only one vehicle could be ordered, he would prefer an SUV because the department already has equipment from a previous SUV for installation. Vehicle purchases will be discussed further as the budget process moves along.

Maintenance work at the Law Enforcement Center was also discussed. Hardesty reported that dispatcher Chase Hardesty will also perform maintenance duties at the facility as time allows. He is also scheduled to learn how to install equipment in new patrol vehicles, allowing a deputy to remain on the road rather than working on an installation.

EMA Director Brian Kirkendall briefly met with the Board to discuss the sale of a large-format printer from the Emergency Management Office. According to Kirkendall, the old printer is slow and its software can no longer be updated, but it still works. The Board autho-

rized Kirkendall to advertise the printer on gov.deals for sale.

It was also discussed adding county lettering to the new Emergency Management and Road Department vehicles. Both trucks already have county plates. Kirkendall also explained that he sometimes drags his personal side-by-side vehicle behind a county truck when needed for county use. There have been instances when additional all-terrain vehicles are needed to assist with searches.

Sherry Huddleston met with the Board on behalf of SENCA in Falls City, and representing the House of Hope. Huddleston provided a report covering October 2025 to June 2026, stating that 1087 food pantries were provided to Richardson County families experiencing food insecurity. The report also noted that 4,140 clients were served, including over 2,000 households, with 243 unduplicated households. During the recent fiscal year, 4,322 services were provided, including 897 information and referrals, 743 personal financial counseling (budgeting), 1066 family development/case management, 28 rental assistance, and 32 utility assistance.

As a representative of the House of Hope, Huddleston inquired about funding assistance from the Board that could be used in accordance with the OPIOID settlement agreements. The Commissioners asked the organization to provide a letter specifying how the funds would be used.

Huddleston reported that a new house manager has been hired, one person is currently living in the house, and four additional applications have been submitted.

EDGE Director Lucas Froeschl presented a quarterly report to the Board. Mileage reimbursement at 76 cents per mile and a subdivision for Peggy and Jim Easterwood in S18, T2, R14 were approved. Claims were paid, and the meeting adjourned at 11:37 a.m.

Nebraska Chamber plans ‘Road Show’ visits to Nebraska communities

The Nebraska Chamber of Commerce & Industry is scheduling a series of visits across Nebraska beginning this month and continuing through the fall.

Hosted by local Chambers of Commerce and economic development organizations, the Road Show events are designed as community visits to hear directly from local Chamber members, community leaders and others interested in local and regional business development topics.

NE Chamber President & CEO Joseph Young and Executive Vice President of Legislation & Policy

Hunter Traynor will lead the conversations on topics of interest to the hosting local Chambers. NE

Chamber staff and local officials will also participate.

“When we visit our members across the state, we gain insight on issues that are unique to their community or region,” said Young. “This input is vital to understanding local needs and advancing policies to make Nebraska the best state in the country to do business.”

Young begins his role this week as president and chief executive for the 114-year-old NE Chamber. A lifelong Nebraskan who recently returned to the state from Florida, he said the Road Show visits will be a chance to reconnect with his home state and learn about recent business and community development in cities across Nebraska.

Matt Williams, interim president and board member of the NE Chamber, kicked off the 2026 Road Show in his hometown of Gothenburg on June 16.

The dates and communities that have been scheduled are listed below. Community members are welcome to attend.

Falls City: August 4, 11:00 - 12:30 at the Falls City Area Chamber of Commerce.

Auburn: August 4, 2:00 - 2:30 at the Auburn Chamber of Commerce.

The NE Chamber website, nechamber.com/road-shows, will be continually updated with new locations and dates.

Specific details about times and locations are available through the local host Chambers or by contacting kbartling@nechamber.com.

Emergency blood shortage, donors needed

Donors are needed now to stop alarming drop in Red Cross blood supply.

Summer blood donations far lower than needed as hospitals work to protect patient care.

The American Red Cross is declaring an emergency blood shortage as the blood supply fell nearly 25% in June. Blood donors are urgently needed to give now to help ensure patients receive lifesaving medical care without delay. The shortage is especially serious for types O positive and B negative blood.

A steep decline in blood donations since the end of May has created a growing gap between supply and patient need. Currently, Red Cross distributions to hospitals are nearly 3,500 units higher per week than expected at a time when hospitals often see higher demand for blood products during the height of trauma season. On top of that, busy schedules and the seasonal loss of school blood drives are driving the decline which could put patient care at risk if not reversed.

The most important way to help end the blood shortage is to book an appointment to give blood now by using the Blood Donor App, visiting RedCrossBlood.org or calling 1-800-RED CROSS (1-800-733-2767).

Additional details can be found at RedCrossBlood.org/July.

Blood supply misconceptions.

Every donation is critical to rebuilding the nation’s blood supply, yet many people may not realize the significant impact a single donation can have on patients in need. A recent Red Cross survey revealed a significant gap between public perception and the reality of the nation’s blood supply:

Less than one in five respondents understood that blood cannot be stockpiled because it has a limited shelf life and must be continually replenished through volunteer donors.

Only about half believed it was very likely that they or someone close to them would need blood one day — even though someone in the U.S. receives a blood transfusion every two seconds.

“A readily available blood supply serves as the backbone of modern medicine. Without it, lifesaving treatments and critical access points to care are not possible,” said Dr. Courtney Lawrence, medical director for the Red Cross.

“Emergency departments, operating rooms, and labor and delivery units can’t support patients with the most urgent needs, and cancer patients must wait. We’re asking donors to give now before doctors are forced to make those difficult decisions.”

The American Red Cross shelters, feeds and provides comfort to victims of disasters; supplies about 40% of the nation’s blood; teaches skills that save lives; distributes in-

ternational humanitarian aid; and supports veterans, military members and their families.

The Red Cross is a non-profit organization that depends on volunteers and the generosity of the American public to deliver its mission. For more information, please visit redcross.org or CruzRojaAmericana.org, or follow us on social media.

Leona Marlene McKim

Leona Marlene McKim, 92, of Rulo, NE, passed away July 23, 2026 at Falls City. She was born December 1, 1933 at Wamego, KS to Elias M and Marguerite (Homewood) Bachman. She married Raymond S McKim, Jr October 7, 1950 in Falls City. He passed away November 25, 1970.

Marlene was raised on the family farm south of Rulo. At the age of four she started first grade at District 91 better known as the “Y” school. She was proud of the fact that she recited the poem word for word “The Night Before Christmas” at the school Christmas program even before she started school. Marlene graduated Falls City High School in 1950.

One of thirteen children she helped her two older sisters hand milk the cows before and after school each day. She was strong willed even as a child and found herself at the top of a tree where she could get away from her mother when she was in trouble and her mom would remind her she had to come down sometime. Mom had many stories she

shared of her younger years.

Marlene worked at various businesses over the years including Fleskoski’s Food Basket, The Falls City Creamery, as a bookkeeper at Sur Gro Fertilizer, Falls City Pet Foods, Fortescue Elevator, and Novak Realty.

She was a member of Riverside Fellowship church in Rulo and through the years had taught Sunday school and church youth groups. She was a Blue Bird – Campfire girl’s leader, served on the school PTA committees, was a softball coach for teenage girls, and was active in the American Legion and VFW auxiliaries, American Heart Association, Red Cross Blood Mobile and the Census. For several years she was the crew foreman for the girls detasseling corn crews bussed over into Missouri. Marlene was a lifetime member of the Falls City BPO DOES organization serving for seventy years in various offices locally as well as the Nebraska District and the Iowa Minnesota Nebraska East District. But of all her “jobs” her most important and dear to her heart was being mom and grandmother.

She is survived by her children Linda (Mark) Jilek of rural Rulo, Cathy O’Grady, Jerry (Nancy) McKim, and Karey Weaver all of Falls City and Nancy (John) Fischer of Hiawatha, twenty-four grandchildren, fifty-one great grandchildren and one great-great grandchild, siblings Louise Pfankuche, Kansas City, Mo, Marjorie Surman, Rulo, Ruth Lieneman, Robinson, Ben (Sandy) Bachman, Falls City, Wauneta (Jim) Catlett, Kansas City, MO, Bob Bachman, Rulo, Gary (Cindy) Bachman, Falls City and Rita (Steve) Johansen, Rulo, numerous nieces and nephews survive her.

She was preceded in death by sisters Bernice Adams and Alice Crouch, brother Ronald Bachman, grandson, Aaron O’Grady, sons-in-law, Neal Frost and John O’Grady, grandson Kevin Driggers.

Her funeral services will be held on Monday, August 3, 2026 at 2:00 PM at Dorr and Clark Funeral Home with Pastor David Showalter and Wauneta Catlett officiating. Interment will be in Rulo Cemetery.

The family will receive friends, Sunday, August 2, 2026 from 6-7:00 PM at Dorr and Clark Funeral Home. Viewing will begin in the afternoon of August 1, 2026 at Dorr and Clark Funeral Home.

The family requests memorials be made to Family Choice in lieu of flowers.

Thank You

I wish to thank everyone who helped in any way to make my 98th birthday so special, the birthday party, cake, cards and gifts, visitors, neighbors, and computer friends. Many people near and far. I enjoyed getting the mail and etc., so much. My children, extended family and everyone made my day so special.

Thank you again,

County officers swearing in Jan. 4, 1979. Last week's photo: "This photo was most likely taken about Oct. 1917. It shows a Missouri Pacific engine in front of Falls City's MoPac division shops. In Oct. 1917 the men of these shops were able to buy \$3300 in WWI Liberty Bonds. The MoPac partnered with the government to sell Liberty Bonds. These bonds provided about 2/3 of the funds needed for the war effort. Buying bonds was seen as a direct measure of a person's patriotism, so there was considerable pressure to buy as many as possible. Thank you, Bill Rowan!

The Cob's Weekly Archive Dive No. 6

Welcome to installment No. 6 of 'The Cob's Archive Dive', where each week, I'll share *Associated Press* headlines and excerpts from past articles printed in the *Falls City Journal*. Whether you are 20 years old or 80, hopefully you'll find a piece of Husker football history that takes you back to the sights and sounds of game day years ago.

On this day in Cornhusker Football History:

September 22, 1970 – Headline: 'Devaney Says Huskers Are as Good as USC'

Nebraska football coach Bob Devaney said at Monday's downtown football luncheon that Southern California deserved the national football rating it held last Saturday night. "Southern California is as good of football team as we thought they were, and as good of football team as the sports writers around the nation and the poll people rated them." After receiving a standing ovation from the businessman crowd Devaney cracked, "You'd think we won the damn thing." Devaney said statistics reveal how equally matched Nebraska and Southern California were. Total offensive yardage went to the Trojans by just one yard, 366 to 365. Devaney praised both his team's offensive and defensive performances but said Nebraska's punting game "was horrible." Something is about to be done about the punting, he promised.

(The close ones always come back to special teams.)

September 22, 1980 – Headline: 'Redwine Leads Husker Rout'

Nebraska I-Back Jarvis Redwine says the Cornhuskers did nothing special in their 57-0 rout of Iowa on Saturday. "We just ran at them, no special plays," said Redwine who ran for 153 yards in only 12 carries and scored a touchdown. "Just running at people is our game." Redwine scored his touchdown on a 69-yard burst up the middle on the third play of the game and his first carry. Roger Craig also had a good day, gaining 78 yards on 12 carries. He saw extensive action as Redwine's backup. For Iowa, the loss was the Hawkeyes worst since 1950. "We played extremely poor, we coached extremely poor, we prepared extremely poor," said Iowa head coach Hayden Fry.

(Husker fans need to remember their dominance over Iowa before joining the Big Ten, it's part of the reason Iowa gloats about their wins over Nebraska today. But the Hawkeyes shouldn't get too comfortable.)

September 5, 1990 – Headline: Osborne's Analysis

Osborne told reporters at his weekly news conference Tuesday that Baylor made good use of the play clock. The end result was ball control – Baylor had a possession advantage of 33:03 to 26:57 over Nebraska. "From a defensive standpoint we obviously had a great game," Osborne said of his first season opening shutout. It was Nebraska's first opening-game shutout since a Bob Devaney coached team blanked South Dakota 56-0 in 1964. "The thing that was disconcerting was we let Baylor run on us some," Osborne said. Baylor had 198 yards rushing before you look at all the losses (62 yards). The Cornhuskers opened the season ranked seventh and blanked Baylor but slipped to 10 in this week's Associated Press poll. "People must have not liked what they saw of us. Apparently, they didn't think Baylor was much good," Osborne said.

(Had anyone known how the 1990 season would end they could have used this game as a gauge for how good the 1990 team was. 1990 would prove to be a turning point for Osborne and the Huskers as he would make big changes after the season.)

September 7, 2000 – Headline: Tackling the Issue Head On

No. 1-ranked Nebraska travels to Nos. 23 and 25-ranked Notre Dame for a 1:30 p.m. Saturday game that will be carried nationally on NBC. NU middle linebacker Carlos Polk said he will do everything in his power to prevent a repeat of Nebraska's defensive show in the first quarter of its season opening game. "We didn't play the Blackshirt defense. I know Notre Dame is looking forward to us playing that type of defense. They won't see that." San Jose State rolled up 346 yards of offense, including 147 yards rushing against the Huskers. The defense couldn't have played worse than it did.

The Husker-Irish have a lot of history, but this is the first regular season game between them since 1948. "There's a big aura of tradition there (South Bend), but we're going to bring out own aura of tradition," wingback Bobby Newcombe said. Nebraska-Notre Dame was a rivalry from its first game in 1915, and the Huskers are the only team to beat the Irish from 1922-24, when the famed "Four Horseman" led Notre Dame to a 27-2-1 record. Now stop and imagine Eric Crouch in Notre Dame blue and gold and Arnez Battle in Nebraska scarlet and cream. It's not a stretch. The Irish recruited Couch, and Nebraska tried to lure Battle. While similar, the pair of aces found comfort in opposite decisions and now must stay focused on the task ahead of them.

(Before this game Notre Dame led the all-time series 7-6-1. Nebraska's biggest win, 40-6 in the 1972 Orange Bowl. Notre Dame's biggest win, 44-13 in 1948.)

Senator Bob Hallstrom Newsletter

As we move from the summer months into autumn, people around our state begin to prepare for county fairs, students going back to school, the eventual harvest, and the return of Nebraska volleyball and football.

At the Nebraska Legislature, autumn is when we start holding interim studies. The interim study process allows senators and committees to research and examine complex policy issues in depth during the months between regular legislative sessions. These studies do not result in new laws on their own but gather information, allow for public input, and often lead to legislation in future sessions.

I introduced several interim studies that will be considered this year:

LR453, referred to the Revenue Committee, will examine how the changes from LB126 (passed in 2024) have affected homeowners eligible for property tax relief through homestead exemptions, including any unintended consequences, effectiveness, or areas needing further adjustment.

LR454, also referred to the Revenue Committee, will examine alternative funding sources for addressing the shortage of affordable and workforce housing in Nebraska. Historically, affordable and workforce housing programs in Nebraska have been funded by the General Fund and proceeds from the documentary stamp tax. As money from the General Fund has become unavailable, additional funding sources need to be identified. This study will examine how housing is funded in other states and explore new funding sources for housing in Nebraska.

LR457, referred to the Banking, Commerce and Insurance Committee, will identify the barriers to multiple employer insurance plans. Multiple employer insurance plans allow employers to pool their risks and jointly purchase health insurance for employees. This model supports smaller employers by reducing administrative costs, allowing access to better insurance rates, and offering large group benefits to small employers and their employees.

I am also co-sponsoring LR428, introduced by Senator Dan Lonowski. The resolution, also referred to the Banking, Commerce and Insurance Committee, will determine the effects of legislation which would adopt the Vision Benefit Plan Act. Such legislation would establish standards for how insurers and vision benefit managers interact with eye care providers and enrollees. The interim study will review the potential impacts of this new framework on insurance practices, providers, patients, and the overall vision care market in Nebraska.

I will continue to travel the District over the summer and would welcome the opportunity to meet people from your community, either for an event or for a town hall meeting. I welcome your input on issues of interest and importance to you. I encourage you to follow along on my Facebook page designated as Senator Bob Hallstrom, for updates on legislation and District 1 activities. Please feel free to contact me directly at Senator Bob Hallstrom, District 1 State Capitol, PO Box 94604, Lincoln, NE 68509; Telephone (402)471-2733. Please take note that as of July 23, my legislative email changes to bob.hallstrom@leg.ne.gov.

GOLF DRIVING RANGE

JULY 26, 1952 - ADOPTED by RODGER & DIANN MERZ

Beginning at the top, a word to each of these "golfers":

- 1--Now, now don't commit suicide. It's only a game. Laugh ha! ha!"
- 2--Going to waggle all night?
- 3--And what are you trying to do, kill a snake?
- 4--Oh, marry the girl.
- 5--Pretty good form. ("Pretty good!" interjects artist Falter. "That happens to be a carefully executed likeness of a fellow named Bobby Jones!")

Correction: Pretty! Good form! 6--Last ball. Don't use it, Mister. Go home thinking what a sweet shot it would have been. 7--So you belt 'em 200 yards, you exhibitionist? 8--Mom, if you hit your shoe, it won't feel nice. 9--Ever try both feet off the ground? 10--Ah, a true golfer! Greater love for sport hath no man than to make such a goon of himself. johnphillipfaltermuseum.com
